FOR EVERY HOME.

Fine Roses

"On Own Roots"

Our Specialty

The **C. A. Reeser
Company,**

URBANA, OHIO.

The Beautiful New Red Everblooming Rose, Helen Gould.

FOR NEW CREATIONS in Roses and other Plants of high order and great merit, our prices are made Wonderfully Low in order to encourage all to give them a trial. They will bring pleasure and profit to all who plant them.

NEW EVER-BLOOMING HYBRID TEA ROSE CREATION.

HELEN GOULD BALDUIN "Red Kaiserin."

This fine, new **Hardy Ever-Blooming Rose** we show on the outside cover page. The color is unique, a very soft, intense carmine crimson, with deeper shades in the depths of the petals, in color very like "American Beauty." The profusion of bloom is truly marvelous, every shoot producing a flower. It is a grand acquisition to our red Roses, and is equally valuable for Winter forcing or for Summer blooming in the open ground. Mr. John Cook of Baltimore, Md., the raiser of Souv. de Wootton, Mrs. Robert Garrett, and other fine Roses, wrote as follows: "I would like to draw your attention to the new red Rose, 'Balduin' (or Red Kaiserin), the best clean carmine or red Rose yet introduced. I have grown it now for four years, and can guarantee it as the best outdoor Rose in its color." We have a fine stock of this grand new Rose and offer it very low, and at a price that is within the reach of all, considering its great merit and its being a novelty of 1900. We have every confidence that this grand new Rose will attain widespread popularity for outdoor bedding or as a grand pot variety on account of free habit, hardiness, superb color and fine double flowers. **Price, for strong one year old plants, 15 cents each; two for 25 cents; twelve for \$1.00 net. Large two year old plants, 50 cents each; 3 for \$1.00 net.**

TO OUR PATRONS AND FRIENDS: We desire to thank you for your kind patronage in the past and earnestly solicit your esteemed favors in the future. Our catalogue is small and unpretentious, and does not appear so attractive as those with alluring illustrations or highly colored lithographs and elaborate descriptions, so often overdrawn and imaginary. We ask as a special favor that you give this book a careful reading, comparing our low prices with others.

"HIGHEST QUALITY" Our Aim, and first consideration. **"PRICES THE LOWEST"** for Good Seeds and Plants as they can be sold.

OUR DETERMINATION is to grow and distribute nothing but the **VERY BEST** and the **VERY BEST VARIETIES**, and only those we can assure our patrons that are of **TESTED MERIT**. We can assure our friends and patrons of the same liberal treatment, prompt and faithful execution of all your valued orders as in the past.

SEEDS THAT GROW. Always reliable. Our stock first class, new and fresh every year and grown by the most reputable growers in the world, and unsurpassed for purity and vitality. **Please notice** our liberal discounts on all seeds in **Packets Only—\$1.50 for \$1.00 cash.** Nearly all our packets are priced at 3 cents each, they are as large and well filled as any other firm's 5 cent packets. From **good seeds** only can good crops be grown. Nothing should induce you to risk planting any others.

WE PAY THE POSTAGE On everything in our Catalogue except where noted. Pecks or bushels must go by express or freight. Why buy questionable, kept-over seeds peddled over the country and sold on commission, when you can have Pure and Reliable Seeds, delivered at your door, by mail, postpaid.

SPECIAL EXPRESS RATE. A 20 percent reduction on **plants, seeds, bulbs and small fruits** is now granted by the express companies on the regular merchandise rate. Express charges are now very moderate, minimum charges being 35 cents on small packages.

READ REMARKS ABOUT ORDERING, CAREFULLY.

It will greatly assist us in getting your order shipped promptly.

Our Prices Are Strictly Cash.—The proper remittance must in all cases accompany the order, and should be enclosed with it to insure prompt dispatch.

Lost Orders.—Letters are sometimes lost, stolen or destroyed in transit, so that they fail to reach us, and are never heard from. Please remember that however safe the U.S. mail service is, that some vexatious losses and delays are liable to occur. In some instances mails are burned up in railroad wrecks, and delayed for days in snow-bound trains or in bad washouts. Therefore business prudence dictates that remittances must be made in the following manner, so that in case of loss duplicates can be had.

Postoffice money orders can now be had at almost all postoffices, and are absolutely safe. If the letter enclosing it is lost, send us the number, date, amount, the office at which it was payable, a list of what you ordered, and we will fill the order at once and apply for a duplicate of the lost money order, which the government will furnish in such cases.

New York or Chicago bank drafts drawn by your local banks and made payable to our order are good, and can be had at all banks. If lost the bank will issue a duplicate.

Express money orders are one of the cheapest and best ways of sending money. Perfectly safe, because if lost, a duplicate can be had by applying to the express company.

Do not send personal checks as it costs 25 cents to collect them by the banks, and we can not accept them unless the cost of collection is added, then some delay is caused in making collection also.

Registered Letters.—When you cannot get money orders, enclose the money—either notes or coin—and have it registered by the postmaster and the money counted in his or her presence.

Cost of Remitting.—On all orders of 50 cents and over the cost of remitting by any of these methods may be selected in seeds or plants in accord with the character of your order. Do

not expect us to send you a single plant for this where your order calls for seeds entirely; it is asking too much of us, for the cost of packing and postage amounts to more than the plants.

When coin is sent in letters it should be pasted up in strong paper or sewed in cloth so as to prevent it breaking through the envelope, which is universally the case when enclosed loose.

Postage stamps in small amounts are taken as cash, but they must be sent so they will not stick together. A good plan is to wrap them in wax paper. Do not handle them with damp or moist hands.

Free by Mail.—At the prices named in this book we send everything offered by mail, postpaid, except where otherwise noted. When we ship by express it is at the purchaser's request and expense.

Remember to always sign your name the same. No matter how often you write us do not forget to give your **Postoffice, County and State.** We always have orders on file with deficient addresses—some forget to sign their names, others their postoffice or state. Some we can trace, but usually we have to wait for complaints.

It is important that you keep an exact duplicate of your order. Check it off carefully before you send it, so there can be no question of mistake made.

We guarantee all orders to arrive safely at any point in the United States, whether sent by mail or express, and to arrive in a good growing condition, but here our responsibility ceases. If anything is injured or spoiled in any way before delivery, write us by return mail and it will cheerfully be replaced without cost. We do not guarantee that our Roses and other plants that we send out will not die from neglect or careless treatment; killed by drought, insect depredations, accidents or frosts after they are planted, and we should not be asked to be responsible when plants die from any of these causes.

HOW

To Get Your Plants

FREE

deliver the bundle. If the plants are to go by mail, and you desire them to be sent direct to the person, we will do so when the order amounts to 50 cents or more.

NOTE OUR VERY LIBERAL DISCOUNTS on \$2.50, \$5.00, \$6.00, \$8.00, and \$10.00 orders. You do not know how easily you can secure an order from among your friends, and thus secure the benefits of these most liberal offers, until you try. Individual orders are allowed same discount as club orders.

REMEMBER that the getter-up of the club is entitled to all discounts. We can not allow each member of the club to select discounts, etc., and then allow the getter-up of the club to select another discount. We will, however, add one plant of our selection for each dollar's worth that any one member of your club may send.

PLEASE NOTICE—Clubbing Rates or Discounts do not apply to **COLLECTIONS or SPECIAL OFFERS** of plants, bulbs, or seeds, but to plants and bulbs at price per single plant, bulb, seeds in packets only, and must be included in your order when you send it. We can not send your order at one time and the discount or premium at another. Be sure and include the discounts or premiums in your order when you send it. Do not include Collections or Special Offers in your Clubbing Rates or Premiums.

We can not fill **PLANT ORDERS** for less than **FIFTY CENTS** by mail, unless **TEN CENTS** is added to pay postage, but for seeds we will accept any amount, however small, without additional postage.

NOTICE TO CLUB RAISERS: We furnish extra order sheets, envelopes, and catalogues to all who need them in aiding in the getting up of their clubs. Oftimes you may have friends residing at a distance from you who would be glad to join your club; did they but know you were engaged in such work. We will mail all such persons our Catalogue if you will send us their address. **EXAMPLE:** If you reside in Texas, and have a friend in any other part of the state or of the United States or Canada, they can join your club and the plants will be sent direct to them. We will be glad to write you explaining any of these offers should they not be plain to you.

Please Remember to Keep Your Seed and Plant Orders Separate: It will greatly facilitate the filling and packing of your orders promptly. **USE OUR ORDER SHEET.** If you need more, write us, and we will gladly mail them to you at once.

OUR WARRANTY: That our seeds are as good as the best in the market, and we stand ready to replace any such seeds that do not prove satisfactory, through defect in the seed, or in quality or purity. However, we can not be responsible for natural causes, such as the elements, or for neglect. Culture printed on all packets.

THE MOST LIBERAL PREMIUMS TO SEED-BUYERS EVER MADE.

The Average Net Price for a Packet of Pure and Reliable Seed is 2 Cents.

Remember, the following Discounts apply to Seeds, and in Packets Only.

TAKEN WITH OUR LIBERAL DISCOUNT OR PREMIUM, marks a majority of seed down to 2 cents a packet. **THINK OF IT!** How can we afford to do this? By importing direct from the growers. OUR LIBERAL DISCOUNT OR PREMIUM on all orders for seeds in packets only. The purchaser may select 50 cents' worth extra for each \$1.00 sent us; thus any one sending \$1.00 can select seeds in packets amounting to \$1.50, and for \$2.00 seeds in packets amounting to \$3.00 and upward. Ounces or pounds, pints or quarts, not entitled to discount or premiums.

CULTURE NOTES FOR THE ROSE.

UNPACKING PLANTS—When received they should be unpacked at once. Do not allow roots to be exposed; it is dangerous for the vitality of the plants. Should they have a withered appearance when received, caused by an unusual delay in transit (which does not often occur), soak them in lukewarm water for an hour or so before planting. This will restore their vitality.

SOIL—Take a very good, rich soil, mellow and fertile, made from old, decomposed sods is best, cleaning out all insect germs and worms.

FERTILIZERS—Fine, well-decomposed stable manure is best for all purposes. If this can not be obtained, ground bone or other commercial fertilizers may be used, taking care to use sparingly, as most of them are very strong. We find Bowker's Ammoniated Food for Flowers the best.

WATERING—If the ground is dry when planted, water thoroughly, so as to soak the earth down to the roots of the plants. After this very little water is required, unless the weather is dry. Plants will not thrive if kept too wet.

PLANTING—Mellow the ground thoroughly and mix a little well-rotted manure in. Make holes in the soil about twelve inches apart; set plants a little deeper than formerly; arrange roots in their natural positions; do not hesitate to place the roots well below the surface of the soil. Cover with fine earth, pressing it down firmly upon them and in around the stems; then water freely. If the sun be strong, or very windy, protect them for a few days with a covering of newspaper or other material that is at hand. Water judiciously every day until plants show signs of becoming established as growing.

GENERAL REMARKS—Our Roses are all grown on their own roots and are plants of strong, hardy constitutions, and are not forced by any natural or artificial means. This is the most important point in successful Rose culture. Our mottoes are prices the **LOWEST** and our stock of the **HIGHEST QUALITY**.

CULTIVATION—The soil around the plants should be kept loose and free from weeds and grass to insure their vigorous growth. During protracted droughts, and if the soil becomes dry, water freely in early morning or evening.

PRUNING—No rule can be regularly applied, plants differ so with respect to constitution and habits of growth. Many are neat and compact, requiring little or no attention; others are vigorous and straggling. Pruning should be regulated to the habits of the different varieties. Usually about one third or one half of last season's growth is cut out. Trim so as to give the plant a well-balanced, shapely appearance, cutting out all dead and diseased wood. This should be done in early Spring before the buds start. Remove the flowers before the petals begin to drop.

INSECTS—For green fly, use tobacco smoke or water, or dust it on in a powdered form. For slugs and worms use Slug Shot.

HOUSE CULTURE—Roses should be grown in three- or four-inch pots, placed in a warm, light situation near a window, where plants can get as much sun as possible. Temperature ranging from 50 degrees at night to 75 degrees during the day should be maintained as nearly as possible. This is not difficult.

WINTER PROTECTION—Do not cover the plants until Winter has fairly set in. This may be done with leaves, straw, or light manures, placing a few boughs or pieces of boards upon the litter to keep it from blowing away. When standing alone Roses may be protected by driving a stake in the ground and tying the bush together, and then bend down within three or four inches of the ground, tying bush securely to the stake; then cover with coarse litter. Remove as soon as the buds start in the Spring.

BOWKER'S AMMONIATED FOOD For Flowers.

New odorless fertilizer makes plants grow and bloom luxuriantly. It drives worms and other troublesome insects from the soil. Only artificial fertilizer which can be used without danger or injury to the plants. Takes the place of liquid manure, and is just the thing wanted for a long time. We have yet to hear a complaint. One package, sufficient for 25 ordinary-sized plants six months, 50 cents. Sent by mail, postpaid, on receipt of price. Get a package and try it. Acts like a charm.

HAMMOND'S SLUG SHOT

Destroys Insects of all Kinds.

A cheap powder, destructive to insects that are injurious to house and garden plants, shrubs, trees, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast, and fowl. Put up in perforated screw-top canisters, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your rosebushes, we recommend you to try this. It does its work quickly and thoroughly. Price 50 cents per canister; sent by mail, postpaid, on receipt of price.

TWELVE LARGE-SIZE TWO-YEAR-OLD ROSES FOR IMMEDIATE EFFECT.

\$3.00 Worth of Large-size Roses for only \$1.25 by Mail (postage paid) or by Express for \$1.00.
Our Selection of Varieties only.

SAMPLE PLANT OF
A TWO-YEAR-OLD ROSE, SHOWING HOW THEY GROW AND BLOOM

In no case can we allow purchasers their selection. We guarantee all of the varieties to be of the "HIGHEST QUALITY" and all labeled.

A splendid inducement to have you try our large two-year-old Roses. They are strong, stocky, robust plants, ready for immediate effect. The increasing demand for large-sized Roses for immediate effect has induced us to grow a larger number of this size than ever before, and as we grow no inferior varieties of Roses we know they will give satisfaction.

OUR SPECIAL OFFER: We will send you 12 fine, large, two-year-old Roses, of our selection only, for outdoor planting or for house culture, by mail, postage paid by us, for \$1.25; or we will send them by express, you paying the express, for \$1.00, and packed for light weight. When ordering by express we leave a portion of the soil on the roots, enabling them to take hold and grow sooner than when sent by mail, with no soil.

NEW ROSES FOR 1902.

GLADYS HARKNESS. (H. T.)

Growth very erect and vigorous, reminding one of *American Beauty*; profuse in bloom, flowers large, formed like a fine H. P.; color, deep salmon pink; has a splendid constitution and is very fragrant. **Price, 25 cents each.**

BESSIE BROWN. (H. T.)

A Rose of transcendent beauty, totally distinct, and one of the largest and fullest that we have ever seen; it is erect and vigorous in growth, flowering profusely in the open ground all through the summer; so far (Dec. 15) it shows fine promise indoors. Color, pure white, sometimes faintly flushed pink; petals enormous and of shell shape; it is marvelous that such large flowers can be so freely produced. Received gold and silver medal from the National Rose Society (England), and numerous certificates and prizes. **Price, 35 cents each.**

LADY CLANMORRIS. (H. T.)

Perfectly distinct; a splendid rose, of very robust growth and free branching habit, flowering continuously and freely throughout the season; blooms very large and of good form, petals large, smooth and of great substance; creamy white with delicate salmon center, edge of the petals margined pink. **Price, 25 cents each.**

LADY MARY CORRY. (Tea.)

Growth vigorous and of erect, branching habit; blooms of good size, freely produced and perfectly formed; color, deep golden yellow. Distinct and fine. **Price, 25 cents each.**

CLIMBING CLOTILDE SOUPERT.

This is a climbing form of that grand variety, Clotilde Soupert. The flowers and foliage are identical with that variety, differing in that the growth is a rampant climber, as free in bloom as its parent. This makes grand plants to grow in the field, and prune or train into bush form for Spring flowering, being much superior to the parent variety. **Price, 25 cents each.**

BALTIMORE.

Raised by Mr. John Cook, of Baltimore, and named by him in honor of his own city, and believed by him to be the very best Rose he has ever sent out, and he has originated some "crack-a-jacks." Color a shade lighter than President Carnot, whose general make-up the flower resembles. A really good thing. **Price, 25 cents each.**

ADMIRAL SCHLEY.

Red Burbank. This is a new bedding Rose of great excellence sent out by Mr. John Cook, of Baltimore, who has originated a number of our finest Roses. It is best described as a Red Burbank. A very free bloomer, and, we believe, has come to stay. **Price, 25 cents each.**

ROSOMANE GRAVEREAUX. (H. T.)

This variety is of the general style of *Prest. Carnot*, with an enormous long bud, producing a very large, very double, open flower, carried on a long, stiff stem; the petals are very large; color, silvery white, with reverse of rosy flesh; very fragrant and very free. Issue of an unnamed seedling. **Price, 25 cents each.**

ROSOMANE GRAVEREAUX.

DR. CAZENEUVE. (H. T.)

Flower large, nicely formed; dark velvety crimson in color, like *Jean Liabaud*; one of the finest of dark Hybrid Teas. **Price, 35 cents each.**

ALLIANCE FRANCO-RUSSIA.

Another of the really good Roses of the year. Very large, double and of beautiful rounded form, a soft, glowing, orange and copper, flushed and shaded with ruddy crimson. **Price, 25 cents each.**

BEATRIX DE BUISSETET. (H. T.)

Bud extraordinarily beautiful; flower very large, quite full, of beautiful form and perfect texture; silvery rose and rosy carmine; very free and fragrant. A seedling from *Testout*. **Price, 25 cents each.**

NEW TEA ROSE, IVORY.

The most beautiful Rose ever produced. A sport from the celebrated *Golden Gate*, a most persistent bloomer, both in Summer and Winter, with a much stronger and better growth; the flowers are exceedingly fragrant. As to color it is without doubt the most exquisitely beautiful and delicate colored Rose it has ever been our pleasure to see. The blooms are beautifully cupped; with each petal like a tinted sea shell, makes a combination that is truly fascinating beyond all description we might be able to give; there is no other rose in the world like it. It will bloom all the time, either planted outside in garden, in the conservatory or in pots in the house; it ought to be hardy in the open ground with slight protection, and a more exquisite variety for cutting we could not recommend. In fact, it will keep twice as long as any other rose after being cut. Buds partly expanded have stood in a vase for 10 days before any of the petals dropped off. A most remarkable and glorious Rose, resembling the old time favorite *Niphetos*. **Price, 35 cents each, or 4 for \$1.00.**

WHITE LADY.

One of the startling new Roses of recent date. It has gigantic flowers with enormous magnolia-like petals; one of the handsomest and most effective of Roses and very distinct. The color white; is delicately flushed with pale pink; blooms are borne in great profusion on stiff stems, with heavy foliage. Longer stems would rank this with *American Beauty*, but we recommend it to every rose lover for trial. In our local trade buyers have been carried away with its beauty and are willing to pay a good price for the blooms. In England, the past year, it took first prize at the Crystal Palace show for twelve blooms of any white rose over *The Bride*, *Bessie Brown*, and others. **Price, 35 cents each.**

New Polyantha Rose Primula.

A seedling from "*Mignonette*"; semi-double; cupped in form; very free bloomer and fine for border, as it is constantly covered with bloom. The color is striking, bright china-rose with a very large snow-white center. **Price, 25 cents each.**

NEW TEA ROSE, IVORY.

ROSE NOVELTIES OF 1901.

All Varieties of Accepted and Tried Value. Prices Remarkably Low.

Duc Engelberg d'Arenburg—Hybrid Tea.

This is a strong, vigorous grower, with beautiful foliage freely produced. Gives a long bud on a fine, stiff stem. The flower is large and full, elegantly imbricated; color is white, with a rosy center; extremely free flowering and very fragrant. It will surely make a grand variety for pot culture. Price, 20 cents each; large two year old plants, 50 cents.

Johannes Wesselhoff—Hybrid Tea.

Is of strong, branching habit. The buds are long, forming large flowers on extra long, stiff stems. The color is a soft, clear yellow; extremely free flowering, and has all of the indications of making a fine forcing rose. A seedling of Kaiserine Augusta Victoria, its rapid, free growth and profusion of bloom can not help but make an extra fine garden rose. Price, 15 cents each; large two year old plants, 40 cents each.

Sunrise—Tea.

This is bound to be the most sensational rose of recent years. It has very dark bronzy foliage, probably the deepest and darkest among any of our roses; is of itself beautiful indeed. It produces magnificent blooms in midwinter in England, and when a rose will produce fine flowers in that foggy island in winter, its prestige is established. The buds and flowers are exceptionally large and full, and very high colored, deep orange and coppery red on the outer petals; the full bloom is a deep orange yellow when expanded. One of the best new roses ever sent out, and surpassing our charming old friend, Sunset, as much as the sun does the moon. Price, 20 cents each; large two year old plants, 50 cents each.

Md. Jacques Charreton—Tea.

A beautiful new rose. The outer petals are milk-white, with center shadings of coppery salmon. A distinct and curious color; very free flowering. Large sized, full and beautifully formed flowers; an elegant grower. Received two first-class certificates and a medal at the exhibitions in France. Price, 15 cents each; large two year old plants, 40 cents each.

Marquis Litta—Hybrid Tea.

Known as No. 19, or 1900.

This is a blue-blooded, pedigreed, thoroughbred rose, and is the result of a cross between Kaiserine Augusta Victoria and Md. Caroline Testout. This crossing of blue blood insures hardiness, vigorous growth, freedom of bloom and glorious flowers. Without exception it is one of the best roses we have ever had the pleasure of offering our patrons. It is the strongest growing and freest blooming rose we have ever seen. One of its strongest points is its wonderful root action, which is quick and ready to take hold and grow to perfection in almost any soil and situation, throwing up strong shoots, upon which the most superb flowers are borne in the greatest profusion that we have ever seen. It is literally true in the case of this wonderful rose that it "grows like a weed." It is a dwarf, yet strong, compact grower, especially adapted to pot and garden culture. It is already an established fact that it is one of the best forcing varieties ever introduced. The limited supply that now reaches the Chicago market is sold over the celebrated **American Beauty**, which it resembles somewhat in its large size, color and fragrance. In its healthy, vigorous growth it surpasses this grand "Queen of Roses," as it is entirely free from disease of all kinds, and will prove nearly as hardy, if not quite, when grown in the garden, and will bloom profusely at all times. As a rose for winter blooming indoors, in pots or boxes, we believe it is far superior to any variety now known. It will grow to perfection in any ordinary living room, and will flower profusely during the entire fall and winter months. The flowers are very large, full and perfectly double to the center; the buds are beautifully formed, long and nicely pointed. The color is a lovely, warm, rosy crimson. The price is right. **Winner of the Silver Cup at Chicago.** Price for strong young plants, 20 cents each; large plants from 4-inch pots, 60 cents each.

NEW CRIMSON HYBRID TEA ROSE,
"MARQUIS LITTA,"
KNOWN AS NO. 19 OR 1900.

Lucie Faure—Tea.

This pretty new rose is a seedling of Niphetos, which is an excellent recommendation. The flower is large and full, of good substance and ivory white. The buds are long and held on very good stems; large outer petals, diminishing in size to the center. Price, 15 cents each; large two year old plants, 50 cents each.

F. L. Segers—Tea.

A fine new seedling; has a fine long bud on a stiff stem; buds are freely produced. The flower is large and full; color, carmine scarlet, with pretty tints of rose and yellow. An odd mingling of colors. A very sweet and pretty new rose. Price, 15 cents each; large two year old plants, 40 cents each.

Madame Husson—Tea.

A dwarf branching grower, producing nice long buds. The open flower is large and full, and varying shades of orange, nankin yellow and creamy white. A very fragrant and charming variety. Price, 20 cents each; large two year old plants, 40 cents each.

Md. Joseph Laperriere—Tea.

A seedling of Jules Finger and Catherine Mermet. A fine china-rose color, with silvery shadings; buds very long, on a strong, firm stem; flowers large and very fragrant. A fine, healthy grower. Price, 15 cents each; large two year old plants, 40 cents each.

Mrs. Mawley—Hybrid Tea.

A beautiful bright carmine, shaded with salmon; very large and full; long, plump buds on very long stems. An excellent rose for cutting, also a fine garden rose. Price, 20 cents each; large two year old plants, 50 cents each.

Queen Olga of Greece—Tea.

A soft rose-pink, center shaded with yellow; edges of petals slightly paler; flowers very large and very bright. A very vigorous and healthy grower, producing the greatest profusion of bloom. Price, 15 cents each; large two year old plants, 40 cents each.

Souvenir de Rose Chenes—Tea.

Beautiful flowers of yellowish white, with aurora and carmine shadings; very large, full flowers. Plant strong growing and free blooming. Price, 25 cents each; large two year old plants, 75 cents each.

Shandon—Hybrid Tea.

This is one of the most promising new roses we have to offer this year. A strong, healthy grower, like our hardy garden roses, extremely large flowers, perfectly double to the center; the fragrance is strong and intense. The color is especially desirable, a bright crimson red, produced with great freedom, and rivals our best Hybrid Perpetual Roses. Price, 20 cents; two year old plants, 60 cents.

Liberty—Hybrid Tea.

It is agreed among professional growers that this is one of the most sensational roses ever introduced. The color is a crimson scarlet, after the style of Meteor, but more brilliant. Its wonderful beauty created a furore from ocean to ocean, and wherever exhibited it has won first honors. The flowers are perfectly formed, being full, deep and double; very fragrant. For cutting, this is perhaps the greatest rose of the color. We think it will do as well in open ground as in the greenhouse. It has the distinction of being the most costly rose now known, the price given for the original plants having been stated at \$7,500. Price, 20 cents each; large plants from four-inch pots, 50 cents each.

Admiral Dewey—Hybrid Tea.

The color is that of the Daybreak Carnation; it is a sport of Md. Caroline Testout, and is one of the largest and most beautiful of our new varieties, unusually fine for forcing; grand for cold-weather cutting. The flower is very fragrant; its size, form and color are all ideal. It is of healthy and vigorous growth. Price, 20 cents each; large two year old plants, 50 cents each.

NEW DAZZLING RED ROSE, Virginia R. Coxe.

Beautiful New Red Rose, Virginia R. Coxe
(or Gruss an Teplitz).

This beautiful new Rose is a remarkably strong grower. The flowers are very large, full, and of that elegant cup-shape that is so fetching with many of our fine Roses. The color is an intensely bright scarlet-crimson, exceedingly free blooming. It is recommended as being far superior to the magnificent but now rarely found William Francis Bennett. Truly a superb rose; every one should try it. You will be delighted with its beautiful, brilliant color. Price 15 cents each; 2 for 25 cents; 5 for 50 cents; 12 for \$1.00; large two-year-old plants, 40 cents each; 3 for \$1.00.

Grand New Pink Rambler, Psyche,

Has all of the characteristics of Crimson Rambler, with the same large clusters of flowers, the same identical strong, clean growth, but it is the first true Pink Rambler and is bound to be, and justly so, as popular as Crimson Rambler, to which it is a beautiful companion. Its individual flowers are larger than its parent variety, ranging from 2 to 3 inches across; not quite so numerous, they are so much larger and so much more beautiful in the clusters. The color is an exquisite rosy pink, base of the petals suffused with yellow; the beauty of this combination is beyond description. We predict a career for this grand new Climbing Rose as notable as that of Crimson Rambler, of which we will venture to say that there is upwards of a half million plants sold in this country alone during the past year which is, as you can imagine, prodigious for the sales of one solitary variety. Price for this grand novelty is 20 cents each, or 3 for 50 cents, for strong one-year-old plants; large two-year-old plants, 50 cents each.

New Dwarf Rose, Snowball.

A new Polyantha Rose, one of the most charming acquisitions. Dwarf, compact habit. Flowers are as white as snow, and are produced in large clusters of from 25 to 50, literally covering the plant. It is an elegant pot plant and is also fine for bedding. Price 25 cents each; only one size.

New Hybrid Tea, Marjorie.

This is a charming variety, robust growth, medium size, exquisite form. Color white, suffused with salmon-pink; flowers full and freely produced throughout the season. An excellent rose both for garden decoration and exhibition purposes. For pot culture and forcing purposes this is most valuable. Price, young plants, 15 cents; 2 for 25 cents; large two-year-old plants, 40 cents.

New Rose, Red Marechal Niel.

A cross between General Jacqueminot and Marechal Niel. Flowers very large, well shaped, full; form of buds and flowers like the Yellow Niel; color carmine red, shading to pink; very sweet; most floriferous on the last year's branches; growth very strong; climbing; leaves very large. Received a gold medal, at the Rose Exposition in 1897, at Frankfort-on-Main. Price 15 cents each; 3 for 40 cents; large plants, 40 cents each.

NEW ROSE, PINK RAMBLER PSYCHE.

White Papa Gontier, Fiammetta Nabonnand

It is conceded by all that Gontier is one of the finest and most profuse bloomers of all red Tea Roses; this new variety is identical with it in every way except color, which in this is a beautiful satin-white delicately tinted light rose, same habit of growth, freedom of bloom, size and shape of flowers. Fine, large-sized flower, elegant shell-like petals, very handsome buds. Price 15 cents each; 2 for 25 cents; large two-year-old plants, 50 cents each.

NEWEST AND RAREST ROSES

Of Recent Introduction, in both European and American Productions.

UNDER THIS HEADING we are offering, after carefully testing what we believe to be the best of the

New Roses introduced in this and the last few years. They represent the brains and skill of the most celebrated Rosarians of both this country and Europe, and are produced by the most scientific hybridization, and are not offsprings of haphazard chance.

'Antoine Rivoire.'

A handsome new Rose of vigorous habit of growth, with large, full camellia-shaped flowers. Color rosy flesh, on a yellow ground, shaded with a border of carmine. Flowers are very large and shaped like the beautiful wax-like Camellia, and have been exhibited five inches in diameter. A remarkable variety of great worth. Price 15 cents each, 2 for 25 cents; two-year-old plants, 40 cents, or 3 for \$1.00.

'Baroness Berge,' a New Tea Rose.

A bewitching Rose, full to the center, and rather short-petaled, but with plump, chubby buds, that are dainty and pretty for wearing. Colors odd and almost indescribable, catching the eye at once: outer petals a tender lemon-white, passing to lilac-rose on reflexed edges, which overlap each other regularly, just enough to glimpse the yellow shade below. The center curls into pretty cup-shape, lighted by tints of apricot and soft rose-pink. Price 10 cents each; large two-year-old plants, 35 cents each.

'Francois Dubreuil.'

New red Tea Rose of unusual merit; fine, large double flowers; equal in color to the best deep-colored Hybrid Perpetuals. Flowers large, very full and double, with thick, regularly arranged petals. Color deep crimson, with velvety shadings, rich and fine; buds of large size, and of beautiful shape for cutting. A grand bedder, of a strong, free growth, and a profuse bloomer. Price 15 cents, 2 for 25 cents; large two-year-old plants, 35 cents.

'Souv. de President Carnot,'

New French Hybrid Tea Rose.

Nothing we have seen is so fascinatingly attractive, or that will compare with the beautiful flowers, which are very large, perfectly double, exquisitely shaped, with heavy, thick, shell-like petals. Superb buds; long and pointed and borne on long, stiff stems, and are produced in remarkable profusion. The color is new and refined, a very delicate shade of rosy blush, shaded a trifle deeper at the center of flower. The fragrance is deliciously refreshing and charming. The plant grows strong and sturdy, and has no weak spot in its constitution. The foliage is unusually large and handsome. In every way it is one of the handsomest Roses, and perfect in its graceful form and finish. Price 10 cents each; large two-year-old plants, 35 cents.

'La Niede,' a New Bengal or Daily Rose.

We have only a few Roses of this class, and this lovely variety is a welcome addition. The flowers are pure white, medium in size, very double, and so freely produced that a bed of it will be in bloom the entire summer. The form of the full flower is quite distinct; the center petals are formed like an Anemone, while the outer ones are reflexed. We know that this variety will be very popular when once planted. Price 10 cents each; large two-year-old plants, 30 cents.

New Tea Rose 'Jewel.'

A Rose of many colors, the most remarkable Rose in cultivation, extremely novel and beautiful. Jewel produces flowers that range in color from dark orange-yellow to crimson, variegated, blotched, mottled, etc.

A plant in bloom shows no two flowers alike. Some will be dark yellow, others light yellow, buff, light and dark crimson, pink, blush, etc., while others will be beautifully variegated. As may well be imagined, the sight which such a plant in bloom presents is a novel and beautiful one. It is a true Tea Rose, the flowers being large and delightfully fragrant, and in both bud and bloom exquisitely beautiful. It is a free grower and profuse bloomer, especially in the open ground. As a Rose novelty, this is the most remarkable ever introduced, and, as may well be imagined, creates a sensation wherever seen. Price 15 cents, 2 for 25 cents; large two-year-old plants, 35 cents each.

Hardy Everblooming Rose

'Clara Watson.'

(HYBRID TEA).

A beautiful Rose of large size, very fragrant and fine form; color salmon-pink, blended with blush-pink at the outer edge of petals, shading to yellow at center, making it a very artistic and distinct flower. It must become a general favorite, both in the South and North. A strong grower and profuse bloomer, a grand summer-bedding Rose. Price 15 cents; large two-year-old plants, 40 cents.

NEW HYBRID TEA ROSE, ANTOINE RIVOIRE.

NEW TEA ROSE, WHITE BOUGERE.

New Tea Rose 'White Bougere.'

A lovely new Tea Rose. A sport from that famous old variety, Bougere. For open ground planting it has no superior. The flowers are unusually large, deep, full, and double; long, stiff stems, and borne throughout the season in great abundance. The color is pure ivory-white, very beautiful, and a particularly good rose for general planting. Price 15 cents each; large two-year-old plants, 40 cents each.

NEW YELLOW SUNSET-COLORED HYBRID TEA ROSE

'Mlle. Germaine Trochon.'

An everblooming, hardy yellow Rose. Among the many new roses imported by us of late years there are none, in our opinion, which are liable to have a wider popularity than this. It is an entirely new color in the hybrid tea class, and it has proven hardy in our climate. The best description we could give of the rose is that given to the Tea Rose "Sunset," which we introduced some years ago, and which created a profound sensation. Technically described, it is orange-yellow, with shades of buff, fawn, and light yellow; the interstices between the petals show depths of coloring approaching what is very frequently seen in our sunset skies, and which originally suggested the name for the "Sunset" Rose. Price 15 cents each; 2 for 25 cents; large two-year-old plants, 50 cents each.

BEAUTIFUL NEW CHAMELEON ROSE

'Emilie Gonin.'

This magnificent new rose is certainly the most beautiful Tulip Rose we have ever sent out. We believe it will be largely planted when our patrons know of its great beauty. The color is a remarkable thing, creamy white, tinted with orange-yellow, on a deep ground. The petals are large, wax-like, each broadly margined with bright carmine-crimson. The border is two or three times as wide as that found on any other of the older varieties of Tulip Roses. The flowers are very large, exquisitely formed, and perfectly double; fragrance delightful. A very profuse bloomer, and a strong, healthy grower; seems impervious to all diseases. Will be prominent as a bedder or as a pot plant. It is unsurpassed for cutting, excites wonderful admiration whenever seen. We want every planter to try this grand new Rose. We have grown a large stock, and have made the price remarkably low. Price for fine young plants, 15 cents each; 2 for 25 cents; 5 for 50 cents; large two-year-old plants, 40 cents each; 3 for \$1.00.

NEW ROSE

'Hallowe'en' (The Striped Meteor)

The flowers have the same fine, large size and the perfect form of the Meteor, while the color is a rich dark crimson, each petal freely and distinctly striped pure white and pink. Like its parent, the flowers are double, exceedingly sweet, and borne in endless profusion, both in Summer and in Winter. It is quite hardy in the open ground. The only distinctively striped everblooming rose in cultivation. A great beauty. It creates a genuine sensation wherever seen. Price 20 cents each; three for 50 cents; large two-year-old plants, 60 cents; 2 for \$1.00.

'Ferdinand Jamain.' Strong, vigorous grower, free bloomer, of Hybrid Tea class; flowers large, full, globular; color rosy carmine, shaded salmon. Price 20 cents; two-year-old plants, 50 cents.

Grand New Chameleon Rose.
EMILIE GONIN.

New Ever Blooming Climbing White Rose. Mrs. Robert Peary, or Climbing Kaiserine Augusta Victoria.

New Ever Blooming Climbing Rose, Mrs. Robert Peary.

Is a sport from one of the most magnificent and celebrated roses grown, i. e., Kaiserine Augusta Victoria. This fact alone is sufficient to guarantee its advent, no matter what the climate may be, and it surely meets a demand that has never been supplied. The flowers are extra large, full, deep and double. They are of excellent substance, and are produced on long, stiff stems, like a forcing rose; in fact, both in bud and flower, this grand new variety is superior in grace and finish to any white cut flower rose. The buds are long and pointed, a remarkable feature not found in any other Climbing Rose; the fragrance is delicious. The most remarkable feature of this variety, however, is that it blooms continuously the first year, a characteristic found in no other white climbing rose. Then it is absolutely hardy and its flowers are truly beautiful. If you want a quick growing, hardy climbing rose—one that will give you flowers this year—this is the only white variety that will do it. It has no weak spot. It grows to perfection outdoors, throwing up numerous shoots, 10 to 15 feet high, in a single season. We regard it as the most important introduction of modern times. Be sure to include this variety with your order. Its beauty and healthy, thrifty growth will astonish you. There is no better value in this book. For a sensational new Rose, of pronounced superiority over all others, the price is wonderfully low. Be sure and try it.

Price for strong plants, 15 cents each; 2 for 25 cents; large two year old plants, 40 cents each; 3 for \$1.00.

New Rose, Sweet Little Queen.

Plants extra strong and vigorous with handsome sea green foliage. The buds are long, and, when open, full and double. The outer petals are large, while those of the center are pointed like those of the Chrysanthemum or Cactus Dahlia, which lends a peculiar aspect to the flower. Very sweet and floriferous. An entirely new form and color among Roses. Excellent for forcing and out-door use. In fact it is one of the sweetest, daintiest Roses in our collection, producing flowers in continuous profusion. Color, a bright Daffodil yellow, center ochre, with blush and orange shadings; very fragrant. **Price, for strong young plants, 15 cents each; large two year old plants, 40 cents each.**

Beautiful New Creamy White Tea Ros Enchantress.

Introduced from England. Flowers are beautiful creamy white, slightly tinted with buff in the center; large, full and globular; the petals slightly recurved at the edges; of vigorous growth, fine foliage and great freedom in blooming; a most distinct and effective Tea Rose, of equal value for exhibition and decorative purposes. A splendid Rose for pot culture and late Autumn and Winter blooming. Plants in full bloom, which were exhibited at the Royal Horticultural Society's meeting, held on November 26th, 1895, received a silver Banksian medal, and an award of merit, and were universally admired by all the visitors present on that occasion. We can not recommend this splendid variety too highly; it is par excellent. **Price, 15 cents each; 2 for 25 cents; large two year old plants, 35 cents each.**

New Crimson Rose, Climbing Meteor.

This new Rose might more properly be called a Perpetual Blooming Climbing General Jacqueminot. Though a sport from the finest of all Hybrid Teas—Meteor—it is much larger and of a deeper, richer color, equaled only by the peerless Jacqueminot, and produces twenty blossoms to Jacqueminot's one. It is a Rose which will make ten to fifteen feet of growth in a season, and show a profusion of bloom every day. Foliage strong, healthy and luxuriant. Buds exquisite; flowers large, beautifully shaped, and of that rich, dark velvety crimson color seen only in the Jacqueminot. Much deeper and richer than Meteor. We do not hesitate to pronounce it the finest Rose in existence for Summer blooming, as it will make a large growth and is loaded with its glorious blossoms all the time. For Winter blooming it has few equals in beauty and probably none in profusion. Just the Rose to train up in a conservatory or bay window, where its exquisite blossoms will show to wonderful advantage. **Price, 10 cents each; three for 25 cents; large two year old plants, 35 cents each.**

New Hardy Hybrid Tea Rose—Princess of Naples.

A cross between Captain Christy and La France. The plants grow very solid and compact, and stronger than those of Captain Christy; have more spines and very dense, healthy, large, dark green foliage. It flowers very freely and easily and keeps on flowering for a long time. The flowers are of good form; solid, but nevertheless very loose, graceful appearance; color, delicate satiny pink. The fragrance is excellent; better, stronger and more agreeable than that of La France. The whole plant is covered with flowers in the main flowering season. The fact that the plant grows so easily makes it especially suitable for early and late forcing and cut flower purposes; also for pot plants and outdoor work. **Price, 20 cents each; three for 50 cents; large two year old plants, 50 cents each.**

Grand New White Rose, L'Innocence.

This great Rose may be called the White Madam Caroline Testout, of which it is an offspring. It is a strong, symmetrical grower, quite free from thorns. Foliage large and tough; flowers large, full, deep and double; globular in form; color, bright snowy white. The flowers are borne with great freedom upon long stems. Indoors or in open ground this is a superb Rose. **Price, 20 cents each; large two year old plants, 60 cents each.**

New Fancy Colored Tea Rose, Souvenir de J. B. Guillot.

A new and thoroughly distinct Rose, especially in its coloring, which is extremely odd and unique, varying from Nasturtium red, shaded with crimson, to a bright coppery red; new and brilliant. **20c.; large two year old plants, 50c.**

New Tea Rose, Mad. Reine Gerard.

Very sweet scented, nicely shaped bud, opening out to a bloom of perfect form when fully developed. Edge of petals bright salmon, shading to a center of bright yellow. The plant is of remarkably vigorous and healthy growth. **Price, 20 cents each; large two year old plants 50 cents each.**

The Sensational Tea Rose from Canada, Lady Dorothy.

This magnificent new Rose is a great improvement on that grand and well known variety, Sunset, and is destined to become even more popular, and will become the greatest favorite wherever known. The coloring is a deep old gold, or a dark and rich golden amber, margin faintly shaded with a dark coppery crimson, resembling the ruddy sunset skies; the flowers and buds are extra large in size, lasting a long time when cut, and are full and elegantly formed and delightfully perfumed; it is a very strong and vigorous grower, of fine habit and a very free everblooming variety. Comes with the highest recommendations both for open ground and house culture; extra fine for forcing. Without doubt one of the finest Roses we have to offer our patrons this year. **Price, 25 cents each; large two year old plants, 75 cents each.**

New California Rose, Santa Rosa, the Improved Hermosa.

Originated with Luther Burbank, whose skill as a hybridizer has earned him the title, "The Wizard of Horticulture." Seedlings of Hermosa are always scarce, as it is very shy in seedling. This grand variety is a cross between Hermosa and a thick petaled seedling of the old and well known Bon Silene. It will prove quite hardy everywhere with slight protection. **Santa Rosa** is a Rose that is wonderfully improved in size, brilliancy of color and perfection of form, and with Hermosa's reckless habit of blooming at all seasons. Every little plant commences to bloom as soon as it starts from a cutting. It grows so rapidly that it makes a fine shapely bush in a short time. The flowers are a rich shell pink, inclining to crimson, very full and double with reflexed petals. The foliage is always free from rust, mildew, or any defect. It is a Rose for everybody to have; will grow any place where it can get a chance for life. **Price, 15 cents each; two for 25 cents; large two year old plants, 40 cents each; three for \$1.00.**

SANTA ROSA, THE IMPROVED HERMOSA.

Our Fascinating Quintet of Five
NEW EVERBLOOMING ROSES

on this Page for 50 Cents net.

NO OTHER PREMIUM ON THIS OFFER.

Beautiful New Tea Rose "Highland Mary."

The most beautiful and novel new Rose ever produced. It has the most delicate color, distinctly bordered petals. A sport from Agripina and a most persistent bloomer, both in Summer and Winter, with a much stronger and better growth; the flowers are exceedingly fragrant. As to color it is without doubt the most exquisitely beautiful and delicately colored Rose that it has ever been our pleasure to see. The blooms are beautifully cupped, with each petal delicately bordered by a lovely band of pink, which, blending with the white and lemon tinge, makes a combination that is truly fascinating beyond all description we might be able to give; there is no other Rose in the world like it. It will bloom all the time, either planted outside in garden, in the conservatory, or in pots in the house. It is hardy in the open ground with slight protection, and a more exquisite variety for cutting we could not recommend. In fact, it will keep twice as long as any other Rose after being cut. Buds partly expanded have stood in a vase for ten days before any of the petals dropped off. A most remarkable and glorious Rose. Price 15 cents, 2 for 25 cents; large two-year-old plants, 40 cents, 3 for \$1.00.

Fascinating New Tea Rose "Princess Venosa."

A strong grower, producing a long bud; flower large, moderately full and beautifully formed; color nankeen-yellow, with shadings of carmine; a most remarkable combination of colors. Price 15 cents each, 2 for 25 cents; large two-year-old plants, 35 cents each, 4 for \$1.00.

New White Everblooming Tea Rose "Priscilla."

A pure white, hardy, everblooming Rose has been at length obtained in this grand variety. It has all the requisites of a perfect garden rose—substance, size, fragrance, hardiness, vigor, and profusion of bloom, rivaling the best of the monthly everblooming Roses in the latter all-important quality. A sport from Maman Cochet, inheriting all its fine qualities—buds long and pointed, keeping a long time when cut. The fact that we include it in our "Select Quintet" is sufficient to indicate our high opinion of it. Wherever fine Roses are grown, or a hardy, white, everblooming Rose is wanted, the Priscilla should be planted. Price 15 cents each, 2 for 25 cents; large two-year-old plants, 35 cents each, 4 for \$1.00.

HIGHLAND MARY.

MADAME ABEL CHATENAY.

NEW CRIMSON EVERBLOOMING ROSE

"Princess Bonnie"

A new everblooming Rose of great promise for outdoor bedding. It is one of the most prolific blooming Roses we know; the color is a grand, solid crimson (just the shade wanted in the everblooming section), the base of the inner petals prettily marked with clear white; the fragrance is delightful, superior to most, if not surpassing, any Rose in its class, and equal to the finest hybrid perpetuals. It is a most valuable addition to our garden roses and also for Winter blooming. Price 15 cents, 2 for 25 cents; large two-year-old plants, 35 cents, 4 for \$1.00.

NEW PINK HYBRID TEA ROSE

"Mme. Abel Chatenay"

The celebrated Rose which the Washington (D. C.) society people have used almost exclusively during the past season in their social events. This is a wonderfully strong, healthy-growing variety, with rich, bright foliage. A grand Bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy rose, shaded with rose-vermilion and tinged with salmon; the base of the petals is very highly colored, being a combination of the foregoing shades strongly accentuated. This will undoubtedly make a fine garden Rose, because of its substance and hardiness. The flowers are borne on long stems, so that it is exceedingly well adapted for vases or cut flowers. Price 15 cents each, 2 for 25 cents; large two-year-old plants, 35 cents each, 4 for \$1.00.

MLLE. HELENE CAMBIER.

Souv. De Catherine Guillot.

NEW TEA ROSE, an extra fine novelty, producing a long pointed bud, of the color of the Austrian Copper. The open flower is large and full and a wonderful combination of colors. Very fragrant and a very free, easy grower. Price 10 cents each; large two-year-old plants, 30 cents.

Mlle. Helene Cambier.

NEW YELLOW HYBRID TEA ROSE. This is a decided advance towards a true yellow Hybrid Tea. The color at first is a salmon-rose, varying to apricot-yellow at base of petals, changing to rosy flesh with deeper center in the open flowers. The plant is a robust, bushy grower, with erect stems and beautiful bronzy green foliage, a prolific bloomer. Flowers large, very double, with full high center. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 35 cents.

Souv. De Jeanne Cabaud.

A NEW TEA ROSE, beautiful "Frenchy" Rose of most exquisite color. It is very large and very full, and its chief beauty is in its open state, when its appearance is that of a pink rose set in the heart of a large orange rose. The outer petals are coppery yellow, the center bright carmine-pink. It is a strong grower and free in bloom. Wherever bedding roses do well this will be a delightful addition. Price 15 cents each; large two-year-old plants, 40 cents.

Mme. Jules Grolez.

A NEW EVERBLOOMING ROSE, one of the handsomest and most valuable Roses in our list of new varieties. The buds are beautiful in form, the open flowers large, full and finely formed. The color is an attractive China Rose, passing to clear, rich, satiny pink. An exceedingly free blooming variety, with very bright, large, full, finely-formed flowers. Regarded as the best of the new Roses in Europe, it has sustained its reputation in America. Price 15 cents each; large two-year-old plants, 35 cents each.

Duke of York.

Flowers variable between rosy pink and white; sometimes white-edged and tipped with deep carmine, sometimes pale with deep-red centers, but always beautiful and quite distinct from any other Rose; of vigorous growth and good habit; a splendid, constantly-flowering decorative Rose. Price 10 cents each; large two-year-old plants, 30 cents each.

CORONET.

A NEW ROSE, THE SWEETEST, LARGEST, AND FREEST BLOOMING HYBRID TEA ROSE IN CULTIVATION. It is a cross between that superb variety Paul Neyron and Bon Silene, grand old favorites. Coronet is a true everblooming Hybrid Tea, identical in form and size with Paul Neyron. No description or illustration can do justice to the remarkable beauty and splendor of its flowers. They are grand in every way. From the time the plant is 4 inches high it blooms steadily, bearing in unbroken continuity, on good, stiff stems, magnificent large flowers that frequently measure from 4 to 6 inches in diameter. The form is full, deep, and wonderfully double. It is full to the center, and when entirely open the flowers do not look unlike peonies. This resemblance is made all the more striking by the peculiar color, which is absolutely unlike any Rose we know. In the bud the color is a deep, rich carmine, which, as the flower opens, lightens to a soft, clear pink, with each petal distinctly edged with silvery gray. The effect is beautiful. The fragrance is simply delicious. In flower and foliage it resembles Paul Neyron, while in vigor of growth the Bon Silene blood is shown. It is a strong, healthy grower, forming a compact bush. In the open ground, where it is hardy, it does splendidly, commencing early in the season and continuing until severe freezing weather; slight protection during Winter will be beneficial. Probably the most valuable and satisfactory Rose for general cultivation sent out for many years. Price, strong and healthy young plants, 15 cents, 2 for 25 cents; large two-year-old plants, 40 cents each.

Corinne.

A NEW SENSATIONAL TEA ROSE, which has taken a gold medal and several certificates of merit. The tints of color blended in the flowers of this beautiful Rose render it so attractive and distinct from all other Tea Roses that the blooms exhibited have created quite a sensation. They are flesh-color, shaded with rose and suffused with tawny copper; large size, full and of excellent shape, very freely produced on strong stems. We feel assured that for decorative purposes, cutting, or exhibition it is invaluable. The growth is vigorous, and for a Tea Rose the plant is very hardy. Price 15 cents each; large two-year-old plants, 40 cents.

Maman Cochet.

THE QUEEN OF ALL PINK GARDEN ROSES, without exception the best new Rose introduced. Up to date it is the best of all pink Roses for garden or house. Marvelous for exquisite form and color; full, firm rounded buds, long and elegantly pointed. As they expand petals show great depth and richness, sometimes measuring 2½ inches from base to tip; shell-shaped, waxen, thick and shining, overlap each other in folds of silvery pink, deepening to bright rose in circle of uncurling edges. The large, high-built, open flower is an elongated half-globe, perfectly double, enchanting in fragrance and delicate brightness. Tips and reverse of petals show pearl-pink glints and shadings of rosy mauve; at their base the deep, rich, full center has a glow of soft chamois-orange. Plant is strong, clean in growth, blooming constantly and profusely; foliage dark and glossy, flower stems stiff and long. A peerless, well-nigh faultless Rose. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 35 cents each.

MME. JULES GROLEZ.

"David Pradle"**Beautiful New Rose "David Pradle."**

One of the most charming Roses we have, and one that will surely become prominent for summer bedding or indoor planting when it becomes known. While this is an old-time Rose, with good reason for its oblivion, as the stock which has been generally sent out was not true to name, and was very inferior if not an almost worthless variety, we have lately secured, direct from Europe, the true stock. Its habit is perfection, of strong, upright growth, with the cleanest and healthiest foliage that is almost impervious to disease. The flowers are produced in wonderful profusion on long, straight shoots, deliciously fragrant and of the largest size, double to the center, and of the most beautiful form. The coloring is an exquisite blending of lilac and rose, with a delicate and rich crimson center. It is very beautiful in the bud state, but particularly so when the bud is unfolding into the open flower. Then the beauty of the glints of color and the shading is almost indescribable and must be seen to be appreciated. Do not fail to secure one or more of this beautiful Rose. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 30 cents each.

"Virginia."

This elegant Rose is the result of a cross between Safrano and Marechal Niel. We consider it one of the most promising Tea Roses of modern introduction. It is a vigorous grower, of bushy habit; blooms large and double, finely formed, lasting, and of excellent substance, often remaining on the bush until dried up. Color a light yellow, with a tinge of saffron at the center and reverse of petals a pinkish caste. Perfume a delicate and delightful tea scent. Price 10 cents each, 3 for 25 cents. large two-year-old plants, 35 cents each.

"Souv. de Mme. Eugene Verdier."

This is one of the grandest Roses in this book. It is a very strong free-grower, throwing up strong, erect canes. Every shoot is crowned with a large, full, deep, double flower of exquisite shape and color, creamy white, shading to yellow. Beyond question, this is a superb Rose, and one that will draw forth exclamations of admiration from all who see it. Price 15 cents each; large two-year-old plants, 40 cents.

The Exquisite New Tea Rose "Sylph."

Flowers ivory-white, tinted with peach color—a very beautiful blending of colors; large, high-centered, stiff petals; habit erect; a magnificent exhibition Rose; vigorous growth, abundance of flowers. Moderately hardy. Desirable for garden decoration or cutting purposes. Price 10 cents each; large two-year-old plants, 30 cents each.

SENSATIONAL NEW HYBRID TEA ROSE**"Mrs. Robert Garrett."**

A beautiful, large Rose of exquisite shape, finish, and blending of colors. It was raised by Mr. John Cook, of Baltimore, Md., the result of a cross between Sombreuil and Madame Caroline Testout. It partakes largely of the latter variety in growth, in foliage, spines and stems, and in shape of flowers shows a complete blending of both parents. The flowers are very large, on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles Souv. President Carnot, but is very much larger; color a glowing shell pink, very deep in the center; the fragrance is delicate and pleasing. A correspondent of the American Florist, in commenting on this Rose in last March, says: "The exhibit of Dr. Cook was a departure from the rest, as it was a vase of Roses. But such Roses! They towered above the Carnations, on strong stems, clothed with heavy foliage, and were as large as American Beauties, but of a beautiful clear pink, almost light enough to be called a shell-pink." Price 15 cents each, or 2 for 25 cents; large two-year-old plants, 35 cents, 4 for \$1.00

**"Comtesse de Breteuil."**

An exquisite Tea Rose; fine-shaped buds and flowers. Color a rich shade of golden-amber, delicately tinged with apricot and ruddy copper; beautiful in bud or flower; fragrant. Price 10 cents each; large two-year-old plants, 35 cents each.

The Sensational New
Hybrid Tea Rose

Mrs. Robert Garrett

White Marechal Niel.

New Climbing Rose. Identical with its famous parent, save color. The fame of Marechal Niel, with its large, deep golden yellow flowers, is so world wide that nothing further need be said of this new variety to make it instantly popular than that it is the exact counterpart in every respect of Marechal Niel. Its parent, save the color of flower, which is a pale creamy white, totally distinct. This remarkable variety is selling at enormous prices in Europe, where it originated. We consider ourselves fortunate in possessing some of the original stock plants procured direct from the introducer, from which our stock has been propagated. It is a rapid climber and quickly makes a bush of considerable proportions. For Southern cultivation it will be of great value, and as a companion plant to Marechal Niel we anticipate a splendid demand for it. **Price, 15 cents each; 2 for 25 cents; large two year old plants, 30 cents each; larger size, 50 cents and \$1.00.**

New Hardy Climbing Rose, Ever Blooming Prairie Queen.

Among hardy climbing roses, that good old variety, Prairie Queen, has long been considered the best of its color. In this new Rose we believe we have a variety that is better. It blooms profusely the first year; small pot plants even produce numerous clusters of flowers, while a two year old plant will bear more flowers than a five year old plant of the older variety. Again this variety is a perpetual bloomer, and while Prairie Queen produces but one crop of flowers in a year, Ever Blooming Prairie Queen produces bloom continuously throughout the entire season. At this writing, November 12, plants outdoors are still producing their beautiful flowers in large clusters. The flowers are very fragrant and in color dark carmine rose; large, very double and borne in clusters. It is of strong climbing habit, perfectly hardy, having with its withstood 10 degrees below zero unprotected and in an exposed situation. This is a wonderful new Rose. Can not be had elsewhere. **Price, 20 cents each; large two year old plants, 50 cents each.**

New Tea Rose, M. Ada Carmody.

This is a new variety of the delicately tinted class of Tea Roses, so beautiful in flower, with a combination of color that is so difficult to describe. The ground color is very white, beautifully tinted and edged with various shades of pink, the center slightly tinged with yellow; very large and full, with fine long buds and a good grower. We consider it a first class new Rose that all should try. **Price, 20 cents each; large two year old plants, 75 cents each.**

The Beautiful New Ohio Rose, "Cleveland."

This is a new Tea Rose of American origin, that we offer for the first time, and promises to be of extraordinary value, both for outdoor planting, for house culture or for forcing. It is a strong, vigorous grower, with deep green foliage, extremely healthy; not attacked by any disease affecting certain varieties of roses. The flowers are of magnificent size, beautifully shaped, perfectly full to the center and borne on extra long, stiff stems, which greatly enhances its value for cutting. The petals have an exquisite waxy texture that defies description and rivals the most exquisite and lovely of all flowers, the Camellia. The color is the most charming creation we have ever seen—a soft rosy blush, elegantly clouded with fawn, and our description utterly fails to do justice to the exquisite blending of color. Its fragrance is delightful and its free blooming qualities will be a welcome indeed to all lovers of the "Queen of all Flowers, the Rose." We have put the price in reach of all, and for a Novelty, the first time out, is remarkably low. **Price, for strong young plants, 15 cents each; 2 for 25 cents; large two year old plants, 40 cents each.**

New Crushed Strawberry Colored Rose, "Meta."

A superb variety of novel coloring; crushed strawberry, suffused with saffron, base of petals coppery yellow. Buds long and pointed. Good habit of growth and prolific bloomer. **Price, 15 cents each; large two year old plants, 50 cents each.**

New Golden Yellow Rose, "Beryl."

A deep golden yellow flower of perfect form and very fragrant. Plant is of robust, vigorous growth and free branching habit. A fine addition to the small list of yellow roses. **Price, 15 cents each; large two year old plants, 50 cents each.**

Hippolyte Barreau, New Tea Rose with Immense Flowers.

Distinguished for its striking shape and contour, which are as beautiful as they are unusual. Buds solid and beautifully moulded and the petals close upon each other in folds of deep carmine crimson, shaded with velvety maroon; in the open flower they are regularly and elegantly reflexed almost to the center, with a soft light effect that has no suggestion of heaviness. A faultless, glowing flower. The color lightens somewhat as the rose opens and shows touches of vermilion in center; at night it lights up wonderfully. The stems are long and the foliage rich dark green. **Price, 15 cents each; large two year old plants, 35 cents each.**

New Climbing Tea Rose, White Marechal Niel.**New Rose, Cleveland.**

SIX Magnificent NEW ROSES

New Hardy, Everblooming

Crimson Rose "CLIMBING WOOTTON."

The great value of this new Rose is apparent upon taking into consideration its hardiness, having withstood a temperature below zero; together with its everblooming habit. It makes an early growth, and in one season produces shoots 15 to 20 feet in length, the branches being literally laden with its superbly-formed flowers, which are bright magenta-red, passing to violet-crimson, shaded. The flowers are large, full, and regular, with thick, leathery petals and deliciously scented. Can not fail to give universal satisfaction. Price 15 cents each, 2 for 25 cents; large two-year-old plants, 35 cents each.

A Charming New Tea Rose "PRINCESS ALICE DE MONACO."

We give our best indorsement to this charming new everblooming Rose, whose merits are of the highest order. It is a strong, upright grower, with clean, healthy foliage. The flowers are produced in wonderful profusion on long, straight shoots; are large in size, double, of fine form and deliciously fragrant. The coloring is exquisite—a creamy white on the outside of petals, with a faint, rosy blush on the edges; as the flowers expand they disclose a charming shade of pink, deepening to rich blush. The flowers are borne in remarkable profusion throughout the growing season. This is a grand Rose, and one that will give splendid satisfaction. Price 15 cents each, 2 for 25 cents; large two-year-old plants, 35 cents each.

New Tea Rose "DIRECTEUR RENE GERARD."

Remarkable for the size, fullness, and brilliant color combination of its blossoms. Color light-yellow, bordered with China-rose, deepened at base of petals; the full, rich center of flower is bright, peachy pink. Fragrant, free blooming, robust in growth. Price 15 cents each; large two-year-old plants, Climbing Wootton 35 cents each.

New White Hybrid Tea Rose "BEAUTE LYONNAISE."

This magnificent New Hybrid Tea Rose is the result of a cross with the most celebrated and beautiful hardy Baroness Rothschild, which it greatly resembles in general characteristics, such as size of bloom, large healthy foliage, etc.; flowers profusely; color white, on a ground slightly tinged with yellow; hardy in the North. Price 20 cents each, 3 for 50 cents; large two-year-old plants, 50 cents each.

"THE BURBANK ROSE."

A perfectly hardy, free flowering everblooming Rose. The Burbank Rose is well adapted both for outdoor bedding and for blooming in pots in the house during Winter. It is strong and vigorous, with neat, rich green foliage, not liable to mold or spot. The plant is of bushy symmetrical form, and does not make sparse, open growth out of doors, as do so many other choice varieties. Each plant becomes a well-rounded bush that is most effective when grown at some little distance from other plants. It is perfectly hardy. The plants begin to bloom when only a few inches high, and flower most profusely all through the Spring and Summer until stopped by heavy frost late in the Autumn; a bed will furnish a constant supply of beautiful flowers for cutting all Summer, and is without exception the freest flowering Rose in cultivation. The flowers are double, of fine form, nearly three inches across. The color is a deep rose-pink, shading to a beautiful soft rose at the center. The petals are well incurved so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. The whole flower is most pleasing in its rich, graceful beauty, and is delightfully fragrant. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 35 cents each, 4 for \$1.00.

THE BURBANK ROSE.

SPECIAL OFFER: We will send you Sixteen Fine Young Plants for \$1.00, postpaid. These will make you a fine bed, a glorious bouquet. No other premiums or discount allowed.

BEAUTIFUL NEW TEA ROSE

"GRAND DUCHESS VICTORIA MELITA."

Flowers large, double; buds long and pointed; free blooming. Color creamy white, with pale-yellow center. Recommended as being better than Kaiserine Augusta Victoria, from which it is distinguished by more vigorous growth. Fine for cutting and forcing. Fragrance extremely sweet. Price 15 cents each, 2 for 25 cents; large two-year-old plants, 40 cents each.

7 Splendid New Climbing Roses.

New Double White Hardy Climbing Rose, The Royal Cluster.

Undoubtedly the most magnificent Double White Hardy Climbing Rose. Blooms in immense clusters. The name Royal Cluster has been given it because of the great size and beauty of its enormous clusters. One hundred and nineteen flowers and buds have been counted in one cluster at one time. The flowers are full medium size, quite double and beautifully formed. Color, white, sometimes faintly tinted blush. Has a delicious spicy fragrance. A hardy vigorous climber and a prodigious bloomer, being far superior in every way to all other hardy Climbers up to date. It does not mildew, and is remarkably free from insects and disease. Has no equal in its class as a forcing Rose for Easter decorations. Continues a long time in bloom, and the flowers are very double. We recommend it as the best Hardy Climbing Rose to date. **Price, 10 cents each, 3 for 25 cents; large two year old plants, 40 cents each.**

Grand New Climbing Tea Rose—Climbing Paul Neyron—Mrs. Wagram. (Comtesse de Turenne.)

One of the most beautiful of the New Climbing Tea Roses. Strong, rampant grower; very large, magnificent full flowers, a satiny rose color. Extremely beautiful when fully opened, often measuring 4 to 5 inches in diameter. Will be one of the most popular sorts for the South and Pacific Coast, as it resembles that grand old Hardy Rose, Paul Neyron. Don't fail to try this Rose. **Price, 10 cents each, or 3 for 25 cents; large two year old plants 40 cents each.**

New Ever-Blooming Rose—"Climbing Malmaison."

A "sport" from the well-known Souvenir de la Malmaison, similar in flower and foliage to its parent; of exceedingly robust, climbing habit. There is no finer Rose than the old well-known Malmaison, or "Souvenir of the South," and we are sure our patrons will be glad to hear that we have a climbing variety identical with the parent. First time offered. Of inestimable value to all lovers of fine Climbing Roses. Perfectly hardy south of Washington, D. C. **Price, 15 cents each, 2 for 25 cents; large two year old plants, 40 cents each.**

Splendid New Rose—Climbing White Pet.

An unusually strong, vigorous grower, with clean, handsome foliage, producing a wonderful profusion of flowers that are charming in form. They are of medium size, very double and full, and borne in clusters. The color is pure white. This new variety is really a remarkable Climbing Rose, being as vigorous as Empress of China and as free as any Polyantha in the list. It is a nice companion to Crimson Rambler. Hardy with moderate protection. **Price, 10 cents each; large two year old plants, 35 cents each.**

New Hardy Perpetual Blooming Climbing Rose—Empress of China.

This remarkable new variety from China has been thoroughly tested; its excellence is guaranteed. Its valuable feature, apart from its entire hardiness, is its perpetual blooming. Commences to flower early in Summer and blooms continuously until late in the Fall. Entirely hardy, having withstood a temperature of 16 degrees below zero, unprotected, without injury. Habit of growth is vigorous, and in this respect it is unsurpassed. Small plants made a growth of 6 to 8 feet in a single season. Foliage and habit not unlike Marechal Niel. Flowers of medium size, very graceful in form and highly fragrant. Pointed and very shapely bud, borne on long, stiff stems. Color of bud is a soft, dark red, and, as the flower expands, changes to an apple-blossom pink. Think of Roses from May to December! It is surely the Rose for amateurs, as it needs but slight attention and no protection. **Price, 10 cents each, 3 for 25 cents; large two year old plants, 40 cents each.**

A Glorious New Rose—Climbing Marie Guillot.

If you have never seen Marie Guillot growing at its best in the open ground, you cannot conceive of the beauty of its large, bold, handsome white flowers. It has been termed the "Queen of White Roses," and while there are many white varieties of unquestionable excellence, there are none more reliable for outdoor cultivation than Marie Guillot. It possesses all the valuable features of its famous parent, with which it differs only in habit of growth. It is one of the most rapid-growing and vigorous Climbing Roses we have ever seen, small plants making a growth of 10 to 20 feet in five months. It is an exceedingly healthy Rose possessing every attribute that a perfect Rose should have. It blooms continuously throughout the season, the first and every year. The flowers are magnificently made, extra large, deep and double. The buds are particularly beautiful and the fragrance delightful. The color is pure snow white, sometimes faintly tinged toward the center with pale yellow. It will prove moderately hardy with protection, but it will be seen at its best in the South, Southwest and Pacific Coast States, where the Winters are mild. It will bloom the whole year around in the South, and wherever Marechal Niel is grown this variety will undoubtedly equal it in beauty of flowers and surpass it in vigor of growth. It is one of the really grand Roses. **Price, 15 cents each, 2 for 25 cents; large two year old plants, 35 cents each.**

A Rose Among Roses—Climbing Bridesmaid.

The standard pink cut-flower Rose of America. One of the greatest varieties in commerce, representing as it does the highest degree of beauty yet attained in a Rose of this class. Remarkably hardy, a strong grower, and possesses all the features that might be asked for in any Rose. It grows rapidly, attaining a height of 10 to 15 feet in a single season, and blooms the first year as freely as does its parent, Bridesmaid, and produces in profusion its beautiful clear, dark pink flowers, which in the bud, and when fully open, are simply superb. **Price, 15 cents each, 2 for 25 cents; large two year old plants, 40 cents each.**

MRS. WAGRAM.

"Maid of Honor" Set of the Great Mermet Family of Roses.

The Most Fashionable Cut-Flower Roses Grown.

THE MERMET ROSES have no equal. They are peerless in every respect. Vigorous growers, free bloomers, while the flowers are as handsome as Roses can be. They rank in popular favor with the La France type. Amateurs will succeed with Mermet Roses when they would fail with others. They are identical in every respect with Catherine Mermet, except in the colors of their flowers.

Bridesmaid, Deep Pink Mermet.

Here we have a new Rose, a sport from that old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut bloom is sold by the flower dealer of it than any other pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright—and it is the same color all the time, under every condition of weather and surroundings. We have procured a good stock of this valuable Rose at great expense and offer it with confidence. We recommend this Rose, knowing that our patrons will be pleased with it. **Price, 10 cents each; 3 for 25 cents; large two year old plants, 30 cents.**

Mrs. James Wilson, Yellow Mermet.

Similar in shape to Catherine Mermet. Pale yellow, tipped with pink rose. A strong and vigorous grower and will prove to be valuable. All who know that old favorite, Catherine Mermet, will be pleased with this Rose, as it is one of the most beautiful Roses we grow. **Price, 15 cents each; 2 for 25 cents; large two year old plants, 30 cents each.**

The Bride, or White Mermet.

The best pure ivory white Tea Rose. The bloom is not finer than Niphetos, for that is impossible, but it is a stronger grower, and will thrive where a Niphetos will not do so well. Save in color it is identical with Catherine Mermet, from which it is a "sport." The buds, which are a grand size, are carried high and erect on bright, smooth stems. A fine bunch of these buds, cut with long sprays of foliage, would grace any bride in her wedding robes. Unsurpassed for purity of whiteness, form and size. It "pinks" in the bright, hot weather or midsummer, when planted outdoors. **Price, 10 cents each; 3 for 25 cents; large two year olds, 25 cents.**

Waban, Carmine Mermet.

In foliage and vigor it resembles its parent. Flowers borne on long stems, in form somewhat larger, and exceeding in size and number of petals. Color, carmine pink—(when we say carmine we mean all the word implies)—shaded brilliantly on the outside petals, color increasing in intensity toward end of petal; approaching center of bud each petal increases in intensity of color. Reflex petals more delicate in color, but shaded stronger at the end of the petal. From our knowledge and experience in growing Roses we do not hesitate to say that this is one of the greatest acquisitions to the Tea family, the finest which has yet come to our knowledge. A gem in every way. **Price, 10 cents each, 3 for 25 cents; large two year old plants, 30 cents each.**

Maid of Honor—Miss Clara Barton—Sensational New Pink Rose.

This is a sport from one of the most famous Roses known to the Floricultural world, the Bridesmaid. This magnificent variety still retains all of the general characteristics of its justly famous parent and has other additional charms not possessed by its parent. It is bound to precede Bridesmaid as the "Maid" did the Catherine Mermet when first introduced. In Cincinnati, where this fine Rose originated, it sells in advance of anything else that is offered to the flower buyers. It has the same solidity and firmness and its keeping qualities are phenomenal, and the buds and flowers are even more beautiful and of the most exquisite form. The petals open in rings and are slightly recurved, which adds greatly to its magnificent beauty. The color is still darker and deeper by several shades than Bridesmaid, and always varies even in every condition of weather, and does not fade out. We have a fine stock of this grand Rose, and we offer it at a very reasonable price, knowing that similarity is detrimental to a large number of buyers; but don't fail to add it to your order, as there is not the slightest doubt of its being vastly superior to its parent. **Price, for strong young plants, 15 cents each, or two for 25 cents; large two year old plants, 40 cents each.**

Catherine Mermet, Light Pink.

This is one of the finest Roses grown. Its buds are inimitable, faultless in form and charming in their every shade of color, from the purest silvery rose to the exquisite combination of yellow and rose, which illumines the base of the petal. Beyond doubt the Rose of all Roses. This charming Rose deserves and receives recognition from all Rose lovers. It is eagerly sought after in Winter by the ultra fashionable, and is perhaps the most admired of all Tea Roses. The color is a delicate, rosy pink, unapproached by any other. The buds are large, long and pointed, and of great substance and most delicious fragrance. For over twenty years it has reigned supreme in its class and color. You should not fail to have a Mermet in your collection. **Price, 10 cents each; 3 for 25 cents; large two year old plants, 25 cents each.**

Madame Etienne, Dwarf Mermet.

One of the very finest clear pink Tea Roses. The form of the flowers is quite similar to that of Beatrice—that is, the petals recurve, giving it the shape of a Camellia. The texture is heavy and the color is a warm, yet delicate pink, slightly deeper on the edge of the petal. A very beautiful variety, and freer in bloom than Catherine Mermet. The Rose is styled the Dwarf Mermet by the French growers. **Price, 10 cents each; 3 for 25 cents; large two year old plants, 25 cents each.**

Muriel Graham—New Tea Rose, the Cream Colored Mermet.

This superb Rose is from that favorite variety, Catherine Mermet, and is perfectly distinct in color from anything extant, which is a pale cream, faintly blushed rose. The habit of growth is similar to its parent. Sent out by Alexander Dickens & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our best recommendation. **Price, 15 cents each, 2 for 25 cents; large two year old plants, 35 cents each.**

SPECIAL OFFER:—The Set of 5 Mermet Roses for only 60 cents. The Set of 8 in Large Two Year Old Plants for only \$1.50. No Further Discount or Premium.

THE BEAUTIFUL

La France Family.

The La France Family of Roses is certainly nearest perfection of all flowers, and nothing can compare with it in the eyes of the true Rose lover. A distinctive characteristic of the set is the true La France fragrance by which every one may be known.

Set of Six Hardy, Everblooming La France Roses: Red, White, Pink, Striped, Crimson, Yellow.

White La France Here we have (AUGUSTINE GUINOISSEAU) deed, one we can recommend to all, whether for outdoor culture or for pots in the house in Winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. It is identical with La France, excepting color. Pearly white, sometimes tinted fawn. We predict for it more popularity than La France ever attained. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 25 cents each, 5 for \$1.00.

Pink La France Undoubtedly the most perfect type of a cut-flower Rose. Its large, well-opened flowers, with long stems and elegant foliage, shown in finest cut-flower stores of the largest cities, are considered by cut-flower buyers the most beautiful of this class. No variety surpasses it in delicate colorings, silvery rose, shaded pink; large; keeps well; of distinct pervading fragrance, which, more than any thing else, marks this Rose and the other five which we offer with it. Price 10 cts. each, 3 for 25 cts.; large two-year-old plants, 25 cts., 5 for \$1.00.

Striped La France Imagine a lovely Rose with the shape and fragrance of a La France, of a rich, creamy pink, with a silvery gloss, growing deeper at base of petals, the whole beautifully etched and streaked with delicate carmine. This Rose is a sort of La France, but if any thing stronger in growth, with the same elegantly-shaped bud and same beautiful full-blown flower. We find it the most attractive and showy Tea Rose of recent introduction. A very free bloomer, every shoot producing a bud. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 25 cents each, 5 for \$1.00.

Red La France
(DUCHESS OF ALBANY)

Every one who loves a Rose is familiar with La France, the Queen of all Roses, for not only is it a constant bloomer, but is perfectly hardy and deliciously sweet. The new Rose, Duchess of Albany, is a sport from La France and retains all the characteristics of the type, with the blooms three or four shades darker, of a deep rose-pink hue. The flowers are produced in wonderful profusion upon long stems, are very large, double, and superb form. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 25 cents each, 5 for \$1.00.

La France de 1889 A new Crimson Hybrid Tea Rose, the most remarkable Hybrid Tea of late years. One notable peculiarity of this variety is its long, elegant buds, while the expanded flowers are of immense size. Color very nearly scarlet, sometimes lined and bordered pure white. The brightest and most brilliant Rose we know. Price 15 cents each; large two-year-old plants, 30 cents each.

Yellow La France
(MME. PERNET DUCHER)

A charming Rose and a new shade in this section, being the first with a distinct yellow coloring. The outside petals are sulphur-yellow, and assume a deeper shade toward the center, with a polished, glittering surface like a water-lily. The open flower is semi-double, very graceful, and holds well together. The habit of the plant is free and graceful, the fragrance of the flowers is delightful. This is in every way a charming Rose, and should be in every collection. Price 15 cents each, 2 for 25 cents; large two-year-old plants, 35 cents each, 4 for \$1.00.

NOTE—We have abandoned the growing of Climbing La France on account of its strong tendency to revert to its original form, losing its climbing habit entirely.

SPECIAL OFFER: For only 50 cents we will send the above set of six Hardy Everblooming La France Roses, or three sets for \$1.25; or the set in large two-year-old plants for \$1.25. No further discount or premium allowed on this offer.

8 GOLDEN YELLOW BEAUTIES

THE BEST OF ALL DEEP-YELLOW ROSES.

SPECIAL OFFER. The eight beautiful golden-yellow Roses on this page for 50 cents; large two-year-old size, the eight for \$1.25. No further discount or premium on this offer

PERLE DES JARDINS.

Media (New Golden-Yellow Tea Rose)

This is the grandest of all Yellow Roses, and should be planted by everybody. When we first saw this Rose two years ago, we predicted then that it would create a furore among Rose growers, and it has verified the prediction. Its flowers are of the largest size, perfectly double to the center, and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness unapproached by any other Rose, being a rich, deep golden, with decided sulphur tints. The brightness and richness of this Rose is the admiration of all beholders. We have grown in our establishment some fifty varieties of Yellow Roses, and think Media the best. Try it. Price 10 cents each; large two-year-old plants, 35 cents.

Perle des Jardins (Pearl of the Gardens)

The one Tea Rose you positively can not do without. The majority of cut-flower buyers who order a "dozen Marechal Niel buds" the year round do not know their orders are filled with Perles, and quite to their satisfaction, for Perle does not suffer by comparison with Niel. Has no weak point; a perfect and popular Rose. Color is faultless, whether the waxy petals show the rich cream tint of cool weather or take richer golden shades of a warmer sun. Form of bud rich, rounded, and luxuriant; only equaled in beauty by the open Rose, which is large, full to center. No shy, creeping plant, but fairly riotous in growth; sends out beautiful foliage, thick, glossy, dark, every branch tipped with dark reddish maroon of the young shoots, bearing clusters of buds high above the leaves. Price 10 cents each; large two-year-old plants, 35 cents each.

Etoile de Lyon (The Star of Lyon)

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy, and vigorous grower; immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich, and full, excellent substance, very sweet. Surely one of the best and most beautiful Yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooms nicely all through the hottest part of the Summer. Price 10 cents each; large two-year-old plants, 25 cents each.

Countess de Frigneuse (The Golden Perle)

In color charming, in freedom second to none. The buds are long and pointed, not unlike Niphetos in form, and of good size. The color is deep golden-yellow, with softer shade inside of petal. As a Yellow Rose it ranks next to Marechal Niel. Price 10 cents each; large two-year-old plants, 30 cents each.

Perle de Lyon

Beautiful orange-yellow, with peach shading, sometimes coppery gold, stained with crimson; charming buds and large globular flowers, full and deliciously perfumed. Price 10 cents each; large two-year-old plants, 35 cents each.

Isabella Sprunt

A bright canary-yellow; large, beautiful buds, suitable for cut flowers; very sweet tea scent; profuse bloomer. Freest blooming of all Yellow Roses. Has been a favorite in all gardens where good Yellow Roses are grown for the past twenty years. None better. Price 10 cents each; large two-year-old plants, 25 cents each.

Mlle. Cecil Berthod

Most beautiful in bud and flower, which is deep golden-yellow. Deepest yellow color of any Rose we grow; foliage very bright; of magnificent size and color. A grand Rose, and always in bloom. Price 10 cents each; large two-year-old plants, 25 cents each.

Mme. Pellissier

A grand new Tea Rose, and a most beautiful yellow bedder; broad, creamy outer petals, deepening to fine yellow in center; large shell-shaped petals. Price 10 cents each; large two-year-old plants, 35 cents each.

ETOILE DE LYON.

EIGHT BEAUTIFUL EVER BLOOMING RED ROSES.

We Do Not Know of Better Red Roses Than This Set of Eight Beautiful Varieties.

New Crimson Rose—Princess Sagan.

The flowers of this variety are the richest crimson of any rose in our collection, a single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. One of our customers in California writes that she is kept busy by people asking what rose is this. **Price, 10 cents each, 3 for 25 cents; large two year old plants, 25 cents each, 5 for \$1.00.**

New Hardy Bedding Rose—Dr. Reymont.

This fine, hardy, ever blooming sort was obtained by crossing the well known General Jacqueminot and the Rose Polyantha, or Multiflora. It inherits the hardiness and splendid crimson colored flowers of the General Jacqueminot—which are but little reduced in size—with the profuse blooming qualities of the Polyantha class, thus combining the two qualities most desired in a garden rose. Bear in mind that this rose is entirely hardy, ever blooming and delightfully fragrant. **Price, 15 cents; large two year old plants, 35 cents.**

New Hybrid Tea Rose—Augustine Halem.

In this rose we have a beauty indeed, as it fairly rivals the well known American Beauty in size and color of its flowers. It has well developed buds, having good, thick, waxy like petals of excellent substance. Color, clear, bright, rosy red, verging to deep, rich crimson. With these changes it adds the delightful fragrance of the old June Roses. Taken altogether, we are much pleased with this beautiful variety. It is very free flowering. Offered for the first time last year. **Price, 10 cents each; large two year old plants, 35 cents each.**

New Hybrid Tea Rose—Meteor.

A velvety red ever bloomer of the deepest glowing crimson as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. Beautiful open rose, free bloomer and a very excellent pot rose. It has no tinge of violet or purple to mar its beauty. A vigorous, bushy grower with healthy, bright foliage of the deepest green. The best red rose for the garden ever introduced. The flower equals General Jacqueminot and will produce fifty flowers to Jacqueminot's one. This is unquestionably the best dark velvety red rose yet produced. Grand, both in bud and flower. It has our highest commendation. **Price, 10 cents each; 3 for 25 cents; large two year old plants, 30 cents each; 4 for \$1.00.**

METEOR.

PAPA GONTIER.

Francois Gaulaine.

A continuous blooming Tea Rose, with an unusual and remarkable color for this type. Bright, rich, velvety, dark crimson; very fragrant and handsome. Don't fail to try this rose. **Price, 10 cents each; large two year old plants, 25 cents each.**

Papa Gontier.

Grand Red Tea, fine crimson shade, silken texture (distinct from velvety texture); bud of fine size, graceful form; extremely free growth and bloom. Long, beautifully leaved stems can be cut, foliage being very dark and heavy. One of the best and a perfect bedder. **Price, 10 cents each; large two year old plants, 25 cents each.**

New Crimson Tea Rose—Christine De Neve.

This beautiful new red Tea is a very charming rose, exceptionally fine color; a splendid grower, making large sized, graceful bush, with bright, deep green foliage; a constant and very free bloomer; flowers are well borne upon strong stems and are usually large and handsome; buds are long and finely pointed; color, clear, rich maroon or deep purplish red, passing to lake, center sometimes streaked with silvery white; petals are finely imbricated and flowers deliciously sweet. Highly recommended as a valuable and, in every way, a desirable rose for general planting. **Price, 15 cents each, large two year old plants, 30 cents each.**

New Crimson Tea Rose—Marion Dingee.

Strong, vigorous grower; handsome, graceful bush; large thick deep green leaves. Flowers large, beautiful cupped shaped, moderately full, borne in wonderful profusion all through growing season. We scarcely know of any other rose that will produce so many perfect flowers in a given time; whether in open ground or under glass; is a most constant and profuse bloomer. Flowers are borne nearly upright on strong stems, of excellent substance, having thick, leathery petals, holding form and color a long time. Color is perhaps its most remarkable feature—deep, brilliant crimson, one of the darkest and richest colored Tea Roses in existence. **Price, 10 cents each; large two year old plants, 25 cents each; 5 for \$1.00.**

SPECIAL OFFER—We will send you the set of 8 Red Roses for 50 cents, postpaid, in large two year old size for \$1.25. No further discount or premium allowed.

GOLDEN GATE SET OF EIGHT TULIP ROSES. BEAUTIFUL HIGH COLORED...

These are called Tulip Roses because of the feathery shading of bright rose around the edge of every petal. Distinct from all other Roses in the peculiar manner of this marking.

New Ever-Blooming Rose of American Origin, Golden Gate.

Probably the largest Tea Rose known, and we would gladly add to our praise of it, if this were possible. The engraving gives you some idea of its great beauty. There are so many beautiful Roses, and they are beautiful in so many different ways, that it scarcely seems possible for any one variety to be the most beautiful, and yet, if the question was to be decided, we are strongly of the belief that the palm would have to be awarded to the new Tea Rose, Golden Gate. This magnificent Rose is the result of a cross between those old and greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both, is vastly more beautiful than either and of great substance; buds long, of most desirable form; color, rich, creamy-white, beautifully tinged with fine golden-yellow; petals large and broad, exquisitely bordered and tinted with clear rose, making a Rose of the rarest and most indescribable beauty. A strong, healthy grower, and a most profuse and continuous bloomer. Will produce more perfect buds and bloom than almost any variety we know. It is unsurpassed for bedding, also for house culture. In short, we can heartily recommend it as one of the finest and most beautiful Tea Roses ever grown. **Price, 15 cents each; two for 25 cents; large two year old plants, 35 cents.**

New Tea Rose—Souv. Gabriel Drevet.

This is a superb rich rose, carrying such fine combinations of color that it is sure to please. It is so thick in petal as to resemble soft velvet to the touch. It belongs to the Tulip class, salmon-pink, with the center of coppery-rose, elegantly edged darker. We have had many letters from the South praising the great beauty of this Rose, probably the most distinct Rose we grow; the petals are so thick and velvety-like as to hardly resemble a Rose. **Price, 15 cents each; large two year old plants, 40 cents each.**

New Tea Rose—Marquis de Viviens.

Here we have a beauty indeed. The flowers have a great depth and substance and are of fine globular form, with broad thick petals and large, finely shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored and blooming without cessation. It would be difficult to imagine a more lovely Rose. **Price, 15 cents each; large two year old plants, 35 cents.**

Madame de Watteville.

This grand Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy blush; the petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. For planting in the open ground Madame de Watteville takes front rank, being a hardy, vigorous grower, standing the sun and weather well, a profuse bloomer and unsurpassed for cutting. **Price, 10 cents each; large two year old plants, 25 cents each.**

New Tea Rose—Princess Beatrice.

A pure tea, of strong habit, heavy foliage, coloring deeply, after the style of the Perle, flower stems stiff and upright, and bright red, carrying large buds of an exquisite color, outer petals varying from canary-yellow, edged lightly with bright rose color. From its first opening the petals roll their edges backward, displaying the bright apricot center. The open Rose is exquisitely beautiful, very double and lasting well when cut. Strongly Tea-scented. It has proved a fine garden Rose. The writer well remembers the first time he saw this Rose, and how he was captured by it. The bed comprised some five hundred plants of this variety, and it was truly a gorgeous sight. Its leafage and growth were the picture of health. The buds and bloom stood erect, being borne on strong stems, each plant having from 20 to 50 of its charming flowers. They almost said, "I am a princess, indeed," they were so winsome and lovely. Just imagine a coppery or ruddy-yellow Rose with a distinct red edge on each petal. Your imagination can paint nothing nearly so beautiful. **Price, 15 cents each; large two year old plants, 40 cents each.**

GOLDEN GATE.

New Tea Rose, Madame Martha Du Bourg.

One of the most beautiful of the new Roses. The habit and foliage are beautiful, denoting a ready grower. The flower is large, perfectly double and of beautiful form. The outer petals recurve at the edges, showing a beautiful pointed center. The color is creamy-white, touched with carmine or pale heliotrope on the edges. Of heavy texture, like a Camellia flower. **Price, 15 cents each; large two year old plants, 30 cents each.**

Souvenir de Victor Hugo.

One of the most beautiful Tulip Roses. Color, lovely citron, with amber and fawn shadings. **Price, 15 cents each; large two year old plants, 30 cents each.**

New Tea Rose—Princess of Wales.

This grand new Tea is almost unsurpassed in beauty. A greater number of persons have written us concerning its enchanting loveliness than almost any Rose we send out. The color is a beautiful amber-yellow, deepening toward the center to orange or coppery-yellow, delicately tinged and shaded with crimson, distinctly edged with carmine, long pointed bud, extra large flower, fine globular form, very double and full, and exceedingly sweet. Very chaste and waxy in appearance. Superb. **Price, 15 cents each; large two year old plants, 35 cents each.**

SPECIAL OFFER—The 8 Tulip Roses for 60 cents; large two year old plants the 8 for \$1.50. No Premiums or Discounts allowed on Special Offers.

The Queen Set of Lovely Pure White Roses.

To all who wish the best pure white Roses we can recommend these eight varieties as being desirable in every respect. They are hardy, vigorous growers, are abundant bloomers, deliciously fragrant and of the purest color. **TRY THEM.**

SPECIAL OFFER—Eight pure-white Monthly Roses on this page for 50 cents; or the eight Roses in large two-year-old plants for \$1.25.

NO OTHER DISCOUNT OR PREMIUMS ALLOWED ON SPECIAL OFFERS.

New Pure White Royal Tea Rose.

QUEEN OR KAISERIN AUGUSTA VICTORIA.

The Best White Rose in the World.

This beautiful Rose has not only a royal name but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both good qualities; is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. Buds are very beautifully formed, with large petals of best substance; shows no center when fully open; color, pure showy white; and when you add a rich perfume, coupled with a vigorous growth, what more could you ask? This Rose is an easy winner over all competitors in its color, and we predict that more of it will be planted than all other white Roses combined. We have tested it thoroughly. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

THE QUEEN.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow white, makes good, finely formed buds; is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proven valuable both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white, ever-blooming Roses. **Price, 10 cents each; large two-year-old plants, 25 cents each.**

MARIE GUILLOT—a Snow White Rose.

We consider this variety the equal, if not the peer of any Rose of its color in cultivation. A trial will convince any one that this endorsement is not extravagant. The flowers are full, extra large, very double and sweetly scented; has many rivals, but no equals for open ground cultivation. **Price, 10 cents each; large two-year-old plants, 25 cents each.**

SNOWFLAKE.

This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest-flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover two and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. **Price, 10 cents each; large two year old plants 25 cents.**

MADAME HOSTE.

One of the finest ever sent to this country. It is a strong, bushy grower, and a bud can always be cut with a long stem and closely set leaves, of heavy texture and dark green color. It is like Perle in growth, and also in the fact that the bud shows different shades in different temperatures. In cool weather it is an ivory white (scarcely cream), of even tint; in the Summer it is a bright canary, with a deep amber center. We know of no Tea Rose with larger or more finely shaped bud. It is globular, and at the same time distinctly pointed, and, as this shape of bud always indicates, is very double, and an unusually beautiful open Rose. **Price, 10 cents each; large two year old plants, 25 cents each.**

Queen Augusta Victoria.
NIPHETOS.

Large, graceful, immense buds of snow white, remaining in perfect form many days. No other Rose bears buds of this peculiar elegant form. Plant is dwarf; requires great care if grown outdoors; does finely as a pot Rose; blooms freely and constantly, and for whatever attention it may require the blooms are an ample return. It forces readily in Winter. **Price, 10 cents each; large two year old plants, 35 cents each.**

The Beautiful New Tea Rose, WHITE MAMAN COCHET.

The finest Rose of the year. Like its parent, the growth is vigorous with rich, healthy foliage, producing large, fine flowers of the purest white—in fact, it is an exact counterpart of the beautiful Maman Cochet, and all who have tried it pronounce it the finest bedding Tea Rose in existence. We would advise all who love choice Roses to plant at least one of this beautiful new Rose. **Price, 15 cents each; large two year old plants, 35 cents each.**

CORNELIA COOK.

The buds are most beautiful, of immense size, and are borne up high on massive stems, and, with the round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. Cornelia Cook has the largest bud of any of the white Roses. It is a massive and magnificent Rose. **Price, 10 cents each; large two year old plants, 25 cents.**

THE NEW JAPANESE RAMBLER (CLIMBING) "CHERRY BLOSSOM" ROSES.

This grand family of Roses improves upon acquaintance—the better they are known the more popular they become. We have occasionally to modify opinions formed of the value of new Roses, but the "**Crimson Rambler**" is one that we offer to our customers, after an extended trial, with greater confidence in its merits. It came to this country heralded as a wonder among flowers, but the most extravagant praises yet bestowed on it fall short of doing it ample justice. It is adapted to the entire country, and should be in every garden in America, be it large or small.

PSYCHE--The New Pink Rambler. For extended description, see page 5. Price, 15c each.

New Crimson Rambler.

The plant is of very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one and one-half inches in diameter. It is covered with flowers from the ground to the very top. It is hardy in every latitude yet tried as far north as the lakes. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. A correspondent writes: "With me this Rose is grand. I have a dozen large plants on prepared land or turf. I did not prune much, merely shortening back and placing stakes to support the long growths. I gave a liberal mulch early in the Spring, with the result that the growths are very strong, and the clusters of bright crimson flowers at this date are beautiful. One shoot alone I counted over three hundred blooms." Two year old plants, when potted early, and for Easter, make beautiful decorative plants, and readily retail from \$2.50 to \$10.00 each in the cities. Price, 10 cents each, 3 for 25 cents, 15 for \$1.00, net; large two year old plants, 50 cents each.

New Pink Rambler.

(**EUPHROSINE**.) The Pink Rambler completes the entire range of cardinal colors that can be embraced in these beautiful Climbing Roses. We now have the Crimson, Yellow, White and Pink Rambler. This Rose is as charming as any of its rivals, and embraces all their good qualities. Price, 10 cents each; two year old plants, 50 cents.

New White Rambler.

(**THALIA**.) This charming new Rose of the Rambler variety is a wonder. Climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is without question the best Climbing Rose extant. Price, 10 cents each; large two year old plants, 50 cents.

New Golden Yellow Rambler.

(**ALISTER STELLA GRAY**.) New Climbing Rose of decided merit, classed by many as belonging to the Rambler section of Roses. We know it to be a grand Rose, and have tested its hardness. You will make no mistake in buying it, as you will have a grand, free-blooming climbing yellow Rose. Is a continuous bloomer, laden with bunches of Polyanthlike buds of orange yellow. Price, 10 cents each; large two year old plants, 50 cents each.

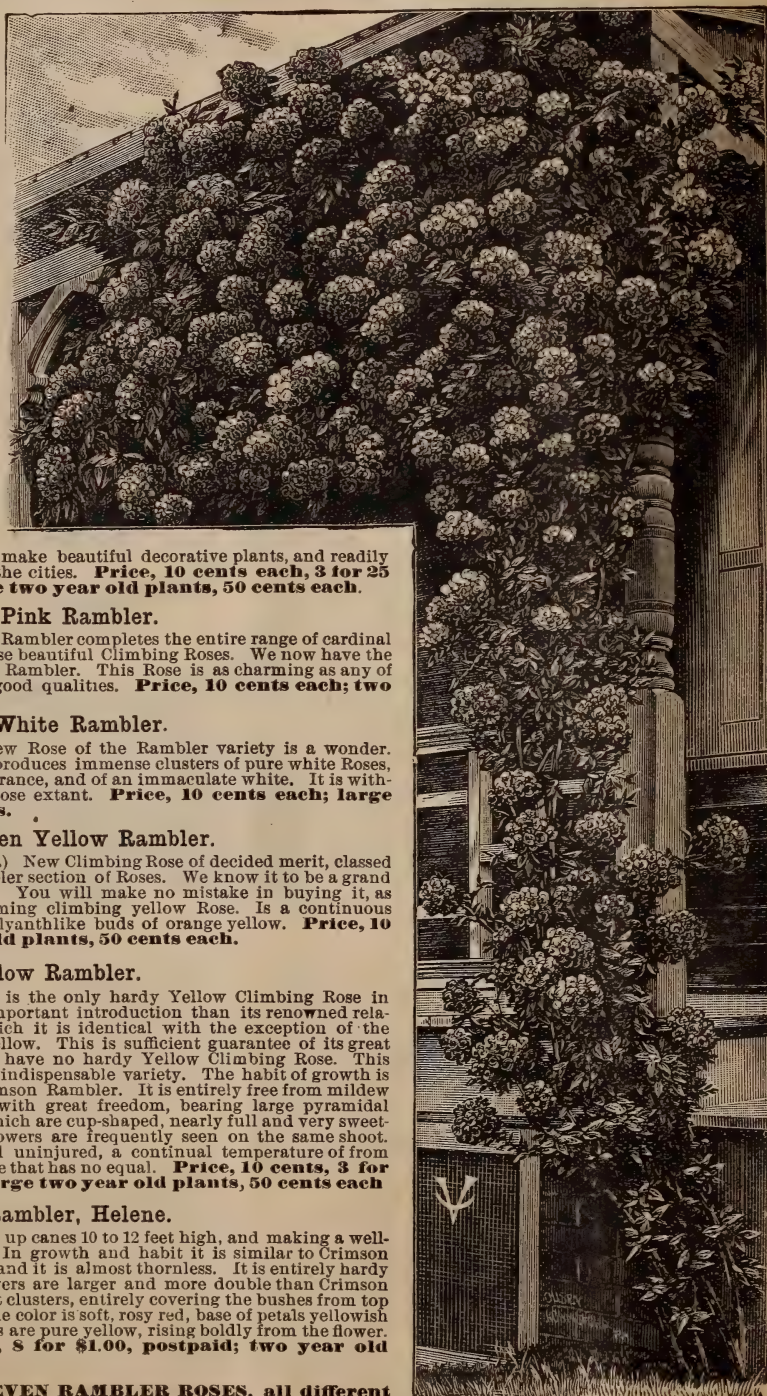

Yellow Rambler.

(**AGLAIA**.) Inasmuch as this is the only hardy Yellow Climbing Rose in cultivation, it is perhaps a more important introduction than its renowned relative, Crimson Rambler, with which it is identical with the exception of the flowers, which are deep golden yellow. This is sufficient guarantee of its great value. It is a notable fact that we have no hardy Yellow Climbing Rose. This feature alone makes it an almost indispensable variety. The habit of growth is more vigorous and better than Crimson Rambler. It is entirely free from mildew and kindred diseases; its blooms with great freedom, bearing large pyramidal trusses of golden-yellow flowers, which are cup-shaped, nearly full and very sweet-scented. As many as 120 to 150 flowers are frequently seen on the same shoot. With us it stood, unprotected and uninjured, a continual temperature of from zero to twelve below. A grand Rose that has no equal. Price, 10 cents, 3 for 25 cents, 15 for \$1.00, net; large two year old plants, 50 cents each.

New Rambler, Helene.

A strong, rapid grower, throwing up canes 10 to 12 feet high, and making a well-formed bush in a single season. In growth and habit it is similar to Crimson Rambler, but the foliage is better, and it is almost thornless. It is entirely hardy and needs no protection. The flowers are larger and more double than Crimson Rambler, and borne in magnificent clusters, entirely covering the bushes from top to bottom, for weeks at a time. The color is soft, rosy red, base of petals yellowish white, while the anthers and pistils are pure yellow, rising boldly from the flower. Our price is 15 cents each, 3 for \$1.00, postpaid; two year old plants, 50 cents each.

SPECIAL OFFER--The SEVEN RAMBLER ROSES, all different colors, for only 60 cents; large two year old plants, the SEVEN for \$2.00. No other discount or premiums allowed on these sets or special offers.

CRIMSON RAMBLER.

THE PREMIER BEDDING and POT-CULTURE ROSES

Continually in bloom, it makes no difference what season of the year it may be. Almost entirely if not quite hardy. Will live out in the open ground with slight protection. The very best Roses for any situation.

The Famous Soupert Rose Family

New Yellow Soupert "MOSELLA."

This splendid novelty is from Germany. Its origin is almost identical with that of the Soupert, a cross of the Polyantha and the beautiful Tea Rose "Madame Faleot." Blooms in profuse clusters of 3 to 5 flowers, which are very double, ball-shaped and open like a camellia flower. The petals are tinted white, on beautiful light-yellow ground extending to middle of petals, deepening to orange-yellow. Plant is dwarf, bushy, and free-blooming. We take great pleasure in offering this fine Rose. It is a popular and fitting companion to "Clotilde Soupert." Price 10 cts. each, 3 for 25 cents; large two-year-old plants, 25 cents each, 5 for \$1.00.

SPECIAL OFFER: We will send you 20 fine plants of "Mosella" for \$1.00. Will make you a most beautiful bed, from which you may cut a handsome bouquet of Roses from early Spring until cut down by the heavy Winter frosts.

New Silver-white Soupert

"LEONIE OSTERREITH"

Large, full flowers, cup-shaped; color brilliant porcelain-white, shading to very delicate light-yellow in the center. One of the grandest blooming Roses known, and the coloring is magnificent. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 35 cents each.

The Crimson Soupert

"RED PET."

Beautiful dark crimson-maroon; large, full and fragrant, very double; a constant and profuse bloomer; extra good for outdoor culture and for pots; makes a gorgeous bed when massed. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 25 cents.

New Pink Everblooming Bedding Rose

"PINK SOUPERT."

A seedling from that premier Bedding Rose, "Clotilde Soupert," of which we have spoken so highly. "Pink Soupert" inherits all the grand garden qualities of its parent, and is a clear pink throughout, bright and attractive: the coloring deepens in some flowers to cherry-red, and in others it lessens to clear Hermosa-pink. The profusion of bloom is wonderful, the whole plant being a mass of flowers. No Rose can possibly excel this for outdoor bedding, and none can be more attractive. It is compact and sturdy in habit, and so hardy for an everblooming Rose that it will remain out all Winter safely with slight protection. Price 10 cents each, or 3 for 25 cents; large two-year-old plants, 25 cents each, 5 for \$1.00.

NEW YELLOW SOUPERT, MOSELLA.

The best Bedding or Pot-culture Rose known "CLOTILDE SOUPERT."

This lovely Rose comes from the Garden of Luxemburg, France. The flowers are borne in clusters, and are of large, round, flat form, with beautifully imbricated petals; perfectly full and double, and deliciously sweet; color beautiful pinkish amber or pale, creamy yellow, delicately flushed with silver-rose, sometimes ivory-white, exquisitely tinted with pale-salmon, and sometimes both red and white flowers are produced on the same plant. It is a particularly elegant and handsome Rose, always greatly admired. The bush is a vigorous, compact grower, and a continuous and remarkably profuse bloomer, being literally loaded with Roses. It is highly recommended for window and house-culture. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 25 cents each, 5 for \$1.00.

The Best Crimson Bedding Rose "QUEEN'S SCARLET."

Without a doubt the very best of all Red Roses for bedding. Can be planted anywhere; entirely hardy. Large-sized flowers; color beautiful crimson-scarlet, of dazzling brilliancy. A bed of this Rose produces a mass of color equaling if not excelling a bed of Geraniums. Planted everywhere on account of its freedom of bloom and charming color. Price 10 cents each, 3 for 25 cents; large two-year-old plants, 25 cents each.

SPECIAL OFFER: For 50 cts. we will send one plant each of the five members of the Soupert family, including Queen's Scarlet, or two sets for 75 cts. Set in large two-year-olds, \$1.00. No further premiums or discounts allowed.

You can plant them anywhere in the garden, on the lawn, in fact any place you have a little room. By planting Clotilde Soupert in the middle and surrounding it with Queen's Scarlet it will make the handsomest bed you ever saw, and you can gather a beautiful bouquet of Roses every day. They are strong growing and nearly if not quite hardy; should be planted twelve to fifteen inches apart each way. **ALL THIS FOR \$1.00.**

THE RELIANCE COLLECTION OF ROSES.

THE Roses named on this page are the prime favorites of everybody in New Orleans who plants Roses. They have been tested and tried, and have proven their great worth. These Roses will do equally well all over the South, where they are hardy, in the Gulf States, and as far North as North Carolina; also in California and the Pacific Slope. Everybody plants them, everybody wants them. We sold upwards of fifty thousand plants of these varieties alone in New Orleans last year. A complete Rose garden, embracing all colors.

PRICE, 15 CENTS EACH, OR THE ENTIRE SET OF TWELVE RELIANCE ROSES FOR \$1.00. ANY SIX FOR 60 CENTS. LARGE TWO-YEAR-OLD PLANTS, 40 CENTS EACH; THE TWELVE FOR \$2.00. ANY SIX FOR \$1.10.

MADAME DE VATREY.--The Creole Beauty. One of the Brightest Roses.

We consider this splendid variety to be not only one of the brightest, but one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. In New Orleans it is a prime favorite. It makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery peach--reminds one of the delicate hues seen on the inside of the fairest deep-sea shells--rosy flesh bathed in golden amber, broad, shell-like petals, bright and beautiful; in every way a fine Rose.

DUCHESS DE BRABANT.--The People's Rose.

Every order we get from New Orleans includes this charming variety. In the desire to obtain new varieties of Roses, rosarians and dealers are too often prone to overlook old standard sorts which are unquestionably meritorious. Some sorts are too good to be crowded to the wall by new aspirants for honors, as witness the Gen. Jacqueminot, Marechal Niel, La France, Malmaison, and many others, and to this class belongs the Duchess de Brabant. Roses come and go, but these go on forever. Duchess de Brabant unites in a pronounced degree the highest attributes of a garden Rose. It is vigorous, never fails to produce flowers, healthy, rarely diseased in any way, large, full blossoms, beautiful in bud or open flower, a beautiful shade of soft rosy flesh, deepening to warm pink and bright rose. Delightfully fragrant.

TRIUMPH DE PERNET PERE.--New Hybrid Tea Rose.

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read, "Triumph of Father Pernet," and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge, it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious Tea fragrance. Color, a fine, clear magenta red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Very brilliant and beautiful.

BEAUTY OF STAPLEFORD.--A Grand Red Rose.

The flowers are very large and perfect in form, deliciously scented; Tea fragrance. The color is a clear, bright pink, shading to bright rosy crimson. Makes large and beautiful buds and is a constant and profuse bloomer.

MAMAM COCHET.--No Finer Rose Than This

This Rose attracted our attention from the very first time we saw it in flower. It comes from France--the country that has produced nearly all of our best Roses. We are not alone in our admiration of it, as all the visitors to our establishment the past season have been unstinted in its praise. It is a vigorous grower, with beautiful, pretty foliage. In bud it resembles the Mermet family, being long and shapely, borne on long stiff stems. It is of the largest size, and as you will notice, the flower is built up or rounded and very double. The color is a deep, rosy pink, the inner side of the petals being a silver rose, shaded and touched with golden yellow. We pronounce this the finest Rose by far that has been introduced from France the past five years. No rose surpasses it in vigorous growth and in the immense size of its buds and flowers. Indeed, nothing in the Tea family approaches it in size. Deliciously fragrant.

"SOUVENIR" DE LA MALMAISON.--Known in the South as "Souvenir."

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect

flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Exquisitely fragrant. A noble Rose.

STAR OF LYON.--Etoile de Lyon.

This magnificent Tea Rose is a rich golden yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the Summer.

PRISCILLA, OR WHITE MAMAN COCHET.--

The Charming New White Tea Rose.

Another new American Rose, but as widely different from all other white Roses as one can well imagine. It belongs to the Tea class, being a child of that grandest of bedding or outdoor Roses, Maman Cochet, and is hardy here in Northern Ohio, with slight protection in Winter. Its habit is exceedingly strong and upright, like its parent, and it possesses the same large, beautiful, healthy foliage, and is a most profuse and constant bloomer. The flowers are of enormous size, remarkably round and full, pure, clear snowy white throughout, and are delightfully Tea scented. It is by far the finest and most reliable white bedding Rose yet produced and should be planted by everybody. By planting a few plants of it any one can have the very finest Roses for cutting and for use in vases, upon altar, dining table, parlor, etc., all Summer and Autumn. Without question the largest white Rose, both in bud and flower. No other Rose of its color approaches it in size. It is startling. This Rose will disappoint no one who plants it.

BRIDESMAID.--Deep Pink Mermet.

Here we have a new Rose, a sport from that old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more cut bloom is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of excellent shape and contour, so solid and firm and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color--just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. We recommend this Rose, believing that our patrons will be pleased with it.

MARIE VAN HOUTTE.--The Gem, or the Fair Unknown.

Of a fine, faultless, straw yellow color, with the outer petals washed and outlined with a bright rosy crimson. Occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose.

MAD. LOMBARD.--A Good Bedding Rose.

A first-class Rose for bedding; extra large, full flowers, very double and sweet; color, a beautiful shade of rosy bronze, passing to salmon and fawn, beautifully shaded with carmine. An elegant Rose, of vigorous habit of growth; very free and constant bloomer.

REINE MARIE HENRIETTA.

This is the only climbing Rose in this set, but no collection would be complete in New Orleans or the South that did not comprise this, the grandest of all ever blooming climbing Roses. Extra large, finely formed flowers, very full and double, borne in clusters; color, glowing crimson.

MINIATURE POLYANTHA OR FAIRY ROSES.

A beautiful class of everblooming Roses from Japan, uniting, as they do, hardiness, fragrance and constant bloom, we know of no more satisfactory plant for general use. The flowers are small, perfectly formed, produced continuously in clusters of from 10 to 25 Roses.

Price—6 cents each; large 2 year old plants, 25c. each, except where noted.

ETOILE DE MAI—(New). Wonderfully free, both in growth and flower. A continuous and persistent bloomer, being literally covered with bloom the whole season. A beautiful nankeen yellow, changing to creamy white, with lemon center in the open flower. **Price, 10 cents each.**

ELIZA CHATRAN—One of the most lovely of all Roses; lovely rose colored flowers, elegantly penciled and touched with ruddy saffron. Very free bloomer.

FLORA—A charming Polyantha Fairy Rose; the flowers are quite large, very full and round, delightfully perfumed and borne in immense clusters. The color is fine ivory white, delicately tinged with soft rosy blush. **Price, 10 cents each.**

GLORIE DES POLYANTHAS—A beautiful dwarf variety, with small cup-like flowers. A real "Fairy Rose." The color is a bright rosy pink with a red ray through each petal. This Rose is very distinct and beautiful, flowering in large clusters of from twenty to twenty-five flowers each. For growing in pots for Winter blooming no plant can surpass it in delicate coloring, freedom in bloom or delicious fragrance. **Price, 10 cents each.**

GEORGE PERNET—Flowers bright rosy pink, of medium size, with petals beautifully rayed and reflexed; soft and pleasing color, fragrant.

MIGNONETTE—Very small flowers, about one inch in diameter; produced in large clusters; color, delicate rosy flesh, fading to pure white; dwarf, vigorous growth.

MADAMOISELLE CECIL BRUNER—Plants grow nearly two feet in height; the strongest of the class. Fine for flower beds or borders; beautiful clusters of double flowers of a rosy pink, creamy-white edges. Splendid for beds.

MLLE. E. A. NOLTE—(New.) Flowers small, full, of perfect Rose form; color, deep yellow, passing to rosy. A true "Fairy Rose." **Price, 10 cents each.**

MLLE. ANAIS MOLIN—(New). A dwarf, compact grow-

SPECIAL OFFER—For 75 cents we will send the Set of 12 FAIRY ROSES, postpaid. The Set of 12 large two year old plants for \$1.50, postpaid. No further discount or premium.

THE POLYANTHA ROSES IN BLOOM.

er, flowering in clusters; bloom small and very full; color, flesh white, shading to snow white. Very free and fragrant. **Price, 10 cents each.**

PERLE D'OR—Orange salmon; exquisite buds of perfect form; very small, a general favorite.

PRINCESS MARIEADELAIDE—(New). This variety has a beautiful habit, and produces large clusters of small double flowers beautifully imbricated; color, ivory white, with bright rose center. **Price, 10 cents each.**

PARQUERETTE—The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blossoms. Very full, prettily formed, recalling blossoms of the double-flowering cherry; equals double white Primrose in profuse blooming during Winter.

THE OLD ENGLISH SWEETBRIAR ROSE.

No Garden Should Be Without One Plant at Least.

EGLANTINE—Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of flowers, leaves and young branches in the early Spring frequently perfumes a whole neighborhood. **Price, 25 cents each; large two year old plants, 50 cents each.**

THE CHEROKEE ROSE.

A strong, erect-growing shrub, with glossy green leaves, and bearing large, pure white Roses in great profusion; the flowers are double, very beautiful and waxy-like. It is much esteemed in many parts of the South and Southwest, where it is extensively used for hedges, etc. It is a beautiful shrub and is worthy of more general planting; requires protection in Winter north of Washington, D. C. **Price, 10 cents each; large two year old plants, 35 cents each.**

SPECIAL OFFER—18 fine plants, suitable for hedge planting, for \$1.00, postpaid. No other discount.

THE VIOLET-SCENTED LADY BANKS, OR BANKSIA ROSES.

These are fine Climbing or Trailing Roses, very good for the South or Pacific Coast, where the Winters are not too severe. They require two or three years' growth to bloom to perfection, and are then very beautiful. Flowers are produced on the old growth; prune very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, the size of a silver dime; produced in large clusters and have a decided violet perfume.

WHITE BANKSIA—A pure untinted white. **10 cents.**

YELLOW BANKSIA—Rich golden yellow. **10 cents.**

Hybrid Tea Roses.

Price, 10 cents each; large, two year old plants, 25 cents each; except where noted.

American Beauty—Many of our friends know all about this grand Rose, and value it accordingly. To others we would say that it is well known as one of the best and most valuable roses, both for garden and house culture. Color, rosy crimson, exquisitely shaded and very handsome. Extra large, full flowers, exceedingly sweet, makes magnificent buds; is a constant bloomer. **Price, 25 cents each; large two year old plants, 50 cents each.**

BEAUTY OF STAPLEFORD—Color, clear bright pink, shading to bright rosy crimson. A most charming Rose with beautiful buds. Fine for cutting. No better garden Rose in our list.

Belle Siebrecht (New)—Described as imperial pink of good form, large flowers, borne on good strong stems, and retaining a good shape when fully developed. Good vigorous grower and free blooming, with fine, handsome foliage and, altogether, a very desirable addition to this class. Also, a very hardy variety, valuable for bedding. Has received awards wherever exhibited. **Price, 15 cents each; large two year old plants, 35 cents each.**

Grace Darling—A splendid rose, not new, but always scarce and rare; the flowers are large and full, exquisite form and very sweet; a strong, vigorous grower; color, a porcelain rose, elegantly shaded with vinous crimson; a decided color, but never quite obscuring the ground of beautiful yellow upon which it rests. A beautiful rose; when once seen will never be forgotten; this is one of our pet varieties, and we think there is nothing sweeter than this.

Madame Caroline Testout—The petals are large and of the elegant La France form; exquisitely edged and bordered with clear silvery rose; color, a brilliant, satiny rose, deepening to clear red.

Madame Veuve Menier—A strong, vigorous grower, producing buds in great profusion. Pale, light rose; flowers of good size, double and very free flowering.

MAD. JULES FINGER—(New.) A rose of great beauty. The large and handsome flowers are full and globular, well poised, and can be cut with long stems. Color, a beautiful cream white, shaded with rose and salmon colored center passing to pure white. **Price, 15 cents; large two year old plants, 35 cents.**

Mrs. W. C. Whitney—A new American Seedling Hybrid Tea. The buds are large, long, full and pointed; the flowers are full and delightfully sweet. Color, a clear, deep, even pink. The plant is robust and free blooming. **Price, 15 cents each; large two year old plants, 35 cents each.**

A GRAND HYBRID TEA ROSE, MADAME SCHWALLER—Like Puritan, this rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom and has the fragrance of the old June roses. The color is a bright rosy red flesh, paler at the base of the petals and deepening at the edge. Apt to come in clusters. A rose from which we hear very flattering reports from all directions. This grand rose has more perfume than any we offer. Try it; it is magnificent. A veritable Pink American Beauty.

VISCOUNTESS FOLKESTONE—(SOUTHERN QUEEN.) Unsurpassed among light colored varieties. It is very graceful and has strong, heavy foliage. The flower is delicately tinted flesh color, almost white, and lustrous as satin. When in full bloom it is like a white Peony, but without a suggestion of stiffness. Full flowers often measure six inches in diameter, and are delightfully sweet. Vigorous and free blooming.

MRS. DEGRAW—One of the best roses for general cultivation. It is entirely hardy and equals the tender sorts in profusion of bloom. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong grower that it is almost impregnable against the attacks of insects, which usually destroy some of our finest roses; thus it is certain to be unequalled for the garden.

SOUV. DE WOOTON—A magnificent Crimson Hybrid Tea Rose; carmine crimson, with deeper shadings at the base of petals, which only tends to liven the color more. One of the most deliciously scented roses in the whole list. It is very hardy and a constant and prolific bloomer, every shoot forming a flower bud. It is one of the most satisfactory of all ever blooming garden roses, and is also highly valued as a Winter flowering rose. We think it equal to the much lauded American Beauty, and prefer it above that noted variety, as its color is so much purer and brighter.

TRIUMPH DE PERNET PERE—Originated and sent out by Jean Pernet, of France, who considers this the triumph of his life. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious tea fragrance. Color, fine, clear red, sometimes passing to bright crimson; very striking and beautiful. Exquisitely formed buds and flowers, perfectly double to the center.

PIERRE GUILLOT—One of the most valuable of all Hybrid Teas, and remarkable for its very brilliant color, bright, dazzling crimson, passing to vivid carmine red. Flowers extraordinarily large, very double and full; highly scented; profuse bloomer; moderately hardy. Some of our customers in the South claim this is the best and largest red rose grown.

AMERICAN BEAUTY.

New Japanese Trailing or Hardy Memorial or Cemetery Roses.

Rosa Wichuriana—This Rose is especially desirable for planting in cemeteries, as it is entirely hardy everywhere, and is a perfect sheet of bloom. All who want a beautiful Rose to plant on a grave should plant this one. Six plants will completely cover a grave and be in bloom all the time. It does not grow upright, but spreads on the ground like myrtle. It is of a very rapid, prostrate habit of growth, not over 8 inches in height, quickly covering the ground with a mass of very deep, glossy green foliage. In middle of June the flowers appear in bunches in profusion, and

continue all summer. Flowers are about 2 inches across, single, creamy white, with showy masses of golden yellow anthers, and intensely fragrant. For use as a cover plant on banks, edges, or masses of rock, this is unsurpassed, quickly producing the effect desired, and this with the showiest when flowers are becoming scarce. Used in quantities for landscape work in parks and cemeteries, and no private place exists on the grounds of which it can not be used to advantage. **Price, 10 cents each; 3 for 25 cents; or for \$1.00 will send 16 plants; large two year old plants, 35 cents each.**

NEW HYBRID MEMORIAL ROSES.

Rosa Wichuriana.

This new race of pretty, hardy, running roses need no protection in Winter, and from their trailing habit are very valuable for the private garden, and nothing in the Rose line better adapted for the cemetery or public parks, or for covering rocky slopes, embankments, etc. They are also very fine for planting in border or along paths and roadways. Make grand pot plants for the house or conservatory, and can be used as climbers.

Manda's Triumph—This is a grand hybrid of free growth, with fine foliage and clusters of from twelve to eighteen flowers on even a small side shoot, literally covering the plant with its perfectly formed, double, white flowers, nearly two inches across, beautifully imbricated; a valuable sort, either for cut flowers or pot plants. It is also very sweet scented—a valuable variety.

Pink Roamer—The growth is very rampant, and the luxurious foliage partakes more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter; bright rich pink, with almost a white center, which lightens up the orange red stamens, producing an effect which, combined with fragrance, makes it one of the most valuable Roses in cultivation.

Mrs. Lovett—A double, bright pink form of Rosa Wichuriana. In every respect it is a true Memorial Rose, save the flowers. In habit of growth and foliage, hardiness and abundance of bloom, it is identical with its parent, but its roses are double, two and a half inches in diameter, of bright, rosy pink color.

Universal Favorite—A free grower, producing long, branching shoots, with bright, shiny foliage in abundance, and soft, light pink, double flowers, two inches in diameter, strongly perfumed.

South Orange Perfection—This is a gem, with free growth, close to the ground, and multitudes of the most perfectly formed double flowers, about one and one-half inches in diameter; soft blush pink at the tips, changing to white.

Price of above, 10 Cents each; any 3 for 25 Cents.

Special Offer. The Set of SIX NEW MEMORIAL ROSES, 40 Cts.
No Further Discount or Premiums Allowed.

NEW RACE OF ROSES.

The New Evergreen Roses.

THESE are the most remarkable achievements and improvements of a new race and a distinct type of Hardy Roses that have been made for a generation. The growth is remarkable for its freedom, a single plant, four years old, covering a space of 240 feet, with long shoots, twelve to twenty-five feet in length, completely covering the ground with its bright, glossy foliage and showy, fragrant flowers. The foliage of all is leathery in texture, shiny, and not only proof against insects, but Evergreen always; that is, keeping the foliage on all Winter, a characteristic in Roses never before obtained. The use of these Roses will be unlimited; to cover graves, roots, stumps and stems of trees, walls and trellises, also for forcing, as for pot plants during Spring, especially for Easter.

Gardenia—(Wichuriana × Perle des Jardins.) Strong grower with large green foliage. Flowers produced singly on stems one-half to one foot long. When in bud hardly distinguishable from Perle. Bright yellow, and when open, cream color; three to three and a half inches in diameter; incurving towards evening to perfect imitation of Gardenia, or Cape Jessamine as to shape and color; hence the name. Flowers are delightfully fragrant, and produced freely. A grand Rose for any purpose. **Price, young plants, 15 cents each, 2 for 25 cents; large two year old plants, 40 cents each.**

Evergreen Gem—(Wichuriana × Madame Hoste.) Not only evergreen, but grows during mild Winter weather. Stems long, branching, rich bronze color, covering the ground closely. Foliage deep green, the young leaves fine, rich bronze color, closely matted; flowers double, produced singly on stems; yellow buff in bud, opening almost white, two or three inches in diameter; perfectly double, and with a delicate Sweet Briar fragrance. This will be found most valuable for landscape. (See illustration.) **Price, young plants, 15 cents each, 2 for 25 cents; large two year old plants, 40 cents each.**

Jersey Beauty—(Wichuriana × Perle des Jardins.) Extremely vigorous grower, foliage shiny, thick, of leathery substance, flowers singly or in clusters of two to four; large, single, three inches in diameter, opening pale yellow, with clusters of bright yellow stamens, which give it a most striking appearance; fragrant and produced in greatest profusion, covering the plant entirely, and having the appearance of a Yellow Cherokee Rose. Most striking variety of the set. **Price, young plants, 15 cents each, 2 for 25 cents; large two year old plants, 40 cents each.**

SPECIAL OFFER.—The Set of Three Varieties. Strong Young Plants, for 35 cents; Twelve Plants of Either Variety for \$1.00, net. The Set of Three in Large Two Year Old Plants for \$1.00, net.

Our "Champion" Set of Hardy Ever-Blooming Roses.

SPECIAL OFFER—For 50 CENTS we will send free, by mail, the Champion Set of SIX Hardy Ever-Blooming Roses; for \$1.25 we will send THREE Sets. This Set in large two year old plants for \$1.00. No further Discount or Premium.

Champion Set of Hardy Roses Planted Along the Wall. Shows How They Grow and Bloom.

BALL OF SNOW.

(Boule de Nieve.) In this variety we have a hardy, ever-blooming Rose of great value. It is a Rose of great size, perfectly double, exquisitely fragrant, pure white in color and entirely hardy. Invaluable for cemetery planting, or where the white flowers are desired, as it blooms freely all Summer. **Price, 10 cents each; extra large plants, 35 cents each.**

CAPTAIN CHRISTY.

New Hardy Rose. The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a delicate flesh pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free and continuous bloomer. **Price, 15 cents each; large two year old plants, 35 cents each.**

CHAMPION OF THE WORLD.

A very hardy, ever-blooming Rose; advertised extensively. The introducer claims that it is the champion in hardiness, fragrance, vigor, form and color, and for Winter blooming. While we can not endorse all the good qualities claimed for it, we have found it a remarkably free-flowering, hardy Rose, resembling very much Mrs. DeGraw. Color, a rich deep rosy pink, darker and richer than Hermosa. It is always in bloom and is quite hardy. **Price, 15 cents each; large two year old plants, 35 cents.**

DINSMORE.

A Magnificent Hardy Rose. Very similar to Madame Charles Wood, but claimed by the originator to be much stronger in growth and more fragrant. It is a vigorous Rose of dwarf, branching habit, and is fairly loaded down with flowers all Summer long. The flowers are large, perfectly double, of a dazzling scarlet crimson color, with a rich spicy fragrance. It is entirely hardy and blooms incessantly. **Price, 15 cents each; large two year old plants, 35 cents each.**

MADAME MASSON.

An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large; color, a clear bright Rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. Try it. **Price, 15 cents each; two year old plants, 35 cents.**

MADAME ALFRED de ROUGEMONT.

A strong, vigorous grower; begins to bloom at once and continues until stopped by severe freezing. Pure snow-white flowers, finely tinged and clouded with pale rosy blush. Large, full and double, and borne in large clusters. Fragrant and fine. **Price, 10 cents each; two year old plants, 35 cents each.**

THE FIVE HERMOSAS.

Price, 10 Cents Each. Large Two Year Olds, 35 Cents Each.

Best for House or Garden Culture. Constantly in Bloom.

Red Hermosa—Color, a rich dark velvety crimson scarlet, literally loaded with flowers at all times; extra good for the house or garden.

White Hermosa, or Marie Lambert—Pure white. It has been called Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite valuable, for though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. (See illustration.)

Pink Hermosa—A clean, healthy grower; color, bright pink. It is grown largely in New York cemeteries for its hardiness and continuous blooming.

Yellow Hermosa, or Coquette de Lyon—This is a most charming yellow Tea Rose; a good grower, has elegant buds, and is so free a bloomer as to be called the Yellow Hermosa. A Rose that will please all.

Blush Hermosa—This elegant Tea Rose has been thoroughly tested and has given perfect satisfaction. It is a strong, robust grower, and a constant and profuse bloomer. The color is a soft white blush, delicate rose center shaded with fawn: flowers of large size, very full and delightfully sweet.

SPECIAL OFFER—We will mail the Five Hermosas, one of each, for 35 cents, four sets for \$1.00. The set in two year old plants for 75 cents. No further discount.

PERPETUAL BLOOMERS.

In the South and Pacific Coast, where the following varieties stand the Winters, nothing can compare with them for beauty of bud and foliage.

OUR CLIMBING TEA AND NOISETTE ROSES

They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent blossoms.

PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.

Large Two Year Old Plants Cost 25 Cents Each, Except Where Noted.

America—Very large beautiful buds, flowers a rich creamy yellow, passing to orange. Full and sweet. A rampant climber.

Climbing Perle Des Jardins—In every respect same as the well known "Pearl of the Garden," except that it is of climbing habit; the buds and flowers are much larger than those of the parent. **Price, 10 cents each; large two year old plants, 40 cents each.**

Caroline Goodrich, or Climbing General Jacqueminto—This rose has finely formed, very double flowers and its fragrance is most delicious. This is a hardy Climbing Tea and should not be classed with the hardy climbers that bloom but once a year. The color

is the same as that of General Jacqueminto. **Price, 10 cents each; large two year old plants, 30 cents each.**

Celine Forestier—Deep sulphur yellow, flowers large.

Claire Carnot—Buff orange yellow; peach blossom center.

Climbing Devoniensis—The same as Devoniensis, except that it is a rampant climber. A magnolia fragrance.

Cloth of Gold, or Chromatella—Clear, golden yellow; large, very full and double; highly fragrant. Much prized in the South for pillars and verandas.

Carmine Pillar, New Clematis Flowered Rose—One of the really charming roses, with single flowers 12 to 15 inches in circumference; of the brightest rosy carmine and produced in great profusion. The editor of Gardening says of it: "Paul's Carmine Pillar Rose is in bloom and what a beauty it is! **Saucer shaped single roses, 3 inches in diameter**, of the color that gave it its name, dot the bush from the ground up to its tips, some eight or more feet high. A matured plant must be a sight worth going miles to see. This rose is undoubtedly hardy in most sections of our country, and in all sections under protection and should be as universally grown as Crimson Rambler." We offer the true stock. **Price, strong young plants, 15 cents each; 2 for 25 cents; large two year old plants, 35 cents.**

Estella Pradle—Lovely pure white buds; flowers full and sweet.

Glorie de Dijon—Our Southern friends are unbounded in their admiration of this fine rose, which is seen there in its fullest perfection, being hardy in their section, where it is used as a pillar rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shades of color, being a blending of amber, carmine and cream. One of the finest roses on our list. **Price, 15 cents each; large two year old plants, 30 cents each.**

Golden Chain, or Climbing Safrano (Reve d'Or)—A beautiful pillar rose, being a strong climber. Color, orange yellow or deep saffron; good size, full and sweet.

Gold of Ophir, (Ophire)—Nasturtium yellow, suffused with coppery red. One of the most beautiful of the Climbing Roses.

James Sprunt—Deep velvety crimson; very double.

Lamarque—Flowers of medium size, borne in large clusters; pure white and double. A most beautiful rose. A strong, hardy grower and free bloomer.

Madame Alfred Carriere—Extra large, full flowers, very double and sweet; color, a rich, creamy white, faintly tinged with pale yellow; exceedingly beautiful.

Marechal Niel—One of the most magnificent Roses ever grown; superb buds and flowers, extra large, very double and deliciously perfumed; color, deep golden yellow; highly esteemed for general planting and greenhouse culture, and in the South a splendid climber. **Price, first size, 10 cents each; large two year old plants, 50 cents; extra large two year old plants, \$1.00.**

Pink Rover—A decidedly meritorious new Rose of semi-climbing habit. The color is pale pink, deeper in the center of flower. The open flowers have the delicate tints of Alba or Maiden's Blush roses. The flowers are large, full and expanded and exceedingly sweet; most useful in the bud state for button-holes. A most desirable variety for pegging down for pillars, standards, or covering moderately sized spaces on walls or fences; is hardy with moderate protection. The growth and bloom is extremely free; worthy of extensive planting. **Price, 15 cents each; large two year old plants, 35 cents each.**

Reine Marie Henrietta, or Red Flowering Glorie de Dijon—A strong, vigorous grower; flowers large, full and of fine form; color, a pure cherry red, sweet scented. Succeeds well in the South. **Price, 10 cents.**

Reine Olga De Wurtemberg—This is a splendid rose. Should be grown where the Marechal Niel succeeds. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color, rose crimson, suffused with yellow.

Solfaterre—Climbing habit; fine, clear, sulphur yellow; large, full and double; very sweet,

The Mary Washington Climbing Pillar Rose—This rose, so widely advertised, is claimed by the introducer to have originated in the garden of George Washington, at Mt. Vernon, over one hundred years ago. It is an ever blooming Climbing Rose of vigorous, rapid growth, and makes a profusion of fine buds, which are borne in large clusters. The flowers resemble the Polyantha Roses and are of medium size, perfectly double, very sweet and borne in endless numbers all summer. **Price, 10 cents each; large two year old plants, 35 cents each.**

Waltham Queen—A splendid, new, ever blooming Climbing Rose; hardy in the North. It is a strong grower and continuous bloomer. The flowers are large, full and sweet; the color is a rich, scarlet crimson, very beautiful and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest of profusion its rich, red flowers of magnificent size. **Price, 10 cents each; large size, 35 cents.**

William Allen Richardson—Orange yellow, with outer petals lighter, center coppery yellow. Very rich. Rapidly becoming popular. All rose growers, where the Climbing Teas are hardy, should plant this beautiful rose, as it is a unique and lovely shade of yellow; something entirely distinct in Climbing Roses. **Price, 10 cents each; large size, 30 cents each.**

Please read what we have to say about **Psyche, New Pink Rambler Novelty for 1901**, also of **Red Marechal Niel** on same page. Then don't forget to look over page 15, on which we describe the **Seven Magnificent Climbing Roses** we especially recommend.

SPECIAL OFFER— We Will send you 10 one year old Roses from the Bouquet List, our selection only, for 50 cents, or you may select any 8 for 50 cents, postage paid. YOU may select any 8 large two year old plants for \$1.25, or we will send 10 plants, of our selection only, for \$1.25, postpaid. No other premium or discount allowed.

Aline Sisley One of the best. This is a splendid, free flowering, strong growing, dark colored Tea, and beyond a doubt one of the most satisfactory varieties for open ground culture, where it grows to perfection. The flowers are very large, full and double. The color is a rich, rare shade of red, brightened with crimson maroon. The fragrance is exceedingly sweet and more pronounced than is found in most Teas. It blooms with wonderful freedom. A grand red variety.

AMERICAN PERFECTION.—This is a very fine Rose, and worthy of a place in the list. The color is light pink, shading deeper toward the center of the flower. The flower is very double, full and deep; in the bud it is exceedingly handsome. Fine free bloomer and strong grower, especially adapted to Winter blooming.

Andre Schwartz (Ever-blooming "Jack")—Since its introduction this Rose has been known as the "true Tea Jacqueminot," because of its striking resemblance to that famous variety. The flowers are beautifully made, being large, full and of excellent substance. The color is brilliant glowing scarlet, passing to rich crimson, very bright and strikingly beautiful. It is a strong, sturdy grower, and a constant and profuse bloomer. Cannot be surpassed in the open ground.

Beaute Inconstant A very wonderful, new changeable colored Rose, deriving its name from its quality of producing flowers of different shades on the same plant. The colors vary from crimson to light pink, through all shades of tawny red orange, chrome and deep rose, all three colors being frequently seen on one bush at the same time. The beauty of color effects is indescribable.

Bougere Old and famous. Any one who has seen this grand old sort growing in the open ground will agree that it deserves the brightest words of praise we can give it, having been introduced in 1832. Since then it has been tried, and found to be of rare value for general planting. The flowers are unusually large, deep, full and double; they are supported on long stems, and are produced in bountiful abundance throughout the growing season. In color they are bronze rose or violet crimson, delicately shaded with lilac; exceedingly sweet; remarkably hardy.

Bon Silene A grand old rose. This remarkable rose was introduced in 1839, and up to this time no new variety has superseded it, a fact that bears ample testimony of its valuable qualities. It is superb in every way. Perhaps the most noted feature is the immense size and beauty of its buds, which cannot be surpassed for bouquets and decorative purposes. The color is deep rose, sometimes bright rosy crimson, occasionally pale light rose. In the open ground it grows to perfection, producing crop after crop of its beautiful flowers in unbroken continuity, from early Spring until late in Autumn. Of all the Teas there are none better, none sweeter. It is now being generally planted by cut-flower growers. It is exceedingly fragrant, and like Marechal Niel the odor is peculiarly its own.

Bouquet of Gold We place this elegant Rose the first on the list of yellow Roses for several reasons. In color it is a deep golden yellow. There is no denying the fact that yellow and white Roses are admired by every one, but the yellow has the more admirers of the two. The size and shape are all that could be desired. Full, round flowers of the largest size, perfectly double to the center, and the fragrance is elegant. The growth is vigorous, while the foliage is of that beautiful tint of green that goes so well with yellow. If you have heretofore been disappointed in getting a yellow Rose that pleased you in every particular, don't fail to try this one, as it will not only win your favor, but forever retain it.

Charles Legrady A fine bedding Rose. This splendid Rose is almost unexcelled for general planting, particularly for bedding purposes; color, fine chammois red, richly shaded dark crimson; very sweet and a constant bloomer; we recommend it as extra fine.

Countess Eva Starhemburg Long, pointed buds of great beauty; color, creamy yellow, shaded and touched with rose.

DR. GRILL—Coppery yellow, with fawny rose reflex; a fine garden rose. Remarkably handsome.

Duchess of Edinburg Large buds of the most intense dark crimson.

Duchess de Brabant The People's Rose. Every order we get from New Orleans includes this charming variety. In the desire to obtain new varieties of Roses, rosarians and dealers are too often prone to overlook old standard sorts which are unquestionably meritorious. Some sorts are too good to be crowded to the wall by new aspirants for honors, as witness the Gen. Jacqueminot, Marechal Niel, La France, Malmaison, and many others, and to this class belongs the Duchess de Brabant. Roses come and go, but these go on forever. Duchess de Brabant unites in a pronounced degree the highest attributes of a garden Rose. It is vigorous, never fails to produce flowers, healthy, rarely diseased in any way, large, full blossoms, beautiful in the bud or open flower, a beautiful shade of soft rosy flesh, deepening to warm pink and bright rose, delicately edged with silver. Delightfully fragrant.

Devoniensis The charming Magnolia Rose. We doubt if there is scarcely any one who does not know of the beauty of this famous old favorite. There is no other variety like it, and none more beautiful or desirable. If there is one variety more than another that we are partial to, it is Devoniensis. It is fine everywhere. Planted outdoors it gives an abundance of its beautiful flowers all through the season. The color is a lovely creamy white with rose center; large, very full and double, and deliciously scented. This is the one Rose that should be seen in every garden.

Earnest Metz Finely formed and beautifully tinted in buds and open flower. Color, soft satiny carmine pink, bordered with bright rose, and flamed with crimson in the center. Buds long and handsome. Flowers are large and sweet. Vigorous and free blooming. A favorite Rose everywhere.

Enfant de Lyon The Sweet Anise Rose.—This is a strong growing Rose, producing light pink flowers with shades of coppery yellow, having a distinct Sweet Anise fragrance that is exquisite. We know of no Rose more sweet. The peculiar sweet Anise fragrance is confined to this Rose alone. It is much admired. 10 cents each; large two-year-old plants, 50 cents each.

Empress Eugenie One of the best blooming roses we have; light, soft rose color; very perfect form and very double, shape of Souv. de Malmaison. Prime favorite in the South.

Gen. R. E. Lee A fine new Rose of great value to the general planter. It grows with great vigor, and is one of the Roses that is valuable the whole year round. When placed in open ground it quickly makes a large bush, and commences to bloom almost as soon as set out, continuing up until severe freezing weather. It produces its lovely flowers so freely that in this respect it ranks among such Roses as Princess Bonnie and Clotilde Soupert. As a pot Rose for Winter blooming it is especially good. The flowers are large, full and double; both in bud and full-blown flower they are beautiful. Color, orange yellow, and as the weather becomes cooler the shade deepens until it reaches rich salmon tints.

HENRY M. STANLEY—The color is a rare shade of amber rose, tinged with apricot yellow.

J. B. VERRONE—Intense scarlet crimson, rich and bright, shaded with salmon yellow.

La Phoenix Fine brilliant carmine rose; good-sized flowers, full and double; profuse bloomer. One of the best bedding sorts in the list. A grand pot plant.

Luciole Unequaled in its delightful coloring and size of buds; color, bright carmine rose, tinted and shaded yellow.

La Princess Vera A splendid outdoor Rose. For strong, clean growth, freedom and constancy of bloom and beauty of flower and color, this variety was one of the few selected as the best. Without doubt this a grand Rose for general planting, particularly for bedding in the open ground. The flowers are large, finely made and open beautifully. When fully open there appears to be a flower within a flower, so perfect is the form. The color is rich ivory white, shaded and veined with a fine copper yellow, and delicately penciled with pale blush. A truly grand and beautiful Rose, and one that by virtue of its great excellence ranks among the best in cultivation.

Letty Coles Very large, sweet and handsome. With great, large, deep, double, sweet-scented flowers that look more like a Hybrid Perpetual than a Tea Rose. This variety is justly regarded as one of the very finest Roses in cultivation. The flowers are big, full and globular in form, very double, and are produced in wonderful profusion on stiff stems. The color is soft, rosy pink, deeply shaded with intense crimson. The tea fragrance is exceedingly sweet. We recommend it as one of the very finest and strongest-growing Roses in our list. It will give absolute satisfaction.

Madame Caroline Kuster Bright lemon yellow; very large and handsomely shaped; one of the finest Roses; very free flowering. When its wood has once been hardened it bears buds as large and handsome as Marechal Niel.

Mad. Pierre Guillot A magnificent Rose. This is undoubtedly one of the finest and most desirable Tea Roses recently introduced; large, full, globular flowers, having great substance. Color, delicate orange yellow, distinctly veined and bordered with clear pink. Altogether unique and remarkable and exceedingly handsome. It makes fine, large, pointed buds, is a good healthy grower and a regular constant bloomer. Valuable for forcing and conservatory, as well as for open ground.

Madame de Vraty One of the brightest Roses. We not only one of the brightest but one of the very best and most satisfactory Roses for general planting, especially outdoors. It makes big, clean buds of great beauty, and opens well, showing the large, full, double flowers to great advantage. The color is a rich crimson scarlet, bright and beautiful. Blooms freely and constantly, growing strong and healthy; holds the foliage well. In every way a fine Rose.

Madame Eli Lambert An exquisite Rose, rich creamy white, faintly tinted with pale yellow, and bordered and shaded with soft, rosy flesh.

Madame E. Resal Flower of medium size, with long, pointed buds; semi-double when fully open; a novel and distinct color—orange and scarlet at first opening, changing to pink and orange in the open flower. Prolific bloomer.

MADAME HONORE DEFRESNE—Beautiful citron yellow, coppery yellow shading.

Madame Lombard A first-class Rose for bedding. Extra large, full flowers, very double and sweet. Color, a beautiful shade of rosy bronze, passing to salmon and fawn, beautifully shaded with rich bright carmine.

Madame Rivot Looks like a Hybrid Perpetual in flower and foliage; is hardy. In this grand old variety we have a Rose of no ordinary excellence. It is entitled to a place among ever-blooming Roses equal to that which General Jacqueminot takes among Hybrid Perpetuals; indeed, it is not unlike a Hybrid Perpetual in the extra large, full and loose-formed double flowers, enchanting fragrance, intensity of color, large, handsome foliage and extreme vigor of growth; it is hardy with slight protection; a quick, constant and profuse bloomer. For outdoor culture it is not excelled by any Rose of its color. Flowers produced in great abundance upon long, stiff stems, and in color may be described as a rich crimson scarlet, very bright and effective. We doubt if any of our customers have ever seen this lovely Rose, and it is for their benefit, that all may secure one of the finest and best of Roses grown, that we call special attention to it.

Madame Scipion Cochet Color, a soft primrose yellow, with Rose shadings; unique in size and shade of buds.

MADAME WELCHE—Color, soft Rose, with pale yellow, sometimes cream. A charming Rose.

MADAME JEAN SISLEY—This is a splendid pot Rose, blooming very freely. Flowers of fine shape, outer petals finely imbricated. Color, pure white. Equally as valuable for outdoor culture as for pots. Distinct and fine.

Mademoiselle Franciska Kruger The striking color of this handsome rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet and resembles it in everything but color. In its shading of deep coppery yellow it stands unique and distinct from all others. The flower, when open is of good size. One of the finest to plant in masses and clumps.

Marie Van Houtte A beautiful rose. This exceedingly lovely variety cannot be surpassed by any rose of its color. In the open ground it is truly magnificent. The flowers are extra large, very double and full and are deliciously scented. The color is pale canary yellow, passing to rich creamy white, shaded with pale rose. It grows strong and sturdily and blooms constantly with great freedom. As an outdoor rose for bedding, massing or for single specimens cannot be exceeded.

Marie Louise While this is not a new variety it is the first time catalogued under this name. It is the old Aurora, but in New Orleans and throughout the South it goes under the name of Marie Louise, and as we have a new Tea Rose of that name, we will henceforth catalogue it as Marie Louise. It is probably the best pink or flesh colored Rose, being a strong branching grower. Flowers of large size and extremely profuse in its blooming. Try this in your garden. It will please you.

New Rose, the Gem (or the Fair Unknown)—This rose is identical with Marie Van Houtte, except that it is claimed to be twice the size. We have seen enough to know that it will do to talk about and praise. Of a fine, faultless, straw yellow color, with the outer petals washed and outlined with a bright rosy crimson. Occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. Beautiful, superb rose.

PEARL RIVERS—The ground color is ivory white, with petals delicately shaded and bordered with pale rose.

Queen's Scarlet The very best of all red roses for bedding. It can be planted anywhere, being entirely hardy. Large sized flowers, a beautiful crimson scarlet color of dazzling brilliancy. A bed of this rose produces a mass of color equalling, if not excelling, a bed of geraniums. It is planted everywhere on account of its great freedom of bloom and charming color. None better.

RAINBOW—The color is lovely pink; blotched and striped with the darkest crimson.

RHEINGOLD—Long pointed buds; the color is a Naples yellow, shaded with orange; a beautiful flower.

Ruby Gold Tawny yellow, shading to "old gold;" crimson center, with veins of rosy red and pink.

Sanguinea The Great Rose for House Culture, (Or Otahite Rose).—This old-fashioned Rose has been practically ignored in the past twenty years, except in certain localities where its worth and beauty have been known. It belongs to the *Centifolia Muscosa* section of Roses, and is the one Rose that is eminently adapted to house culture, as it thrives under almost any conditions and surroundings. It is the only Rose in our whole list that will grow luxuriantly and bloom freely under adverse conditions. The foliage is small and of a reddish cast, when growing rapidly. The flowers are semi-double, of the most intense velvety crimson, very bright and brilliant and freely produced. Besides its adaption to house culture, it is grand for bedding out for a mass of bloom. It is employed in the East around Long Branch, Newport and the suburbs of all the large cities by the hundreds of thousands for this purpose. Be sure and try this Rose, either indoors or out. You cannot help but succeed with it. We guarantee our stock true. **16 fine plants for \$1.00. Or will be sent by express at \$5.00 per hundred.**

Souv. De Laurents Guillot A novel, new and distinct Tea Rose, with a marvelous combination of color and shadings. Flowers very large and double, with recurved petals. The plant is a splendid grower, with dense foliage; a very profuse bloomer. Color, a deep pink, shading to a center of yellowish peach; edge of petals distinctly bordered carmine. Very showy and distinct.

Sunset This exquisite orange yellow variety is one of the finest Tea Roses grown. The flowers are large and double. The exquisite shades of coloring in this variety can only be compared to the gorgeous colors of a Summer sunset; hence the name. It is deliciously fragrant. A strong growing and free flowering variety.

Vallee De Chamounix A changeable rose. This is one of the really elegant roses, distinct and beautiful; very double, full and sweet; buds exceedingly pretty. The color is rich, and, like the Beaute Instant, is variable. One bush will produce flowers of many colors that are rich and charming in the extreme. The colors range from coppery yellow to rosy blush and crimson. The fragrance is delicious and distinctly different from any other variety we know; it is rich and suggests the delicious fragrance found in cherry blossoms. This is an exceedingly fine rose and one that everyone will like.

WHITE PERLE DES JARDINS—A pure ivory white "Pearl of the Garden." A superb rose.

White Bon Silene A companion to and an exact counterpart of Bon Silene in everything save color. This elegant variety is valued for its buds, which are identical with Bon Silene, except in color, which is pure white. It is a sport from Bon Silene, and has the same vigorous habit of growth; it is exceedingly fine for open ground planting.

Five Beautiful Malmaison Roses.

There are, we presume, but few persons who cultivate Roses that are not familiar with that old, tried and true variety, "MALMAISON." This Rose is known in the South as "Souvenir." It has been the one standard variety in Rose gardens for the past thirty years; and, in fact, there is not a Rose extant that rivals it for general cultivation. We have the pleasure of offering four companions of it. They are exact counterparts of Malmaison in growth, foliage and freedom of bloom. In fact, in every respect except the color of their flowers. We feel sure they will be a welcome addition to all Rose gardens.

WHITE MALMAISON.	RED MALMAISON.	"SOUVENIR" PINK MALMAISON.	CLIMBING MALMAISON.	STRIPED MALMAISON.
---------------------	-------------------	-------------------------------	------------------------	-----------------------

"SOUVENIR" DE LA MALMAISON.

This grand old variety, when used as a Bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh colored flowers are of immense size, double to the center, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Exquisitely fragrant. A noble Rose. 10 cents each; large two year old plants, 40 cents each.

THE GRAND NEW ROSE,

CLIMBING MALMAISON.

This Rose is an exact counterpart of Malmaison in foliage and flower, but is a rampant climber. You cannot tell the flower or foliage from that old-time, tried and true variety, Malmaison. It will be a welcome addition wherever climbing Roses are planted. Just imagine a Rose climbing over the side of your house or enclosing your veranda in its luxuriant foliage, bearing flesh colored Roses of immense size, and double to the center. It is the strongest and most rampant grower of any climbing Rose we have. It made a growth the past season of twenty feet, and bloomed every month of the Summer. We can cheerfully recommend this Rose to all our patrons. This is the grandest climbing Rose we know of. 15 cents each; large two-year-old plants, 50 cents each.

NEW ROSE, BERTHA CLAVEL, OR

STRIPED MALMAISON.

This charming variety is a striped sport from old "Souvenir" de la Malmaison. The color is a creamy white, with rose center, reverse of the petals striped carmine and light rose, making

a charming combination of colors. We think this a novel and useful new Rose. Offered for the first time last year. 15 cents each; large two-year-old plants, 40 cents each.

A SPLENDID ROSE, - - -

RED MALMAISON.

This Rose is not so well known as it should be, as it is a first class Rose in every respect, being an exact counterpart of Malmaison except in color, being a rich, velvety crimson of satin finish. It is very bright and handsome, and is a great Summer bedder. 20 cents each; large two-year-old plants, 50 cents each.

THE WONDERFUL NEW ROSE, CROWN PRINCESS VICTORIA, OR

WHITE MALMAISON.

This Rose has our highest commendation. It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is a pure, waxy, snow white, the center of the flower has a lemon tint, just enough to light up and brighten it, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Certainly a grand acquisition. Resembles that grand old Rose Malmaison in shape and fullness. We doubt very much if there is a finer Ros grown than this one. It is grand in every respect. We have tested it fully, and each year only confirms our high esteem for it. The best white Rose we have to offer you. 15 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER—The Five Malmaison Roses sent for a remittance of 50 cents. Five large two-year-old size for \$1.25. A great bargain, as you get five of the finest and most elegant Roses at a very moderate cost.

ARBOR, OR HARDY CLIMBING PRAIRIE ROSES

Price, 8 cents each; large two year old plants, 25 cents each.

The Hardy Climbing Roses are always valuable for training over arbors, verandas and screens for unsightly objects, such as old fences, walls, etc. They bloom the second season, but are then loaded with splendid roses, and for a few weeks in June are the most beautiful of all flowers.

Baltimore Belle—Pale blush, shading to rose color; very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the best.

Greville, or Seven Sisters—Flowers in large clusters; varies in color from white to crimson. Luxuriant, dark, green foliage.

Prairie Queen—Clear, bright carmine pink, sometimes with a white stripe; large, compact and globular; very double and full; blooms in clusters. One of the best.

Milledgeville, or Pride of the South—A splendid variety. Color, a rich satiny pink, very fresh and beautiful. Fine, large, globular flowers, full, regular form; very double and sweet. A profuse bloomer and quite hardy.

Tennessee Belle—A strong, vigorous grower and free bloomer; color, bright rosy blush; large, full and fragrant.

Champney—A fine, hardy pillar Rose; quite double and fragrant; flowers deep rose, changing to pink; desirable.

Russell's Cottage—Dark, velvety crimson; very double and full; profuse bloomer. A brilliant Rose.

Mrs. Gunnel—Soft, rosy blush, becoming almost white; large clusters; full and double. Much admired.

BEAUTIFUL MOSS ROSES

Moss Roses stand alone in picturesque beauty, different and distinct from all others. Their opening buds, half covered with delicate clinging moss of fairy-like texture, are the admiration of every beholder. Strong, vigorous growers, perfectly hardy and justly esteemed as very desirable for outdoor culture in the open. Being difficult and slow of propagation, they are always rare and scarce.

Price of Moss Roses, 10 cents each, except where noted.

We will send 6 of these Roses, our selection, for 50 cents, net. Large two year old plants, 35 cents each, except where noted.

Alice Leroy—Fine, clear pink; extra fragrant flowers, generally produced in large clusters, delightfully perfumed. Buds thickly covered with lovely deep green moss.

Alphels Purpurea—Deep, rich, velvety crimson; large, fine form, well covered with moss.

De Luxembourg—Bright crimson scarlet, large and double; very sweet and mossy.

Comtesse De Murinais—Flowers white, sometimes tinged with flesh color, large, double, cupped, buds heavily mossed. Price, 15 cents each.

Elizabeth Rowe—Extra large, massive flowers, very double and well filled out; bright, satiny pink, elegantly shaded; very fragrant; finely mossed.

Glory of Mosses—Most delicious fragrance; color, rich, glossy pink, tinged crimson; large, globular; buds almost hidden with beautiful moss.

Crimson Globe, New Centifolia Moss Rose—This is the richest crimson in color of all the Moss Roses; very large and bright; buds are well covered with moss. Price, 20 cents each; large two year old plants, 40 cents each.

Henri Martin—Color, deep rosy carmine, shaded bright crimson; very mossy and fragrant.

Blanch Moreau, Perpetual Moss Rose—New and highly recommended; flowers are large, full and sweet. The color is a pure white and both flowers and buds have an abundance of deep green moss. Price, 20 cents each; large two year old plants, 40 cents each.

The Best Six, Nearest Black Hardy Roses.

The Set of Six for 50 cents; the set, in large, two year old size, for only \$1.25. No further discounts on these offers.

If you wish the nearest Black Hardy Hybrid Perpetual Roses you should order the varieties named below. They are the darkest of any and exceedingly beautiful. Try them.

Antoine Quignon—Extra large flowers, very full, compact and regular form. Color, a rich, violet crimson, elegantly tinged and shaded with maroon red; a free bloomer and very sweet. Price, 15 cents each; large two year old plants, 30 cents each.

Baron De Bonstetten—Splendid large flowers, very double and full. Color, a rich, dark red, passing to a deep velvety maroon; highly scented and very beautiful. Price, 15 cents each; large two year old plants, 30 cents each.

Black Prince—A superb Hybrid Perpetual Rose, very dark-blackish red, richly shaded with violet crimson; extra large, full flowers, delightfully perfumed; good bushy habit; a hardy and vigorous grower and free bloomer. One of the very best dark roses. Price, 15 cents each; large two year old plants, 30 cents each.

Duke of Edinburgh—Dark, velvety maroon, full, regular form; very handsome and fragrant; a perfect beauty. Price, 15 cents each; large two year old plants, 30 cents each.

Princess Camille De Rohan—Very dark, rich, velvety crimson, passing to intense maroon, shaded black; large, full flowers, looking at a little distance as if really black. One of the darkest Roses, very handsome. Price, 15c.; large two year old plants, 30c.

Souvenir De Duchere—A superb Rose; extra large, compact flowers; very full, double and sweet. Color, a beautiful brilliant scarlet, deepening to dark, glowing crimson; very rich and handsome. Price, 15 cents; large two year old plants, 30 cents.

PRINCE CAMILLE DE ROHAN

Hardy Hybrid Perpetual Roses

FOR PERMANENT PLANTING IN THE OPEN GROUND.

For permanent planting the Hybrid Perpetual Roses are the most valuable of all hardy plants. The flowers are very large, of delightful fragrance, and the colors are much richer than the ever-blooming Rose. They are not, as a rule, constant bloomers, but live from year to year, and flower profusely in June, with occasional flowers during the summer and autumn months. While they will thrive with very little care or attention, they will richly repay careful attention in pruning, cultivation, and mulching in the fall with stable manure. The following list embraces the best varieties in cultivation:

Price, 10 cents each, except where noted. Large, two-year-old plants, 25 cents each, except where noted.

Alfred Colomb — A bright carmine crimson. Very large, full and fine, globular form.

Anna de Diesbach — Long and pointed buds; brilliant crimson, sometimes shaded with bright maroon.

Countess of Roseberry, New Hardy Rose — We have in this charming variety probably the most beautiful Rose grown. No other Hybrid can approach it in its exquisite coloring. Indeed, no one would take it for a Hybrid, as it is as delicate and beautiful in its tints as the most gorgeous of the Teas. Color satin-pink in the center, and deepens in the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. Very free flowering; a good grower. Try it. **Price, 15 cents each; large, two-year-old plants, 25 cents each.**

Coquette des Alps — A lovely, pure white Rose. Very full and free in flower. Delicious fragrance.

Coquette des Blancches — One of the finest white Hybrid Perpetuals. Flowers large; pure snow white; very double, full and fragrant. A constant bloomer.

Captain Christy — The color is lovely shade of pale peach, deepening at center to rosy crimson.

Caroline Marniesse, Grand Cemetery Rose — A hardy Rose that is always in bloom. As a bedding Rose this variety has no superior. Is literally a continuous bloomer, being constantly covered with flowers the entire Summer. The blossoms are of medium size, full and double and borne in very pretty clusters. Color, pure white, slightly tinged with pink, with delightful tea fragrance. The bush is low growing, and especially adapted for border or cemetery planting. It is entirely hardy, having withstood unprotected a temperature of eighteen degrees below zero without the least injury.

Clio — Grandest addition to our list of white or blush, hardy garden roses. Flower is simply perfection in form; fine, broad petals; high full center; magnificent in all its stages of growth. Color, delicate satin blush, a light shading of rosy pink at center. Plant is strong, vigorous grower; large, handsome foliage. Added to other good qualities, has the merit of being a prolific bloomer; without question the finest white hybrid to date. Large illustration will give you a faint idea of its magnificence. **Price, 20 cents each; 3 for 50 cents; large two-year old plants, 50 cents.**

Doctor Hogg — Deep violet crimson, richly shaded with maroon; shell shaped petals; full, compact form. Very double and desirable.

Earl of Dufferin, New Hardy Rose — Fine, velvety-crimson, beautifully shaded dark, rich maroon; very large, full and finely formed; fragrant and free bloomer.

Empress of India — Dark, rich, velvety crimson, perhaps the darkest variety.

General Jacqueminot — A rich velvety crimson, changing to scarlet crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all the Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties and perfectly hardy.

Countess of Roseberry

Genl. Washington — This magnificent Rose is one of the best for general planting. Color, a beautiful, shining crimson; very rich and beautiful; flowers are large, and perfectly double. It is a very free and regular bloomer.

Giant of Battles — This is still esteemed the very best rich, red Rose. Very large, full and sweet.

Gustave Piganeau — The color is a beautiful shade of bright and brilliant carmine.

Glorie de Margottin — Clear, dazzling red; one of the most brilliant in the collection.

Glorie de Lyonnaise — The flowers are a pale shade of chamois or salmon yellow and shaded white, orange and fawn.

Fisher Holmes — Dark, rich scarlet, elegantly shaded with deep, velvety crimson; beautiful, extra large, full flowers, fragrant.

Fortune's Double Yellow, Beauty of Glazenwood — Bronzed yellow or copper and fawn color. Remains a long time in bloom, a strong grower and very hardy.

Francois Levet — A very beautiful Rose. Soft China pink, delicately shaded carmine and blush; large finely formed flowers, delightfully fragrant.

Helen Keller — Won 9 first-class certificates and first honors at all leading shows. True perpetual bloomer; an ideal hardy garden rose; strong, vigorous grower; producing large hardy flowers in the grandest profusion throughout growing season. Flowers of great substance, large, full fragrant; buds are superbly beautiful; color, brilliant rosy pink; certainly a lovely acquisition. **Price 15 cents each; large two-year-old plants, 50 cents.**

New Crimson Hardy Rose, Jubilee.

Jubilee—It is a true Hybrid Remontant Rose, perfectly hardy, blooming in the Fall as well as in the early Summer; very vigorous, large, dark green foliage, one of its distinguishing features, short jointed, long flower stems and branches freely; blooms most abundantly, three flowers and over on each shoot; the ideal habit for a hardy garden rose. The flowers are very large, reaching six inches across under good culture; outer petals partially reflexed and recurved, the center petals upright and very gracefully disposed, giving grace and finish without showing the center; they last a long time when cut. The buds are long and rounded, the petals falling away gracefully, revealing the rich, velvety texture. The fragrance is strong, delightfully rich and very lasting. Its wealth of color a pure red in its deepest tone, shading to deep crimson red and velvety maroon red in the depths of the petals. Fine, rich, velvety finish to the petals is all its own, and is not even approached by any other rose yet introduced. **Price, 15 cents each; 2 for 25 cts.; large two year old plants, 50 cents each.**

Jules Margottin—Bright, clear, cherry red; large and very double; a general favorite. One of the best Roses.

John Hopper—One of the most reliable and satisfactory Hybrid Perpetual Roses; flowers are large, very regular and full; color, brilliant Rose changing to bright glowing pink shaded with rich crimson; very sweet and a remarkably profuse bloomer.

King of Sweden—(The Black Rose)—This wonderful new Hybrid Perpetual Rose was raised in France. It is an extra strong and vigorous grower; flowers large and double and of the darkest velvety crimson black color yet seen in any Rose. Very sweet, perfect shape and the richest colored sort yet introduced. Blooms when small. **Price, 15 cents each; large two year old plants, 30 cents each.**

La Reine—A beautiful clear bright Rose, fine, full form; very fragrant. It is well named "The Queen."

Lady Emily Peel—Very sweet; color, white, sometimes tinged and shaded with blush.

Lady Helen Stewart—Large, full rounded flowers; highly perfumed; bright crimson, shaded scarlet; very beautiful.

Madame Plantier—The iron-clad white cemetery Rose. This is the old standby, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful snowy white, fragrant Roses. It is as hardy as an oak.

Magna Charta—A bright, clear pink, suffused with carmine; very sweetly scented. This magnificent Rose really seems to have been forgotten by the planters of later years. It should be planted in every garden, as it has a very free and vigorous habit and the flowers are exceptionally large, finely formed and very double.

Madame Charles Wood—A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full, and quite fragrant. Color a bright, fiery scarlet, passing to fine rosy crimson, elegantly shaded with maroon. Very

showy and handsome, and one of the best Roses ever introduced for general planting.

Mrs. John Laing—Clear, bright, shell pink, exquisitely shaded. **Price, 15 cents each; large two year old plants, 35 cents each.**

Marshall P. Wilder, New Hardy Rose—This fine new rose originated in this country, and was named in honor of the venerated President of the Pomological Soc. ety. It is a rose of unusual excellence. Flowers are large, semi-globular, full and of good substance. Color, a bright, scarlet crimson, richly shaded with maroon, very fragrant and a free bloomer.

Madame Joseph Desbois, New Hardy Rose—A most vigorous grower and persistent bloomer. The flowers are very large and double, on long stiff stems of fine waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow white. This we commend as being a very desirable sort. We had buds on this rose four inches through. A veritable beauty. This no doubt is the very best white Hardy Rose in existence. It is difficult to propagate, and for this reason will always be scarce and high priced, but it grows well after once being rooted. **Price 20 cents each; large two year old plants, 40 cents each.**

Margaret Dickson—Awarded the gold medal and six first-class certificates in England. This magnificent new white Hybrid Perpetual Rose was raised and sent out by Messrs. Alexander Dickson & Sons, of Belfast, Ireland. It is unquestionably the greatest acquisition made in Roses for the past ten years. Some idea of its worth can be formed from the fact that wherever it has been exhibited in Great Britain it has carried off the first honors, receiving in one year the gold medal of the National Rose Society of New England and six first-class certificates. No other Rose has ever received so many certificates of merit in a single year. It has been thoroughly tested in America, and we have no hesitation in saying it is the best white Hybrid Perpetual for planting in the garden. The color is white, with pale fresh center, petals very large, shell-shaped, and of immense substance. The flowers are of magnificent form, produced singly on long, stiff stems and very double, and have the true Magnolia fragrance. The habit of growth is vigorous, with large, luxuriant foliage. **Price, 20 cents each; two year old plants, 50 cents.**

Roger Lambelin—Greatly reduced in price. One of the most remarkable Roses yet offered. Petals irregular on the edges like a double Petunia; the color is glowing crimson throughout, except edges of petals, which are distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses; free and vigorous growth; delightful fragrance. **Price, 15 cents each; large two year old plants, 50 cents.**

New Marchioness of Lorne—This fine new English Hybrid Perpetual was introduced by Messrs. Wm. Hart & Son, of London, who say: "This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produced flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine; large, very sweet, full, finely cupped shape; petals large, buds long and handsome; is especially remarkable for its truly perpetual habit; every shoot being crowned with a flower bud." **Price, 15 cents each; large two year old plants, 40 cents each.**

Perfection Des Blancches—Best and freest blooming of the hardy white Roses; finely formed, pure white. Flowers good size, perfect and of fine form and finish. Very suitable for cemetery planting or for hedges.

Paul Neyron—Deep shining Rose, very fresh, pretty. Flowers often measure 5 inches in diameter; though large the buds always develop fine, perfect Roses; free blooming. **Price, 15 cents each; large two year old plants, 30 cents.**

Persian Yellow—Dark golden yellow; best variety of its color; entirely hardy. It is difficult to imagine a finer sight than this when in full bloom, covered with its bright yellow blooms, which are borne along the ripened wood in sprays. Must not be pruned much, if any, unless to cut out dead or diseased branches. **Price plants, 50 cents.**

Ulrich Brunner, a Superb Rose—A seedling from Paul Neyron. Extra large, bold flowers, very full and globular; petals large and of good substance. Color, a rich glowing crimson, elegantly lightened with scarlet. Very fragrant.

Vick's Caprice, the Striped Rose—Its great beauty is impossible to describe. It is a Hybrid Perpetual, commencing to bloom when very small and producing flowers of enormous size; are perfectly double to the center, and of perfect form. It is very fragrant, and its color is a deep, satiny pink with numerous wide stripes of pure white, making the most odd and unique Rose in cultivation.

Victor Verdier—Rich, cherry Rose, shaded with carmine. Very attractive color; flowers large and beautifully formed, very full. A beautiful Rose.

Silver King—This new Rose is a beauty indeed. In fact, to see a bed of it in bloom is absolutely startling; they are so grand and beautiful. The bud and flower are of the largest size when fully expanded, cup-shaped, full and double, but the petals so arranged as not to crowd one another. The color is a clear shell-pink, so exquisite as to resemble the delicate soft pink seen in deep sea shells. It is very fragrant. A true ever bloomer and hardy everywhere. This is the grandest of all light pink Roses. Be sure and try this Rose. **Price, 25 cents each; large two year old plants, 60 cents each.**

"President" Set New Ever-Blooming Carnations.

PRICE, 10 CENTS EACH; 3 FOR 25 CENTS, EXCEPT WHERE NOTED.

SPECIAL OFFER—We will send the "President" Set of 18. New Carnations for only \$1.25.

America—Largest and most perfect shaped scarlet Carnation produced thus far, producing immense quantities of flowers.

Argyle—Color, lovely shade of carmine pink, or, rather, pure cerise; flowers extra large; borne on long stems; healthy and free from rust; perfect calyx; early, continuous bloomer.

Elsie Ferguson, New—Burnt Orange, occasionally marked with pink. The best of its color. Flower large; plant free in growth and bloom, of excellent habit. Good in every way. **Price, 15 cents.**

Estelle, New—The ideal scarlet Carnation, for it blooms freely, producing abundance of bright scarlet flowers, never coming off color. Very strong clove fragrance; form excellent; stem strong and stiff; flowers 3 to 3½ inches in diameter. **Price, 20 cents.**

Ethel Crocker, New—Just what the Carnation grower has long been looking after: a strong, clean grower, not filled with useless foliage, but every shoot a flower producer. Blooms continuously, with immense bright pink flowers of clove-like fragrance. This grand new sort bids fair to be one of the most popular Carnations out. **Price, 15 cents.**

Evelina—Pure white, large size, good form and substance; extraordinary strong calyx, fragrant, borne on long, stiff stems that always carry bloom erect; extra free, early continuous bloomer; fine habit; strong, free, healthy grower.

G. H. Crane—Best scarlet, wonderfully productive, early, continuous, all season bloomer, averaging 3 inch blooms; well formed flower and calyx, long stems, stiff and erect; color, a clear, brilliant scarlet, of strong, robust, clean growth, making well formed, bushy plant.

Gold Nugget—Undoubtedly the best yellow variety ever introduced. Color, deep yellow, very slightly marked with red. Strong grower and continuous bloomer.

General Macco—Flowers large, very full, deeply fringed; deep, brilliant, scarlet maroon, fully as rich and striking as Meteor. **Price, 15 cents each.**

J. Whitcomb Riley—Without doubt the finest and most striking of all. Color, white, striped and edged with pinkish scarlet; flowers are enormous, on strong, erect stems.

Maud Adams—Deep, clear cerise, of very pleasing shade under any light. Most attractive color and handsome flower.

Mayor Pingree—Color, clear lemon yellow, lightly marked with pink and occasionally splashed with white. Very strong, robust grower, continuous bloomer. Blooms very large. Stems stiff and long.

Morning Glory, New—The best of the light pinks; color, a delicate bright flesh-pink. Strong grower and free flowering; very fine. **Price, 20 cents.**

Mrs. Geo. M. Bratt—A constant blooming, long-stemmed and extra large flowered variety, white striped, bright scarlet. This is the most showy of all the fancy flowered Carnations. Remarkable for its extra large size, and delightful fragrance. **Price, 15 cents.**

Mrs. Thomas W. Lawson, the famous \$30,000 Carnation—This famous Carnation was bought 2 years ago for \$30,000—the highest price ever paid for a flower of any kind. Indisputably the best in the world. Flowers are the largest,

Mrs. Lawson—The \$30,000 Carnation.

deepest, best formed. Stems are the longest and strongest. Color, purest rose pink, which illuminates splendidly under artificial light. **Price, 15 cents each, 2 for 25 cents.**

Olympia—Largest Carnation yet produced. Well grown flowers, measuring 3 to 4 inches across. Color is clear, glossy white, with delicate pencillings of bright scarlet running through the petals. Stems are large; strong, vigorous, healthy grower, flowering abundantly and sustaining its quality in hot weather. Deliciously fragrant.

Queen Louise, New—Flowers of large size, on long stiff stems. Blooms early, late and all the time; one of the most profitable white varieties; a clean healthy grower and persistent bloomer. **Price, 20 cents.**

White Cloud—Remarkable new white; blooms very early, on strong, stiff stems and continuously; flowers large, of fine shape and very fragrant.

New Large Flowered Ever-Blooming Cannas.

The improvements made in the Canna during the past few years, in size of flower and diversity of color, places it way in advance of all other plants for bedding purposes, even surpassing the Geranium in its gorgeous display of brilliant colors. In the list following will be found the best of the newer introductions and the cream of the standard varieties. Where brighter and most imposing effects are desired in bedding, the Canna is unequalled. A fine bed may be enjoyed by every one who has a few feet of ground.

"Cream Collection" of 12 Most Valuable Dwarf Cannas.

Price, 10 Cents Each, Except Where Noted.

Alphonse Bouvier—This grand and luxuriant variety grows five to eight feet. Tips of shoots surmounted by immense clusters of brilliant crimson flowers of largest size. For bedding or as specimen plant it is unequalled.

Burbank, New Giant Flowered American Canna—Grows about 5 feet tall, and bright green foliage. The flowers are truly gigantic in size, the upper petals spreading out fully seven inches, and the form is really of a semi-double nature. Toward the inner part of flowers the petals show fine crimson spots; all the rest of the flower is a beautiful, rich canary yellow. It even surpasses the Italian varieties.

Charles Henderson—Flowers of largest size. Color, a wonderful rich crimson, center penciled with gold. Owing to dwarf habit, this makes a perfect pot plant; invaluable for outdoor bedding.

Egandale—Best of all dark leaved Cannas for bedding. Flowers borne in compact heads, and in great profusion; unequalled by any other sort. Color, a deep currant red, of a pleasing shade; different from any other.

Flamingo—The color is a solid crimson, without spot or bluish; whether grown indoors or out, it is constantly surmounted by a crowning glory of perfect blooms, whose sparkling brilliancy is as bright as the plumage of the Flamingo bird. Foliage a luxuriant deep green and tropical like. **15c. each.**

Florence Vaughan—Superb habit, flowers borne in grand spikes; broad, rounded petals, well expanded, showing the richly brilliant colors, golden yellow, dotted with brightest scarlet.

Mike, Berat—The nearest approach to a pink in a first-class bedder. Color, a soft shade of rosy carmine. Many of the sorts heretofore offered as pink, while very pretty in the individual flower, have a "washed-out" appearance, both on the single plant or when planted in masses. In this variety, however, the larger the mass the finer the effect, and when planted in conjunction with yellows and high colored reds it is simply superb. Green foliage. Height, four feet. **Price, 15 cents each.**

Madame Crozy—Luxuriant foliage, flowers borne in im-

EVER-BLOOMING CANNAS, America's Most Popular Bedding Plants.

mense heads at the end of every shoot. Petals wide, broadly rounded; color, deepest vermilion, bordered with gold.

Paul Marquant—Flowers large, enormous spikes. The color might be called a bright salmon with carmine tint, with a silvery lustre which glistens and glows in different lights. To some it appears the fashionable apricot shade now so popular.

Queen Charlotte—The finest of the gilt edge type, with heavy bluish green foliage; enormous flower spikes bearing a beautiful bouquet of large flowers of perfect form; a velvety blood red, broadly banded with a bright canary yellow.

Secretaire Chabanne—A beautiful orange, with deeper shadings. In this variety the color is so rich and pleasing as to be entirely distinct, and, while it is valuable for planting as a separate specimen or in masses by itself, its greatest value consists in massing it in conjunction with other high-colored sorts, with which it not only harmonizes, but appears to intensify their color. Height about 4 feet. Green foliage.

Sunbeam—Owing to its immense size, splendid finish and great substance of its flowers, it is bound to become the most popular Canna ever introduced. The flowers are a brilliant golden yellow color, dotted with bright orange scarlet spots. Handsome and very bright green foliage. **Price, 15 cents each.**

This "CREAM COLLECTION" of 12 new Cannas. The best in the world. Don't fail to get the entire set. No further discount.

GRAND NEW "ORCHID" FLOWERING CANNAS.

So Marvelously Beautiful. No description, no matter how well written, can begin to do them justice.

Austria—Is a counterpart of Italia in every way, except in the color of its flowers, which are of pure canary yellow, with but a few traces of small reddish brown spots in the center of the two inside petals. **15 cents each.**

Alsace, New White Canna—A vigorous grower, with clear green foliage, four feet high; an early and continuous bloomer. The trusses are full, rounded, densely crowded with flowers, which, upon opening, are of a delicate sulphur yellow, changing very soon, however, to a creamy white without spots. **Price, 20 cents each.**

America, New Red Leaved—First red leaved Canna in giant flowered class. Height, four to five feet. Foliage fine glossy bronze, almost as if varnished. Flowers extra large, deep orange flamed and striped with deeper shade. Entirely distinct from any other Canna, both in foliage and in flower. **Price, 15 cents each.**

Italia, the New Giant Orchid-Flowered Canna—The coloring is gorgeous in the extreme, rich golden yellow with great patches of brilliant reddish crimson and irregular spots of the same shade on the upper petals. It surpasses even an Orchid in color effects. **Price, 15c. each, 2 for 25c.**

Philadelphia—Undoubtedly the brightest and most beautiful Crimson Canna in existence, color, intense glowing crimson scarlet, so bright and rich that it is at once distinguished from all others as far as the flowers can be seen. **Price, 15 cents each.**

Rosemawr, New Pink—The enormous masses of flowers and exquisite color attract immediate attention. Flowers frequently 2½ inches across. Color, bright rosy pink, elegantly mottled with rose, shaded rich golden yellow at throat; immense trusses. A vigorous, handsome grower. An early and continuous bloomer. **Price, 20 cents each.**

SPECIAL OFFER—We will send the set of Six New Orchid Flowering Cannas for 75 cents. No further discount.

Black Calla, Arum Sanctum.

Solomon's Lily, or the Black Calla of Palestine.

This magnificent flower often measures 1 foot in length and 5 to 8 inches in width. Beautifully shaped and turned, sweet scented. The color is of the richest velvety purple black, while the outside is of pleasing green. Sure to bloom if planted in rich soil 2 inches below the surface. **Price, 25 cents each.**

Spotted Calla, Richardia Alba Maculata.

This plant is always ornamental, even when not in flower; the dark green leaves beautifully spotted with white. In other respects the plant is the same as the old favorite White Calla, excepting being of smaller habit. **Price, 10 cents each.**

White Calla, or Lily of the Nile.

This old favorite is too well known to require any description. We offer dry roots, as they are superior for forcing and Winter flowering purposes; they come into bloom quickly and require less room — making less foliage. **Price, extra large, dormant roots, 25 cents each; first size, 15 cents each; one year old plants, 8 cents each.**

New Calla, Little Gem.

This little pigmy rarely exceeds 12 inches in height and blooms most abundantly. The flowers are not more than half the size of the common variety and therefore can be used with telling effect in bouquets. It is in every way superior as a house plant to the larger growing variety. **Price, 15 cents each; extra large bulbs, 35 cents each.**

FIVE ROYAL NEW COLEUS.

Price, 10 cents each. The set of 5 for 35 cents, net.

NEW GIANT COLEUS "BRILLIANCY."

The name aptly describes the appearance of this variety, which belongs to the giant leaved section; of strong, vigorous habit, growing from 2 to 3 feet high, with leaves often 9 to 10 inches long, which are of a bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich velvety lustre. (See cut.) **Price, 20 cents each; 3 for 50 cents, 12 for \$1.00, net.**

SPECIAL OFFER—We will send Twenty Plants of either of the following Five New Varieties, or Four Plants of each, for \$1.00. No Further Discount.

Mrs. F. Sanders—The most beautiful and distinct Coleus yet raised; dwarf and bushy in habit, it makes a perfect pot plant; differs from all other Coleus in having a wedge of creamy white in the center of the leaf, with a clearly defined margin of oxide green, bronze, crimson and purple. This central wedge shaped creamy white blotch occupies the greater half of the leaf, and is sometimes splashed with magenta and porphyry. First-class certificate awarded.

Queen of the West—Large leaf and slightly serrated; outer band of bright oxide green with margin of bright yellow, and center wedge of creamy white; the whole covered with blotches and spots of bright carmine and deep maroon.

Beckwith's Gem—The leaves are large, of heavy texture and with finely scalloped edges. It is the finest bright colored bedder yet offered; it baffles true description. The center is of the darkest velvety maroon, bordered by a fiery red; the edge is green at the base, changing to cream yellow at the point of the leaf, marked and spotted with fine red and maroon.

Klondike—This new Coleus has large leaves, and belongs to the Sunset strain. The coloring is extremely beautiful, a creamy white center touched with carmine, surrounded by a broad green border at times exquisitely tinted.

Mentor Bedder—This is also a new Coleus of much merit as a bedding or pot plant. It has a charming color which is only intensified by hot weather instead of washing or burning out as some do. The center of the leaf is a shaded crimson, from light to dark; bordered by a zone of chocolate, edged with a narrow band of green; a very striking Coleus.

NEW SUNSET LARGE LEAVED COLEUS

PRICE, 5 CENTS EACH.

SPECIAL OFFER—Twenty-five Distinct Varieties by mail, postpaid, for \$1.00; or by express at your expense, we will send One Hundred Choice Plants for \$2.50. No further discount on these offers.

The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and parti-colored designs we may choose to display upon our lawns. Want of space forbids listing varieties.

CHRYSANTHEMUMS.

OUR PRIZE LIST

Is selected from the finest exhibition and large flowering sorts from all over the world. The very cream of the Newest Varieties and such of the older ones as are meritorious enough to hold their position against the new ones.

Our "FIN-DE-SIECLE" Set of New "Mums." UP-TO-DATE.

The Grand New Chrysanthemums described below are recommended as among the best and most valuable varieties up to date, they are good, healthy growers, early and abundant bloomers, and bear flowers of the largest size and most beautiful colors. All of them have taken many first prizes at the great shows and all are recognized as among the very best of their respective classes.

PRICE, 10 CENTS EACH; 3 FOR 25 CENTS.

SPECIAL OFFER—For a remittance of \$1.00 we will mail the entire set of EIGHTEEN NEW "MUMS," or any EIGHT for 50 cents. No further discount or premium allowed.

BENJAMIN GOULD—New early red. This is without doubt the earliest pure red to date; very large flower that does not burn or color dull for several weeks after the flower attains perfection; a strong grower of compact habit. A grand variety for pot culture and for exhibition purposes.

BLACK HAWK—The largest and most beautiful dark crimson scarlet yet introduced; shows no lighter color; looks like crimson velvet, the very shade so much desired in Chrysanthemums. Flowers of immense size, on fine stiff stems, clothed with elegant foliage.

CRYSTALINA—Snowball type pure white flower, resembling a ball of cut tissue paper, petals being fine. It is a grand keeper and can be roughly handled and will not drop or burst; it comes into bloom early; of dwarf habit; unexcelled for pot culture. Winner of first prize for best white seedling in Chicago Exhibit of 1894.

DAYDAWN—A grand early variety; center creamy lemon upon opening, gradually becoming pure white; the petals increase in length from the center; while the bloom is quite double, it is of informal and graceful arrangement, on a good, stiff stem, with foliage quite up to the flower. Received certificate after traveling to Boston.

GOLDEN TROPHY—A grand early yellow variety of elegant dwarf growth and beautiful foliage, quite up to the flower, which is very large; compact and crowned with petals incurving into a complete golden ball of the most beautiful color. A wonderful keeper, either cut or growing on the plant.

GLORY OF THE PACIFIC—A grand, new and magnificent pink. We predict that this fine variety will rank first among the pink sorts. Of magnificent size and depth, with broad petals, which finally reflex, showing the clear pink color to an excellent advantage. This variety will delight every lover of the beautiful and artistic.

KENTUCKY—A very fine variety for exhibition, with extra large, graceful flowers; petals long and narrow, much like our old favorite, Lillian B. Bird; stem strong and covered with handsome foliage, nearly up to the flower; a pure, even shrimp color; a grand sort.

LADY PLAYFAIR—This is one of the grandest of all the lighter shades of pink, and is the finest of all the incurving varieties of this color; in size one of the largest, elegant in finish, color, exquisite; early mid-season. One of the finest for bush form.

MRS. PEKRIK—Has slender, stiff stems, ornamental foliage; the flower is of a globular form, incurved, full and with a finish fine as satin; color, rose pink within, glistening pink without; recognized as the ideal variety in this color. Received first prize wherever shown as best pink at Boston, Philadelphia and Chicago, and received the most flattering notices everywhere.

MRS. S. T. MURDOCK—Purest and brightest self pink; large size, fine form; foliage and stem perfect; first premium; grand under artificial light.

MODESTO—Among all yellows this variety will have first place. As expressed by several experts: "The finest yellow yet produced for exhibition trade." Intense color, a real dandelion yellow, unsurpassed in size; incurved, slightly whorled form, full, high center; mid-season.

MRS. HENRY ROBINSON—In the entire "Mum" family there is no grander white variety, no matter where; it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white; can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat, incurved form it gradually changes into a perfect ball of snow, 16 to 18 inches in circumference; foliage handsome; of the easiest management. Winner of twenty-six first prizes.

CAKLAND—Clear shade of even terra cotta, full and deep; straight stem and good foliage, four feet high; a splendid exhibition bloom; has taken first prize wherever exhibited. One of the finest flowers of its color and should be in every collection.

SIGNAL LIGHT—Pale yellow, incurved, Japanese; reverse of lower petals tipped red bronze; finely built flowers; as truly incurved as a Chinese; solid and perfectly double, lasting a long time; habit very dwarfed; clothed with beautiful foliage.

SILVER CLOUD—This is a grand exhibition variety; a beautiful grower, with heavy, stocky stems, clothed with elegant foliage; the flower is enormous size, crowded with wax like petals of great substance; form of flower exquisite and at the same time imposing; color, a beautiful cream, citron shadings turning to a most delicate salmon.

VIOLESCENT—A magnificent variety for exhibition or commercial purposes, especially where lustrous blooms are desired for Thanksgiving day. Is of enormous proportions, building up extremely well, finishing with a slightly rounding, incurved center; color, white, with lower petals delicately tinged lavender. Received first-class certificate of merit from Chrysanthemum Society.

WESTERN PRIDE—A magnificent flower of grand size and form, with mammoth petals incurving and rolling toward the center; full and double, of the incurved form so much admired; color, a beautiful amber and old gold.

WHITE SWAN—New White Ostrich Plume. We have great pleasure in offering this beautiful, new, pure white hairy Chrysanthemum, which is undoubtedly the most perfect of the type yet introduced. The color is a pure white, very large, full and double flowers covered with the hairy like filaments, which are very pronounced. Exquisitely beautiful and of enormous size.

OUR "INDIANA PRIZE" CHRYSANTHEMUM SET.

This collection is made up of such varieties as are generally grown for exhibition purposes. They are of the most attractive colors as constitute our very best commercial varieties.

SPECIAL OFFER—For 75 cents we will mail you this grand collection of 16 Prize-Winning Chrysanthemums, and it is certainly the best we have ever offered. No further Discount or Premium.

GOLDEN WEDDING

Bronze Giant—Exhibition bronze. This is an elegant grower; heavy, stocky stems, clothed throughout in fine foliage. Flower of immense size, crowded with petals, which are stiff and of great substance; form incurving; a most imposing bloom of largest size; a beautiful, rich bronze or old gold color. Received premium of fifty dollars for best bronze. **Price, 10 cents.**

Emily Ladenberg—Incurved Japanese bloom of large size and high build; solid form; deepest crimson, nearest approach to black. Never burns, as crimsons are apt to do. Strong, healthy habit. Winner of first prize at Madison Square Garden; best seedling exhibited.

Eugene Dailedouze—This beautiful variety captivated all who saw it at the World's Fair. There is nothing brighter or clearer among yellows. The center of the flower is folded close; the outer petals are broad, incurving, of great substance. Winner of twenty first premiums and gold medals. **Price, 10 cents.**

Frank Thompson—A splendid flower, very nearly spherical in form, petals very broad and heavy and finely incurving. It is very nearly white in color, only showing a touch of pearl-pink at the base of the petals; magnificent flower. Received first-class certificate at Philadelphia and Indianapolis. A strong grower, stiff stems.

Golden Wedding—The grandest yellow ever offered. Swept everything before it at shows. Color, deep, bright golden of shining texture. Is very large in size. The petals are both long and broad, and channelled lengthwise; a Japanese, incurved, of most beautiful form; very free in growth. A first-class exhibition variety. **Price, 10 cts. each; 3 for 25 cts.**

Georgienne Bramhall—One of the finest sent out last year. Grand, globular flowers, incurving form; color, soft primrose yellow, almost a cream. Very fine and good.

Gloriosum—Light lemon color, with immense flowers, having narrow petals, gracefully curved and twisted; quite early and one of the best for exhibition purposes.

Good Gracious—So remarkable for size as to suggest its name. First sight brings forth an exclamation of admiration. The color is also unique, being a delicate shade of peach pink throughout. The form is remarkable; the petals are incurved and twisted, overlapping each other in irregular fashion, and resembling talons. Alone in its unique beauty, there being nothing at all approaching it.

George W. Childs—The Jacqueminot Crimson Chrysanthemum. This variety is the best and most perfectly formed reflex crimson variety yet introduced. Flowers of massive size; broad, stiff, reflexed petals. Color, a deep, rich velvety crimson—no shade of brown or chestnut; strong, erect stems. Awarded Pitcher Gold Medal at Orange for best seedling; silver medal at Philadelphia, and others.

Helen Bloodgood—A very bold, round flower. When in perfection blooms measure $7\frac{1}{2}$ inches through and 7 inches deep. It is the finest true clear pink, without shading of purple or magenta. It has received a certificate at New York and Philadelphia. **Price, 10 cents.**

Indiana, New—Immense, full, globular flower, nicely incurved. Color, clear, bright pink, outside petals a little lighter. Has been grown measuring twenty-two inches in circumference. A grand show variety, and one of the very best of the new varieties. **Price, 10 cents.**

Major Bonnaffon, New—Soft, clear yellow, full in center, eight inches in diameter and nearly as deep; in perfect form and finish, like Ivory at its best; habit dwarf, keeping qualities excellent; foliage well up to the flower; stem stiff. An ideal variety. Bound to be one of the Chrysanthemums necessary to every collection.

Mrs. E. G. Hill—This beautiful variety is one of the very earliest to bloom; of vigorous growth and of fine form. The blossoms are eight to ten inches in diameter; the color is a delicate lavender pink, petals incurved. At the World's Fair it attracted all and was admired greatly. The winner of twelve first prizes. **Price, 10 cents.**

Miss Louise D. Black—Color, reddish orange; height 4 feet; terminal buds; flower compact, very full and conical; lasts indefinitely, either on or off the plant. This color is the richest imaginable shade of orange. Makes a grand pot specimen. Won ten prizes. **Price, 10 cents.**

Minnie Wanamaker—Pure snow-white, incurved and perfectly double, with a breadth of petal and grandeur of build only found in the best varieties; flowers are exceptionally large, produced on long, stiff stems, large and handsome foliage. Has secured numerous medals.

The White Queen—Grandest double white; flowers enormous, of fine form. Best for every purpose, exhibition or house culture; a prize winner everywhere exhibited.

Ostrich Plume Chrysanthemums.

SPECIAL OFFER—The set of 15 Ostrich Plume Chrysanthemums for 75 cents. No other discount or premiums allowed.

Price, 8 cents each; 3 for 20 cents; except where noted.

BEAUTE LYONNAISE—This new variety has very large petals; altogether a very peculiar flower. Color, an odd shade of red, somewhat plumed.

EIDERDOWN—Color, pure snow white, with broad, solid, incurving petals overlapping each other; a strong grower with stiff stems. Flowers lasting long after cutting.

GOLD DUST—Pure golden yellow; very full and large, finely incurved petals, showing no center at all. The most brilliant yellow in Ostrich Plumes. Received medal.

L'ENFANT DES DEUX MONDES—This variety is a great improvement on other existing varieties; a grand flower, very large, fine, pure white and very plummy. Makes a fine, bushy plant.

LOUIS BOEHMER—Color is an exquisite shade of silvery pink, with deep rose on the inside of the petals. It is of a vigorous constitution, being one of the strongest growing varieties we have.

MRS. WM. TRELEASE—Color, beautiful shade of pink and violet; very hairy; large and full.

MONARCH OF OSTRICH PLUMES—Bright chrome yellow, shaded with amber; flowers very large, full and incurved.

MRS. HIGINBOTHAM—Enormous, bright pink, broad, spreading Japanese variety, with extremely wide cupping and incurving petals, covered with glandular hair. The largest.

MRS. ALPHEUS HARDY—Plants completely covered with balls of flowers, 1 foot in circumference, whose petals curve gracefully inward and which, in turn, are dotted with a peculiar hairy-like growth, the whole resembling, more than anything else, masses of snow white ostrich plumes.

PERLE LYONNAISE—New Ostrich Plume. Bright, clear, golden yellow, somewhat plumed; quite full. One of the very finest; of medium size; beautiful globular form.

WHITE LOUIS BOEHMER—In every respect identical with Louis Boehmer, except that it is a beautiful pure white. A gem in its style and a prize winner.

MRS. ROSETER (New)—Color, a deep chestnut brown, shaded with amber; slightly hairy; distinct and unique.

CROWNING GLORY (Novelty)—By far the best of its class and color as yet introduced. Flowers of the largest size, fine form and invariably covered densely with its unique hairy growth. A grand yellow. **Price, 10 cents each.**

ONDINE, Novelty—Beautiful rosy salmon and amber, passing to bronze; the finest ostrich plume of this class. **Price, 10 cents each.**

WHITE SWAN—New White Ostrich Plume. We have great pleasure in offering this beautiful, new, pure white, hairy Chrysanthemum, which is undoubtedly the most perfect of the type yet introduced. The color is a pure white, very large, full and double flowers, covered with the hairy like filaments which are very pronounced. Exquisitely beautiful and of enormous size. **Price, 10 cents.**

September Set Early Flowering Chrysanthemums.

Price, 6 Cents; 5 for 25 Cents, Except Where Noted.

An entirely new class of Japanese Chrysanthemums, invaluable on account of its early flowering. They embrace all the most desirable colors. Hitherto the great objection to Chrysanthemums in our Northern States was that the frost destroyed most of the flowers before coming to maturity.

BARON VEILLARD—Pæony-flowered; Hybrid Japanese; plant dwarf, flower very double and very large; brilliant yellow, each petal outlined in rosy crimson.

CAMILLE BERNARDIN—Very large, Pæony flowered; amaranth violet and brilliant carmine, lightened with white.

CHAS. GREARD—Japanese; yellow ground, literally overlaid with tawny red; flowers often six inches and over. Very good.

CHAS. JOLLY—Hybrid; flowers very large, with large petals; color, beautiful violet rose, glossy white center, dwarf habit.

EUGENE FAREZ—Indian red, reverse golden; flat petals, somewhat twisted; medium sized flowers, very early.

GAETAN DE VENOGÉ—Large Japanese flowers, nankeen yellow, with rose edges, center creamy white, reverse rose.

JEAN NICOLAS—Japanese; petals slender and curled, glossy rose and a shade of dim white, with fine cream center.

M. ZEPHIR LIONNET—Japanese; flowers semi-double, very large; petals long, recurved and curled; violet-rose and purple.

MAD. BERGMAN—A grand, new, early Chinese variety of dwarf habit; very full in growth, and with large, dark-green foliage. The flowers are large and globular, with reflexed petals; color, pure white, with creamy center; especially valuable because it is the earliest of all early flowering sorts.

M. VALÉRY LARBAUT—Creamy white and rose, lemon center; of excellent dwarf habit. Extra good for pot or garden culture.

MARION HENDERSON, New Early Yellow—No engraving can show the rich, buttery yellow color of the flowers, which is superb. It is full of petals and lasts a very long time; in fact, although very early, it can yet be made late, because it remains perfect on the plant for such a length of time. **Price, 10 cents.**

MME. LOUIS LIONNET—Pæony Japanese Hybrid; flowers very large, brilliant silvery white, richly tinged with rose; center old gold.

M. FRANÇOIS KATZER—Japanese; very large flower, curled and dishevelled. A rusty rose and light yellow, marked with long lines of deep yellow.

MME. EULALIE MOREL—Japanese Hybrid; flower very large, very long, recurved petals. Rich, rosy pink.

MARQUISE DE MONTEMORT—Japanese; flowers very large, pure glossy rose and silvery white. Unique.

Mlle JACOB—Japanese; flower very large, petals are twisted and recurved, rosy lilac and silvery white, those at the center forming a large ball of silvery whiteness.

SPECIAL OFFER—For 50 cents we will mail, postpaid, the September Set of 15 Early Flowering Chrysanthemums. No further discount or premium.

PEERLESS CHRYSANTHEMUM NOVELTIES

This list of varieties has won medals or certificates of merit, and we take pleasure in announcing that they are the very best of the newest of new "Mums."

Price 10 cents each, except where noted; any 15 ten cent varieties for \$1.00, net.

No other premium or discount allowed.

Autumn Bride—A beautiful incurved, grand white.

Australian Gold—Calvat's celebrated yellow. The blooms are of the largest size and of beautiful color—pure canary yellow. One of the finest broad-petaled, incurving varieties. Prize winner. Price, 15 cents each.

Autumn Glory—Color, a deep reddish salmon upon opening and gradually changes to a soft, shrimp pink when fully finished. The flowers are of the largest size.

Boundless Snow—An excellent variety. Large white, flushed pink, gradually becoming pure white. The plant is of strong vigorous growth, throwing up stiff stems.

Betty Bock—A medium-sized flower, incurved and full to the center. Color, that of the Daybreak Carnation, clear self-pink.

C. H. Curtis—Elegant Chinese incurved of largest size; color, deep rich yellow, quite globular. Probably the finest yellow of this type. Received reward of merit.

Dorothy Devens—A magnificent pure snow white, with broad cupping petals, closely incurved, of the largest size and of globular form, stem and foliage unsurpassed; late.

Defender—Dark crimson, very bright, and does not show under side of petals, which are lighter. Mid-season height $3\frac{1}{2}$ to 4 feet, terminal buds, good free grower, stout stems, and good foliage up to bloom.

E. Molyneux—A grand variety of great merit, and extra fine for exhibition purposes. Color, a rich mahogany crimson.

Effie Dean—A beautiful sport from the fine commercial sort, Maud Dean. The color is a charming ivory white, beautifully veined. When flower is fully developed shows the carmine center, making it very effective.

Evangeline—Grand pure white, similar in form to the grand old favorite Cloto; stem and foliage perfect.

Fisher's Torch—This grand variety excels any other of its color, which is a rich bright red, passing to the most brilliant velvety crimson imaginable. The flamelike flower is borne on long, stiff stems, which gives it the appearance of a flaming brand, from whence its name. Well clothed with the handsome foliage.

Frank Hardy—Magnificent. Extra large, mid-season white, of foreign origin. Flowers of large size, and of perfect form. Petals incurving and gracefully enfolded.

Gretchen Buettner—An extra large and massive, pure snow white flowers. A very fine variety.

Golden Wonder—Mammoth old gold yellow, shading deeper to center, petals reflexed, broad bloom of immense size; 14 to 16 inches in diameter, stem and foliage perfect. Crown of terminal buds.

Infatuation—At first clear white, changing to a beautiful creamy white. A great globular flower.

John Lightfoot—A very large reflexed flower, bluish white, edged with pink. A handsome variety, and extra fine for exhibition or cutting.

L'Amethyste—A royal purple, finest shade, and of extraordinary size globular form. Grand exhibition sort.

LaCarrone—A novelty in color. One of the most delightful surprises, especially in form and color combination. The center is creamy white, bordered with distinct and broad band of petals of bright purple rose. Center whorled, petals reflexing slightly a full deep flower.

Lady Fitzwygram—Grand flowers, pure white. One of the earliest and the very best for all purposes.

Mrs. John Wescot—A super variety, strong growth and fine foliage. Flower of enormous size of a delicate creamy pink, shading to ivory white. The flowers are reflexed and very large, keeping intact for a long time.

Mrs. H. Weeks—An immense flower, with broad petals incurving to form a perfect globe of white. This is a grand variety, which has made a sensation wherever exhibited. An excellent grower; long, stiff stems.

Miss M. M. Johnson—very early variety. Flowers broad and well built up in center rich deep golden yellow. Prize-taker wherever shown. Won 11 prizes.

Miss Gladys Vanderbilt—Pearl white, with lemon shaded center. An exceedingly fine thing, and a decided novelty, both as to form and general build.

Merry Christmas—A well-formed flower of purest white, large and of great substance, lasting well when cut. An excellent variety of good habit of growth. Sure to give satisfaction. Best about the last of December.

Mrs. C. H. Pierce—A soft, deep yellow that appeals to the eye and at once becomes a favorite. Flowers of the largest size, globular in form with straight petals curved in at the tips. Model stem, with heavy foliage.

Mrs. C. H. Payne—An exceedingly pleasing shade of deep pink, reverse silvery pink. A bold, handsome, incurved flower, with an extra good stem and foliage.

Morning Glow—A fine peach red of full rosette form faintly streaked with white; a mass of lovely colors once seen and never forgotten.

Merula—A very double variety, of incurved form and a handsome shade of light pink; dwarf and moderately early; equally good for pot culture as for cut flowers.

Mrs. E. Buettner—Midseason. Clear bright yellow, of fine, reflexing Morel type. Full and informal, stem and foliage both excellent. A grand variety for cutting.

Mrs. J. Withers—A clear, distinct yellow color, with a bold, handsome flower of fine form. Grows about four feet tall, with handsome foliage.

Mrs. Robt. Craig—Pure snow white, incurved to form a perfect sphere like the typical Chinese, perfectly double and with the breadth of petal and grandeur of build found in the Japanese. Very large in size; secured the silver medal at Philadelphia; certificate of merit at Madison Square.

Nemesis—Very early, and almost identical in color with Daybreak Carnation. A fine, bold, well-built flower with straight, broad petals.

Octoroon—Perfect, incurving, dark Japanese; bloom of great size; broad petals, perfectly double, forming a massive ball. Color, ox-blood, reverse a shade lighter.

Parting Guest—The most chaste and beautiful late incurved Japanese. Large and very deep; color, white, lower petals lightly tinted rose lilac.

Pluto—A fine, bold flower, globular in shape and well built. All except the center petals are reflexed and of clear, bright red, which is the predominating color of the whole flower, excepting the center, which is incurved. The reverse being bright golden, gives it a novel effect.

Pride of Exmouth—Grand exhibition variety of the largest size, with broad petals deeply incurved. A beautiful soft pink with a deeper suffusion.

Pennsylvania—A soft, deep yellow that appeals to the eye and once becomes a favorite. The flowers are of uniform size, well developed and makes an object of beauty not soon forgotten.

Pink Ivory—(Miss A. L. Dalskow.) A sport from the old favorite, Ivory. Identical with its parent, except in color, which is a beautiful shell pink.

Pink Elksborn—An extra large, incurved flower of soft pearl color. After incurving towards the center, the petals, which are nearly tubular, rise, and from the tips three gracefully formed branches arch upward. An exquisite variety, in both color and form.

Radiance—New and great improvement over the renowned Golden Wedding. Color, deep and shining golden yellow. Heavy texture, broad, incurving petals.

Rinaldo—Flower of rich crimson and old gold; very late. Stem and foliage perfect. A truly magnificent flower.

Roballion—While an old variety, it was nearly lost sight of. We have managed to secure a small stock of this beautiful variety, which we offer with the assurance that we know of nothing that surpasses it to date. Color, a beautiful rich yellow, deepening to chrome, the petals are long and twisted very striking and unique.

Silver Wedding—Purest white, very broad petals, reflexed, forming a bold, handsome flower seven to seven and a half inches in diameter by five inches deep. One of the most distinct varieties of the season. Midseason. First prize and silver medal.

Thornden—One of the most intense yellows, and has so many good qualities that it is certain to become a favorite. In form it is reflexed, with center petals somewhat erect; good stout stems, and clean, healthy foliage.

Tippecanoe—An odd color, pink terra-cotta, with a lighter-colored reverse of petals. Fine for exhibition.

Thanksgiving—Very large Japanese; bloom of a delicate self-pink color. Medium height, good stem and habit. A grand keeper.

Yanoma—Very late. The flower is a very large, beautiful and substantial, very easy to bring to perfection, which is a great point in its favor, as many of the late varieties are poor, defective flowers. The form is rather flat, petals reflexing. Color, a beautiful shade of white.

Yellow Good Graciously—An ideal variety and a sport from Pink Good Graciously. Identical with that variety, except in color, which is a bright, beautiful yellow, with the same remarkable size and form.

NEW GIANT CHRYSANTHEMUM TIMOTHY EATON,

The Largest White Chrysanthemum Ever Raised, Now Offered for the First Time.

NEW GIANT WHITE
CHRYSANTHEMUM,
TIMOTHY EATON.

Omega—Beautiful light yellow with broad yet well-rounded flowers, often, under good cultivation, reaching $7\frac{1}{2}$ inches in diameter. Well recommended by all growers of Chrysanthemums.
Mrs. Elmer D. Smith—This variety will prove a rival of the famous Major Bonaparte, being brighter in color, more dwarf, but with much heavier and stronger stem. It is a beautiful bright yellow, of the Japanese incurved type, very full and double, with high rounded center.

The sensation of Chrysanthemum Exhibitions last Fall throughout the United States was the appearance of this magnificent new variety, now offered for the first time. The original plants secured in November, 1900, cost \$1,000. Experts the world over agree that no variety ever offered in any way compares with this glorious new sort.

The foliage is fine, very much after the style of *Jerome Jones*, and is close up to the flower. The stem is stout and erect and as stiff as the proverbial poker; in fact, in leaf, stem, substance and keeping qualities it has no equal. The flowers run uniformly, that is to say, not one large one on one stem and on side stems smaller ones, but uniformly large, measuring from 7 to 8 inches across, while in depth they will measure from $3\frac{1}{2}$ to 5 inches; but measurement could give little idea of its immensity and beauty. It is not until it is seen alongside of varieties that have hitherto been considered great that it shows its wonderful superiority.

The flower is full and double, but not crowded; round, deep, beautiful and symmetrical flower of the purest white. Last Fall it won dozens of prizes, certificates, silver cups; in fact, everywhere that it was exhibited it carried off first honors.

A correspondent writes: "Timothy Eaton took first prize at Toronto for the best six white, a special as the best bloomer in the show, a silver cup for merit and a first class certificate. It would, I feel sure, have done all this at any show on the Continent."

It is one of the easiest varieties to grow, and any amateur can have it in perfection. Our customers are fortunate in being able to secure this magnificent new variety.

In conclusion we say that this is the greatest white Chrysanthemum ever seen.

Price, Strong Plants, 20 cts. each; 3 for 50 cts., 8 for \$1.00.

NEW CHRYSANTHEMUMS, FOR 1902.

EVERY ONE CERTIFICATED.

Price, 20 cents each; 3 for 50 cents.

Col. D. Appleton—Very large, deep golden yellow flower of fine finish and form. A vigorous, easy grower with excellent stem and foliage. Was in nearly every prize winning collection of last fall, and has been accepted as a standard yellow.

Mary Hill—A seedling of the favorite Mrs. Perrin, of similar habit of growth, but much fuller, showing no sign of the center. A delicate shade of pink with a high pearl gloss on the outer petals.

Mrs. W. B. Chamberlain—The most beautiful shade of pink yet produced in a large flower; lower petals reflex with tips slightly incurving, the balance reflex and incurving. The petals are broad and massive. Season, Nov. 10th to 25th.
Yanariva—Deep blush center with delicate blush for the balance, making a very striking and artistic flower, quite distinct from any known variety. In season from Oct. 30th to Nov. 20th.

OUR STANDARD LIST OF CHRYSANTHEMUMS.

PRICE, 5 CENTS EACH. NO INFERIOR SORT AMONG THEM.

Vivian Morel—Beautiful pink, deepened with scarlet.
Violet Rose—Large flowers of silky texture; color, rosy violet.
Yellow Queen—Extra large, bright, clear color.

NO MATTER what the weather is, even in the hottest and driest, the Bruants are always green and crowded with flowers. New colors, new styles, profuse blooming sorts — all these have combined to make the Bruant family of Geraniums the most popular plant for bedding or pot culture.

BRUANT'S SUN-PROOF GERANIUMS.

Price, 10 Cents Each; 3 for 25 Cents, Except Where Noted.

SPECIAL OFFER—For \$1.00 we will send you 16 fine plants of any variety priced at 10 cents each, or assorted varieties, your selection, not priced over 10 cents each. No other discount or premiums allowed on special offers.

Alfred Tennyson—One of our very best bedders. The trusses are extremely large and informal, in immense spherical balls. The color is a bright orange scarlet, shaded vermillion red; semi-double.

Alfred Mame—A magnificent variety. The trusses are of extraordinary size, the florets by actual measurement being two and one-half inches long by two inches wide. Of almost pansy form; the color is a soft subscarlet, the lower petals shading to salmon in the center, which is deeply-veined crimson. **Price, 15 cents.**

Alphonse Ricard The color is a very bright vermillion scarlet; habit dwarf and very vigorous, truss very large, measuring 5 to 6 inches in diameter. Large, semi-double floret sometimes exceeding 2 inches in diameter. The finest large flowered Bruant that has ever been introduced and the best bedding scarlet. The trusses are on long foot stalks and so freely produced as to nearly conceal the foliage. It is a constant bloomer from early in the season to late in the fall and almost every joint producing a flower stem.

Aurora Borealis—Bright, brilliant red; large flowers.

Ateon—New. Beautiful new color, a grand scarlet, upper petals tinted with rosy lilac, semi-double, very fine and striking.

Barbiset—Flowers very large; color, fresh, bright rose, marked with white on upper petals.

Bellerophon—Novelty—Grand single scarlet, with broad, nicely rounded flowers, two inches in diameter. Very free in bloom. Habit of growth and foliage especially fine. Will surely become one of our most popular varieties. **Price 20 cents each.**

Blanche Moulas—A grand bedding and potting variety; flowers, large; color, salmon, beautifully bordered with white.

Beaute Poitevine Best salmon Geranium for bedding purposes; most profuse bloomer of all Geraniums. Largest sized trusses, borne on long foot stalks; florets very large, of a beautiful brilliant salmon. What Alphonse Ricard is to scarlet geraniums, Beaute Poitevine is to salmons. Always in great demand during spring; brings a higher price than any of the others. No one can afford to be without it.

Chaplin—Large floret, semi-double, of brilliant red.

Compte de Blacas—Of beautiful habit, foliage of medium size, with good zone; large florets in good sized truss; center, brilliant orange salmon, with brighter border and large white eyes.

Comtesse de Harcourt—A snow-white Bruant, strong, vigorous habit, with large, individual snow-white floret. We consider this the best double white Geranium.

Col. Barre—Novelty—Semi-double, dwarf in growth and very free in bloom. Color, rosy crimson, base of upper petals marked orange red. **Price, 15 cents each.**

Comte D'Elbee—Single; habit rather dwarf; foliage beautifully zoned; trusses immense, on rigid stems; florets immense; color, tender rose, passing to bright rose; very distinct. **Price, 15 cents each.**

Francois Arrago—A charming variety and free bloomer; color, salmon pink shading to salmon in the center.

General Dodds—Plant very dwarf in habit, and foliage very heavy. Leaves beautifully deuted, trusses very large indeed; florets more than two inches in diameter. Color, soft vermillion, of grand effect. Single.

Glorie Poitevine—Immense truss of large single flowers; color, bright rich red, shaded orange, with distinct white eye.

Gold Dust—Of the brightest scarlet color imaginable, shining like a fleece of gold, a beautiful and charming variety and one of the best bedding varieties in this class; semi-double.

H. Dauthenay—An exceedingly strong growing and free flowering single variety. The plant is all that could be desired in form and produces large trusses of deep apricot salmon flowers of great beauty.

J. J. Harrison—Double, brilliant capucine scarlet; florets of enormous size, habit all that could be desired. A fine bedder and most effective sort.

Johnnie Doyle Always in bloom, whether in beds or pots, indoors or outdoors. This remarkable new geranium is a cross between Grand Chancellor and Bruanti, and is destined to take the most prominent place in bedding or pot geraniums. In our grounds during the past season this grand variety was the center of attraction the entire summer through, which was one of the hottest and driest known for years. It never lagged, but grew and bloomed continually. The growth dwarf and massive. Color brilliant and rich vermillion scarlet. Flower trusses enormous on stiff, upright stems; fine for cutting.

Jean Viad—Novelty This is the finest geranium for blooming we have ever grown. Flowers semi-double, of largest size, on immense stalks. Color, a fresh, bright, rose pink, the two upper petals marked with white blotches, adding greatly to the freshness of coloring. Its habit of growth, uninterrupted blooming and hardness will attract attention at once and it will be grown in large quantities when better known. See last cover page for complete description. **Price, 15 cents each; 4 for 50 cents.**

J. D. Cabos—Single; of dwarf growth, flowering in the utmost abundance. Trusses of the largest size, composed of very large florets, showing a distinctly new and delightful color in this class, a beautiful, soft, rosy pink; magnificent bedding or pot plant.

Mad. Landry—Novelty. The finest new salmon color we have ever seen. Flowers very large, in immense trusses on long, rigid stems; semi-double. Plant remarkably free in bloom, being a mass of flowers until the end of the season. Color, rich Salmon, shaded orange, edge of petals of a brighter shade than the rest of the flower. A beautiful and distinct variety. **Price, 15 cents each.**

Mme. Charles Molin—Trusses and florets enormous; color, clear, bright salmon, white eye. Remarkable for the beauty of the trusses, and also for its lovely color. Plant semi-dwarf, zoned in black. Very fine. Single.

Md. Jaulin Without question the finest new semi-double Geranium offered in many years. This is an entirely distinct color in the Bruant or bedding type. Very large florets compose a truss of great size; center of flower very delicate pink, bordered with pure white; for freshness and beauty this variety is unrivalled by any bedding sort and is equally as valuable for pot culture and market purpose.

Madame De La Roque—Enormous round flowers, in large trusses; color a beautiful salmon, with orange-shaded center.

Mrs. A. Blanc—Apricot red, veined darker; rose center.

Monsieur Louis Fages—Semi-double; clear, bright orange-scarlet. Extra fine.

Madame De Luc—New. This fine variety is without question the best single pink in the type. Color, a beautiful pure rose, upper petals blotched with white. A grand plant and an excellent bedder. **Price, 15 cents each.**

Mrs. E. G. Hill, Giant Single. A magnificent bedding variety. The trusses are of extraordinary size, the florets by actual measurement being two and one-half inches long by two inches wide, of almost pansy form. The color: the center of each petal is a soft, light salmon, bordered with rosy salmon and veined deep rose. This variety has been universally admired by all who have seen it in flower.

President Victor Dubois—New. A very distinct variety. Color, intense magenta rose. Extra large flowers on long, stiff stems; semi-double.

Protee—An exquisite variety. Flowers very large; color, silvery lilac white, changing to silvery pink.

Theodore Theulier—New. This is a very distinct color in the type, a brilliant vermillion scarlet; flowers of immense size; plant of strong growth but compact habit. A magnificent bedder and a grand, showy pot plant.

Theophile—New Double. A distinct new Geranium, producing very large, semi-double flowers of the most beautiful and unique form, borne in immense trusses, the individual florets large. Color, a soft, tender rose, with violet shadings. Heavy dense foliage, neatly zoned. Without a rival for bedding. **Price, 15 cents each.**

Thomas Meehan—Novelty—Fine semi double, of a bright magenta shade, flowering very freely in large trusses of well-opened flowers, with distinctly fluted petals, the base of the petals marked with orange. **Price, 15 cents each.**

Ville de Poitiers There is nothing finer than this in the Bruant race. Color, rosy scarlet. very clear and bright; trusses very large, composed of enormous florets, nearly 3 inches across, and of the peculiarly beautiful form of Beaute Poitevine. Very free, producing an elegant effect when massed.

Van Dael—Enormous trusses of large florets. Center, fresh salmon rose, bordered white.

W. P. Simmons—Single. Remarkably dwarf stature, brilliant and abundant bloom; color, extremely bright orange scarlet; flowers well up above the foliage, and of grand size.

Every garden, large and small, has room for an attractive Geranium bed, and no Geranium gives better satisfaction for bedding than the now justly celebrated BRUANTI.

A BED OF FORTY MAGNIFICENT GERANIUMS FOR \$2.00.

FORTY PLANTS WILL NICELY FILL A BED FIVE OR SIX FEET IN DIAMETER.

BRUANTI The Giant among Geraniums. We consider this the best bedding Geranium of all varieties. The plant abounds in vigor, foliage strong, striking and of perfect habit. Color of the flower is a bright vermillion red of most pleasing shade. The flowers are absolutely perfect in shape, color and make-up, trusses exceptionally large, and borne in immense spherical balls, often measuring eight inches in diameter. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots. The flower of this Geranium is a happy combination of what it should be to bloom freely and to be the most effective in appearance. It is of the semi-double type (the most striking of all), only the double form takes place near the base of the petals, allowing them free development, and at the same time showing the semi-double type. It embodies all the advantages of both types, the perfect development and free blooming qualities of the singles, the fullness and beauty of the doubles, without their great fault of having the florets da up and drop off and become unsightly when planted outside. We have grown an immense stock of this variety: will not have less than twenty-five thousand to sell in the course of the season. Try a dozen or more of this beautiful Geranium in a bed or clump, and it will delight you the Summer through with its handsome foliage and pleasing color. **Price, 10 cents each; 3 for 25 cents.**

SPECIAL OFFER—For \$1.00 we will send you 20 fine plants of the GIANT BRUANTI, postpaid, or 40 for \$2.00 postpaid. No other premium or discount allowed on special offers.

THE BEAUTIFUL SILVER LEAF GERANIUM PEARL GEM OR MD. SALLEROI. A grand companion plant for bordering the Giant Bruanti beds with. It is a very compact variety of silver Geranium, very fine for massing or bordering, a thrifty, healthful grower, rarely reaching a height of more than eight inches. Leaves rather small, of a peculiar clear green, edged with pure white, makes a beautiful contrast in any Geranium bedding; equally effective in any kind of bedding. **Price, 3 cents each; 4 for 25 cents.**

SPECIAL OFFER—20 fine plants Pearl Gem for \$1.00 postpaid. No other discount or premiums.

BEAUTIFUL NEW AUREOLE SINGLE GERANIUM, MADAME BRUANT.

No other Geranium has ever attracted so much attention or been so much admired as this beautiful new aureole flowered variety. It is entirely distinct from any Geranium in cultivation, so much so that visitors on passing through the green-houses where hundreds of other varieties are in bloom, single it out at once as the most beautiful and attractive in the whole collection. It might with propriety be called the Pansy-Flowered Geranium, so distinct is it from the ordinary style. The plant is a vigorous grower, making nice, compact plants, and very free flowering, producing fine large trusses of bloom in great profusion; individual flowers large, of fine shape; center of flower white, veined with carmine lake, the five petals regularly and distinctly bordered with bright soferino. The arrangement of color is exquisite and entirely new in Geraniums. An excellent variety for pot culture, being a continuous bloomer Winter and Summer. **Price, 10 cents each; three for 25 cents.**

A bed of this beautiful Geranium will excite the envy and admiration of your friends and neighbors for miles around.

SPECIAL OFFER—For \$1.00 we send 20 beautiful Aureole Geraniums, Md. Bruant. No other discount.

MRS. E. G. HILL, GIANT SINGLE.

A magnificent bedding variety. The trusses are of extraordinary size, the florets by actual measurements being two and one-half inches long, by two inches wide, of almost pansy form. PEACH BLOSSOM GERANIUM, SOUVENIR DE MIRANDA.

The greatest novelty in Single Geraniums that has appeared for a number of years is undoubtedly Souvenir de Miranda. It is entirely different from any variety known, and is quite different from the usual market varieties that have from time to time made their appearance. It has round florets, lower petals salmon rose, streaked with pure white; a most novel color. It is extremely free flowering, and produces fine trusses of beautiful blooms. **Price, 8 cents each.**

SPECIAL OFFER—For \$1.00 we will send you 20 fine plants of Souv. de Miranda.

SAM SLOAN SINGLE CRIMSON BEDDER.

This grand variety is to the single Geranium what S. A. Nutt is to the doubles—one of the best bedders of the class. The constitution and growth are excellent; the trusses are exceedingly large on long foot-stalks, the single florets are very large and round and of a magnificent velvety crimson, never out of bloom; one of the most desirable in the family. **Price, 10 cents each; 3 for 25 cents.**

NEW PREMIER FLOWERING GERANIUMS.

PRICE, 10 CENTS EACH; THREE FOR 25 CENTS.

SPECIAL OFFER—For \$1.00 we will send Eighteen Varieties of Either Single or Double, or Half of Each, of Your Selection. No Further Discount.

Double Varieties.

Alpine Beauty—What S. A. Nutt is among dark reds, Alpine Beauty is among double whites. We consider this the finest double white up to date.

Bonnat—Large, spheroidal trusses, flowers full and of the finest form; brilliant carmine rose. This is one of the finest varieties for pot culture or for bedding out.

Centaure—Color, the richest deep pink, shading near base of petal to light pink, the base of upper petals creamy white.

Contraste—Very large. Lower petals orange and carmine, upper petals clear orange—a striking contrast of colors that is unsurpassed and extremely beautiful.

Countess de Castris—Extra large, bright rose, base of upper petals pure white. Blooms in immense trusses on long, stout stems. The plant is of vigorous, robust growth, always producing a beautiful display of bloom.

Colossus—Floret quite circular, semi-double, $2\frac{1}{2}$ inches in diameter; truss also fine. The color is very beautiful, a rich shade of rosy crimson. Very free in bloom. One of the very largest and finest.

Ernest Kelway—A vivid scarlet, with grand truss. Everything that could be desired, both in habit and quantity of bloom.

Dr. Jacoby—Enormous trusses of clear salmon.

Double Guinea—It is a splendid grower, stands the sun well, and is of a very bright orange-yellow color, florets and trusses large and of fine form.

Enlalte—Double. Bright salmon; a beautiful, well-formed flower, and a distinct advance upon any previous introductions in the same class, both in bloom and habit.

Fire Brand—Color, a dazzling flame scarlet; fine truss, flowers large and of great substance. An excellent bedder and pot plant. For planting none equal it.

Gertrude—Color of the flower a clear, bright salmon, with center and outer edges touched with white, and soft shadings of carmine, velvety in texture, and of the most beautiful semi-double form.

Gen. Millot—Intense and dazzling crimson scarlet.

Glorie de France—Large, round flowers of waxy appearance; color, carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited.

Josephine Gerban—Trusses of immense size, the largest of any of the semi-double varieties. In color a distinct cherry, shading to rosy lilac, flower marked white.

Lady Candahar—Intense deep salmon, large, full flower and truss, habit dwarf and branching, very full. A decided advance on the best double salmons.

Le Contable—Large, full, double flowers of a beautiful bright rose color. An extra fine variety.

Le Pilote—One of the most brilliant and beautiful. Very brilliant crimson scarlet; large and beautiful florets.

M. Lockroy—Stem stiff and trusses large; flowers very full. Color a beautiful shade of soft sub-scarlet.

Marvel—Rich, bright crimson. One of the best dark-colored bedding varieties. The plant is compact and low-growing in form, making excellent plants for massing.

Mme. Bacot—An abundant bloomer of a most remarkable shade of orange, approaching yellow. Plant dwarf and of free growth. Very fine.

Mrs. Gladstone—Grand color, pure white and shaded flesh pink toward the center; a beautiful combination.

Mme. Chas. Dabouche—Double, extremely free flowering, with enormous trusses, composed of large, round flowers. Color, bright rose, shading to light pink.

Mary Hill—The richest and purest deep pink flowers of the largest size; fine form, with very large trusses.

Montesquin—Very large flowers and truss; color, an exquisite pale mauve, with white eye.

Monsieur Press—Enormous trusses of large flowers; rich, rosy salmon, shaded with carmine and white.

Madame Ayme Chevreliere—The best double white Geranium in cultivation. All through the Summer this superb new variety produces more flowers than any other white variety. Trusses and flowers are very large.

Rosebud—A perfectly formed, bushy plant, constantly covered with well-proportioned trusses of exquisite little rosebud florets, so intensely brilliant in color that they appear to vibrate. Of hardy, vigorous, healthy growth.

Sir Trevor Lawrence—Enormous trusses of bright rosy pink flowers; beautiful foliage. This is one of the best bedding and pot varieties.

William Pfister—Beautiful, bright apricot color, quite distinct and by far the best of the color.

Single Varieties.

Athlete—The brightest imaginable scarlet; with distinct white eye, large nicely shaped floret 2 inches in diameter. Extra choice variety.

Benjamin Schroeder—Large single flowers, of soft, rosy pink, with distinct white blotch on upper petals.

Brilliant—A grand scarlet; very fine, circular florets and beautiful trusses, and the grandest of the singles.

Dr. Levassour-New—A new fancy variety, peculiarly shaded and blotched; immense trusses of large florets. The three lower petals are orange cerise, marked with lilac, which shades into cerise; the upper petals are lilac, veined with red and bordered cerise. Free and vigorous.

Galatia—Delicate salmon rose, with white blotch on the upper petals. Large truss and very free and beautiful.

Gertrude Pearson—Single. Pure rose-pink, with conspicuous white blotch on two upper petals; flower beautifully formed and the largest of its color: habit good, foliage nicely zoned; a grand sort.

Granville—Floret perfectly round; a lovely bright pink. The flowers are of the largest size and excellent form; trusses very large and spreading, flowering at all seasons of the year. A fine bedder: good for pots.

Gettysburg—Bright crimson maroon, of a beautiful shade; flowers very large and of fine form. Extra fine.

Hecla—Enormous trusses composed of immense circular florets of velvety crimson scarlet. This variety has the largest floret, finest truss, longest stem and the best color among the single reds.

Jacquerie—One of the largest flowered singles we have; the florets are longer than wide, giving it the appearance of a pansy bloom; very velvety in texture and a magnificent shade of dark crimson scarlet.

James Kelway—A beautiful crimson scarlet of fine size and satiny texture; upper petals slightly recurving.

Lady Renals—A beautiful fine, large rounded flower in large trusses; color a clear, rosy scarlet with distinct white eye. Plant of free branching habit, a very pleasing shade of color and entirely distinct.

Lowel—Soft scarlet pink, of beautiful shade, large trusses. Fine indoors or out. The best of its color.

L. Swartling—The center of the floret is scarlet flame, shading out to salmon; floret large and truss immense.

Marguerite de Layres—A grand single white; florets extra large and purest white.

Mrs. J. M. Garr—Dwarf, compact habit, and in freedom of bloom is superior to all whites, and equal to best scarlet bedders. Does not fade out.

Mary Stuart—Petals overlapping and floret slightly cupped on long footstalks; truss large and informal, color, brilliant rosy scarlet. A bedder of the highest order.

Pierre Mael—Color, violet lake or pure violet, upper petals peculiarly and delicately spotted and striped with white; trusses are extremely large.

Princess Marguerite—A very large truss of pure white. A grand grower and bloomer.

Rev. W. Atkinson—Rich crimson scarlet; fine large flowers and truss. Very free flowering; one of the best.

Rev. H. Harries—Soft, rosy red, producing freely florets and pips of gigantic size. A splendid variety.

Sam Sloan—Fine velvety crimson, carrying quantities of immense trusses. Unequaled as a dark bedder.

Scarlet Cloth—Splendid rich shade of scarlet. Extra large floret and truss.

Signor Crispi—Immense florets on large trusses of the most delicately beautiful pink; large white eye.

St. Peter—One of the largest; color bright, glowing salmon, bordered with white and veined salmon.

Theo. Lavallee—Large, round flowers, very freely produced: salmon, changing to orange at base of petals; large white eye. A fine variety for pots.

Van Beneden—Fine large flowers, lower petals rich violet bordered with scarlet, upper petals orange scarlet; very bright, and distinct.

Violet Queen—The truss is enormous; beautiful shading of rose and heliotrope. This is one of our pet varieties. Extremely handsome, but very rare.

W. A. Chalfant—Dazzling scarlet; florets slightly circular and slightly cupped, forming a magnificent truss.

Wedding Ring—The dazzling orange-scarlet florets, circular and cupped, give it the appearance of a beautiful ring. It forms magnificent trusses of the largest size.

A PAGE OF THE BEST DOUBLE

Bedding Geraniums.

EQUALLY FINE FOR POT CULTURE.

The grand revival of elaborate and extensive bedding of Geraniums in the public parks and along the great railroad trunk lines of the country has led us to grow a large number of the best bedding kinds of Geraniums, and to classify them together for the convenience of those who are in a quandary what to buy. Permit us to say that there is rarely a garden to be found but what has room for a few Geraniums, and no other plant is more eminently satisfactory to the planter than the Geranium.

REMEMBER, all Special Offers and Collections are net cash. No premiums or discounts can be allowed; they must not be included in your clubbing rates.

Emile de Girardin,
Double Pink Bedding
Geranium.

No one who has seen this lovely pink Geranium, as it is grown in the beds and borders of the Northern parks, can imagine the beauty that lies in a flower of that color. Of a deep, soft rose, rather than pink, but fresh and bright, the blossoms are perfect in form and borne well and clear above the foliage. The long beds of it seen in the Chicago parks, with their edging of "Golden Bedder" Coleus, formed the most beautiful Geranium planting we have ever seen, and the combination is delightful. It stands the sun perfectly, and is, in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired. **Price, 10 cents each; 3 for 25 cents.**

SPECIAL OFFER—For \$1.00 we will send 20 fine plants of Emile de Girardin, or 8 for 50 cents. No other discount or premiums.

Professor Poirault, a
Standard Bedder.

One of the most beautiful of the fancy doubles; flowers large and of brilliant violet color, the petals very distinctly marked with orange. **Price, 10 cents each.**

SPECIAL OFFER—20 Fine Plants for \$1.00, postpaid.

DOUBLE WHITE BEDDING GERANIUM, LA FAVORITE.

The Great Crimson
Bedding Geranium,
S. A. NUTT.

SPECIAL OFFER—Twenty Fine Plants of S. A. Nutt for \$1.00, postpaid. No further discount allowed.

S. A. NUTT—The Great Double Crimson Bedding Geranium.

This, the finest of dark crimson Geraniums, has now taken the lead as a bedding Geranium, being used in the largest parks and public grounds of the country in preference to all others. Its dense, compact growth, profuse blooming qualities and sunproof constitution combined, give it the prominence as a bedder it has attained. We sold upwards of twenty-five thousand plants of S. A. Nutt in the past season. As a pot plant it cannot be excelled, as it does not make the long, straggly growth so many other Geraniums do in the winter. **Price, 10 cents each; 3 for 25 cents.**

SPECIAL OFFER—For \$1.00 We will send you 20 fine plants of S. A. Nutt; or 8 for 50 cents, postage paid. No further discounts or premium allowed.

New Double Parti-Colored Geranium--QUEEN OF THE FAIRIES.

In Queen of the Fairies, we have the finest double parti-colored Geranium ever introduced, and it is suitable for bedding, and flowers as profusely as the best single varieties. The perfectly double flowers are unsurpassed for cut flowers. They are borne in large trusses and retain their beautiful coloring even in the heat of Summer. In the Fall the plants can be taken in the house, where they will again bloom profusely. Large, round florets, of waxy appearance; colors, carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we know. This is the most beautiful of the parti-colored Geraniums, which appear so bewitching to the eye. The very brightest color imaginable. **Price, 10 cents each; 3 for 25 cents.**

SPECIAL OFFER—For \$1.00 we will send you 20 fine plants, postpaid; or 3 for 50 cents. No other discount or premiums allowed.

Double Pure White Bedding Geranium,
LA FAVORITE.

In this new Geranium we believe we have the finest double white Geranium in cultivation. The single Geraniums are valuable for bedding, and present a beautiful effect in massing, but cannot be used for cut flowers on account of the petals falling. On the other hand, most of the double varieties of Geraniums are useful for cut flowers. In La Favorite we have a pure, double, white Geranium, as free flowering as the single varieties, and which can be used for planting in beds, for furnishing a supply of beautiful white flowers for vases, etc., or for pot culture for winter forcing. It is a dwarf, compact growing variety; the foliage is a bright, healthy green, with a band of darker green encircling each leaf. The flowers are borne in large trusses, of the purest snow white; retains this pure whiteness even in the height of summer, and for winter blooming it is all that can be desired. While "White Swan" is a beautiful variety, yet La Favorite is quite in advance of it. Do not fail to add this charming variety to your collection. **Price, 10 cents each; or 3 for 25 cents.**

SPECIAL OFFER—We will send, postpaid, 20 fine plants of La Favorite for \$1.00, or 8 for 50 cents. No other premium or discount allowed.

Mrs. Pollock, Tricolor—This is the finest of the group, as it holds its color during the heat of Summer. It is very distinct in its markings, having a broad golden belt overlaid with a bright carmine-red zone, blending beautifully with the gold and bronze. **Price, 15 cents.**

Prince Bismarck—Foliage yellowish green, with narrow zone of deep chocolate; flowers salmon, tipped white. A splendid variety. **Price, 10 cents each.**

PELARGONIUMS, LADY WASHINGTON, OR PANSY GERANIUMS.

The flowers have deep blotches on the upper petals and bright spots on the the lower ones. When in bloom during the months of May and June, they are very beautiful and ornamental, either as pot plants or in the garden. Although their time of blooming is short, their great beauty while in flower makes them very desirable. We offer the newest and best varieties. **We have six of the best varieties. Price, 25 cents each.**

SPECIAL OFFER—For \$1.00 we will mail you the set of SIX Lady Washington Geraniums. No further Discount.

TRAILING OR IVY-LEAVED GERANIUMS.

A splendid class of climbing or trailing Geraniums, unsurpassed for hanging baskets, vases (especially those in cemeteries), rock-work and training on trellises; perpetually in bloom.

PRICE, 10 CENTS EACH; 3 FOR 25 CENTS.

Camille Flammarion—A beautiful variety, and a general favorite with all lovers of the ivy leaf varieties; flowers large, full cup-shaped, and a deep rose color.

Centenaire, New—Rich, brilliant solferino, immense sized florets of the most perfect form. Without doubt the finest variety in the class. **Price, 15 cents each.**

Comtesse Horace de Choiseul—The plant is vigorous, leaves with zones, double and imbricated, in good trusses; color a bright golden salmon. This is the richest colored flower of any grown.

Etincelant, New—The truss is of enormous size, composed of large, semi-double florets with large petals. A glowing shade of velvety red. It is extremely vigorous in growth and a very free bloomer. **Price, 15 cents each, or two for 25 cents.**

General Champlonet—A grand pure scarlet color; florets of beautiful rose form, quite circular, of the largest size; the most regularly beautiful of the reds, and as fine in color as P. Crozy, and a little darker, besides being very double. **Price, 15 cents each.**

Gloire—Flowers a beautiful wine color, shaded amaranth; very full of large petals of rosette form.

Garden Glory—Fine bright scarlet; probably the best of its color; bold, full flower, free grower and bloomer; one of the most useful of the Ivies.

Galilee—Rich, deep pink; large flowers of good substance, and not only flowers in Summer, but makes a beautiful plant for the window in Winter.

Incomparable—Trusses very large; florets immense and very regular in form, quite full; the color is an exquisite shade of rosy carmine. Nothing finer.

Joan of Arc—The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy green leaves making it a most effective background for the great clusters of snow white flowers.

Joseph de Maistre—Fine, large trusses of heavy texture, clear and beautiful satin amaranth.

La Rosiere—Flowers very large and perfectly double, making a lovely rosette in shape. Color of the most delicate pink shade, and exceedingly attractive.

P. Crozy—The flowers are brilliant scarlet, borne in the greatest profusion, the trusses measuring six inches across, and the individual florets two inches; the habit is dwarf and compact; the flowers are semi-double and last a long time. As a pot plant or in beds it is fine.

Ryecroft Surprise—Vigorous, upright habit, producing magnificent flowers of a lovely and distinct shade of salmon rose.

Souv. de Charles Turner—Color, light scarlet with soft rose tint, two upper petals veined with crimson.

Beautiful New Geranium Creations.

Price, 15 Cents Each; 2 for 25 Cents; Except Where Noted.

Jean Lahor—Plant free blooming, large trusses; very large flowers of beautiful effect with their blended and brilliant shades; color is variable according to flowers; ordinarily the border of the petal is red, more or less vermilion; center clear violet mixed with lilac mauve; base of upper petals orange.

Dr. Despres—Large trusses, very large, round, well opened flowers of variable color, sometimes bright violet with vermilion spots on upper petals, again bright blood red brightened with violet spots, making a beautiful contrast.

Mad. Alcide Bruneau—Plant of finest habit; center milk white, regularly striped rose; edges of petals lined with narrow but distinct band of fresh rosy lilac. This variety marks a departure in the race of zonales and is certainly one of the finest, most distinct and beautiful introductions in many years.

Jules Lemaitre—Unapproachable for novelty and size of flower. One of the finest in our list. Each floret is extremely large, pure white, with each petal edged deep rose, two lower petals heavily bordered.

Vera Vend, New Double Corona—One of the most difficult to satisfactorily describe. Large flowered, double, entirely different from any other Geranium and is one of the oddest and most interesting. Border of petals deep rosy orange with large center striped white, delicately marbled red and orange. Strong grower, continuous bloomer.

Mons. De La Rue—Rich carmine lake color of the most intense shade with white mark at base of petals; also lined and dotted carmine. Very large flowers, color magnificent.

Double New Life—The sensation which the Single New Life Geranium created when introduced into England is well remembered. The Double New Life is a much greater sensational departure in every way. The outer florets are brilliant red; in the center of these appears another semi-double floret, pure white in color, effecting a very charming contrast, difficult to realize unless seen, and having the appearance of being produced artificially. **Price, 10 cents each, 3 for 25 cents.**

Southey—Bright vermilion, with white blotch in center of flower, running up into the two upper petals, which are suffused with crimson. Its gorgeous coloring and free blooming qualities render it one of the most valuable for all purposes.

Dryden—Fine for either bedding or pots; stands sun and storm remarkably well and is one of the most showy. Bright rosy red with large white blotches on two upper petals, smaller blotches on the three lower ones. Very free and continuous bloomer.

Marquis De Galard—This is certainly the most magnificent colored Geranium we have seen for some time. Trusses of immense size, semi-double; color, rosy cerise shading to orange; stems very stiff and long; color very beautiful and quite new, catching the eye at once; perpetual bloomer. **Price, 10 cents each, 3 for 25 cents.**

Francis Perkins—This we consider the finest pink bedding Geranium to date for our climate. It is a decided improvement on that popular variety, Emile de Girardine, being a much brighter, clearer color. The plant is a strong, vigorous grower and a prolific bloomer; flowers are perfect in form and are borne well above the foliage on long foot stalks; color, a clear, bright pink. It stands the sun admirably and for massing there is nothing that equals it in its color. **Price, 10 cents each, 3 for 25 cents.**

Triomphe De Nancy (New)—Flowers semi-double, carmine red, with white markings very peculiarly arranged; an entirely novel variety, with large trusses of immense florets. No other double variety has ever shown white markings similarly distributed. **Price, 10 cents each, 3 for 25 cents.**

Gertrude Pearson—One of the most beautiful varieties we have ever seen. The color is charming, a pure rose pink with a conspicuous white blotch on two upper petals. Flower is beautifully formed and we believe the largest of this color. Habit and growth are excellent, foliage nicely zoned. Single.

M. Poirier, Single—Perfect marvel among Geraniums; the best of the new dwarf-grown sorts. Very dwarf, compact and of very branching habit. Flowers are produced in greatest profusion upon large sized trusses; color is like the beautiful Aurora, unique and changeable, some trusses being of a deep rosy salmon, streaked and veined carmine, with deep magenta color; others with the outer petals almost a pearly white, carmine color.

The Wonder, New Single—This new Geranium, without doubt, the finest that has ever been offered, is so intense in color, such a wonderful bloomer and strong grower, that it was named "The Wonder," from the fact that every one who saw it pronounced it wonderful. Flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, 18 inches in circumference. A fine bedding or pot plant.

J. Sallier, New Single Aureole—Vigorous growing, remarkably free flowering; trusses very large, of perfect form; single flowers, entirely distinct; edges of petals carmine lake, center washed in tints of rose and blush Heliotrope color; upper petals veined carmine, and marked with orange at the base. **Price, 10 cents each, 3 for 25 cents.**

Camille Bernardin, New Single Aureole—Very large trusses, individual florets large and well formed, plant of excellent free flowering habit; rosy peach veined with bright rose and streaked and marbled with pure white. This is certainly one of the best varieties we have seen in this class. **Price, 10 cents each, 3 for 25 cents.**

Fleur Poitevine, New Single Aureole—Another very distinct colored variety. Large, single flowers; color brilliant rosy carmine, marbled and striped pure white, producing an aureole of deep orange carmine at the center; the plant is dwarf but robust, and wonderfully free flowering. **Price, 10 cents each, 3 for 25 cents.**

FRANCIS PERKINS.

NEW ORCHID-FLOWERED

IVY-LEAVED "LEOPARD." GERANIUM,

This is an absolutely distinct novelty in the Ivy-leaved Geraniums. The flowers are 2½ inches across, semi-double and borne in medium-sized trusses. The color is remarkable, being fully as rich and distinct as an orchid. The ground is a clear rosy pink, the upper petals being heavily blazed with fiery crimson, distinctly marked with white at the base, above which is the arch of fiery crimson like an aureole; the base of the lower petals is feathered with rich crimson-maroon blotches. The variety is unique and fully as striking as many of the orchids, many people mistaking it for an orchid flower. This will make one of the most distinct basket plants in cultivation, and as it is as easily grown as any of the Ivy-leaved Geraniums, it will be valuable for cut blooms, as the flowers produce the same color effects as are produced by using rare orchids. The blooms are good keepers and will last several days after cutting. The habit is exceptionally strong and vigorous and it flowers abundantly through the winter season. **Price, 25 cents each, 5 for \$1.00.**

JULES LEMAITRE.

* FUCHSIAS *

We have no plants that can equal in grace these denizens of the forests of our Southern hemisphere. Grow in a shady place in summer, in soil composed largely of leaf mold or sandy peat. Grow in a sunny window in Winter and turn frequently to the light to preserve the symmetry of the plant. Give free ventilation, moderate watering and a temperature of 60 Fahr.

GRAND NEW FLOWERING FUCHSIAS.

Victor Hugo—In this variety we have a decided novelty. The corolla is of immense size, composed of large petals, some of which are a rich royal purple, some spotted with bright scarlet, others entirely scarlet, making a striking and beautiful contrast in coloring that can not fail to please the most fastidious person. The sepals are large bright scarlet; the plant is a fine, upright, strong grower and of compact habit. Early and free blooming. **Price, 15 cents each.**

Contrast—Has beautiful flowers of oval form, very large double corolla, center petals rich violet lightened with azure blue, exterior petals bright scarlet, making a distinct contrast in coloring that is very attractive and not found in any other Fuchsia. Sepals elevated, of a dark red color; plant of exceptionally fine, compact growth, very early and free bloomer, probably the earliest of all double Fuchsias. **Price, 15 cents each.**

Carmen Sylva, Novelty—An excellent double pure white. **Price, 15 cents.**

Glorie Des Marches—A strong growing variety of fine, upright, branching habit; very abundant in bloom; corolla large, double and pure white; sepals bright red. One of the finest of the double whites. **Price, 10 cents each.**

Jussieux, Novelty—Very dark purple; double, of medium size, very finely formed, extremely free both in growth and bloom. **Price, 15 cents.**

La Cordaire, Novelty—A remarkable large flowering double purple with brightest red sepals. Very showy and good compact habit of growth. **Price, 15 cents.**

Minister Boucher, Novelty—Double, of good size and very free. Corolla beautiful lilac with bright crimson sepals. Plants, when well grown, are one mass of bloom. **Price, 15 cents.**

Phenomenal—The king of them all. Phenomenal is the largest flowered Fuchsia in cultivation. The plant is a strong grower, branching like a tree; the leaves are dark, glossy green, with veins of dark crimson, giving the foliage a rich, ornamental appearance. The flowers are of enormous size, measuring three and one-half inches across; sepals bright scarlet, with rich violet blue corollas, very double. **Price, 15 cents each, 2 for 25 cents.**

Marenga (New)—This grand variety is without a doubt the most desirable sort for hanging baskets. It is of neat, compact growth, not coarse and very symmetrical. NEW FUCHSIA MARENGA.

Madame Carnot—Remarkably free flowering variety with flowers of very large size. The plant is of compact, symmetrical growth, making fine, shapely plants in quite small pots; tube and sepals deep coral red; corolla white, veined and suffused carmine. A distinct and valuable new variety that is sure to become a popular sort. **Price, 10 cents each.**

Rose Phenomenal (New)—Identical with its parent. Phenomenal, except that it is a grand, large, double rose flower, instead of double purple like Phenomenal. Flowers average three inches across and borne with the greatest profusion; in fact Rose Phenomenal may truly be called a perpetual bloomer, so freely does it produce its beautiful flowers. The tube and sepals are a bright carmine, corolla rose color, base of corolla heavily shaded and veined with crimson. **Price, 15 cents each.**

Madame Bruant (New)—This is a novel and distinct new Fuchsia, entirely different in color from any other variety with which we are acquainted. The flower is very large and double; a fine, large corolla with strongly recurved sepals. The corolla is a delicate heliotrope color, suffused with rose slightly marked and veined with carmine; sepals deep coral red; plant a vigorous grower of fine, graceful habit. This is a decided new color in Fuchsias, which, combined with its fine, large and splendid habit, will make it popular with all lovers of this beautiful class of plants. **Price, 15 cents each.**

SINGLE COROLLA VARIETIES.

Arabella—Tube and sepals white, corolla rose color.

LINUM TRIGYNUM.

A Winter-blooming plant of great beauty, producing in the greatest profusion very large, showy blooms of a bright yellow color. A complete mass of bloom for a long time during Winter. One of the most beautiful Winter bloomers it is possible to have. Flowers about the size of a Morning Glory. Small plants bloom profusely, and become more beautiful each year. **Price, 15 cents each; 2 for 25 cents.**

SOUVENIR DE BONNE.

JASMINE GRACILLIMUM.

LINUM TRIGYNUM.

Asparagus Sprengeri.

Asparagus Sprengeri, or Emerald Feather.

A most desirable new species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets. The fronds are frequently four feet long, are of a rich shade of green and most useful for cutting, retaining their freshness after being cut for weeks. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any position. No introduction of recent years has made such a favorable impression upon us as this graceful Asparagus. We have a large stock of it and offer good, strong plants. **Price, 10 cents each, 3 for 25 cents; large plants, 25 cents each, and extra large specimen plants, 50 cents and \$1.00 each.**

Asparagus Plumosus Nanus, or Lace Fern.

One of the handsomest of foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken web, lasting and retaining their freshness for weeks. We consider it the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in fineness of texture and richness of color. **Price, 15 cents each, 2 for 25 cents; extra large plants, 50 cents each.**

Asparagus Tenuissimus.

We consider this extremely elegant plant to be the greatest acquisition for decorative purposes or for cutting from that has been offered for many years. It is a climber, and is grown and can be strung like Smilax, but the extreme delicacy of the foliage cannot be described. It is as fine and graceful as Asparagus, finer than the fronds of the most delicate Fern. The sprays will be in great demand for bouquet and other floral work, as in addition to its gracefulness, it does not wilt like Smilax, but remains bright and green for weeks. **Price, 15 cts., each, 2 for 25 cts.**

Dracenas.

Dracena Indivisa, or Club Palm.—(The Fountain Plant.) This variety is unsurpassed for hardiness in the house, and is used very extensively as a center plant for vases, urns, etc. It stands full exposure to the sun, its long, narrow, graceful foliage contrasts beautifully with other foliage and flowering plants. **Price, 10 cents each, 3 for 25 cents; large plants, 25 cents each.**

Dracena Terminalis, or Dragon Plant—A superb species, with rich crimson foliage, so marked with carmine pink and creamy white that words cannot express the exquisite coloring. This is one of most admired of the species, its elegant habit and extremely beautiful, lively coloring giving it marked value. For room adornment, or as a vase plant for out-door use it is indispensable. **Price, 25 and 50 cents each.**

Asparagus Plumosus.

Mountain Rose.

Antigonon Leptopus, or "Mountain Rose."

A lovely climber from Central Mexico, with beautiful rose-colored flowers in racemes two feet long. The profusion of bloom is such as to give the resemblance of roses at a distance, hence the Mexican name "Rosa de Montana," or Mountain Rose. Described by its discoverer as the most beautiful climber he had ever beheld. This is moderately hardy, with protection. The vines are killed to the ground by frost, but it quickly shoots up in the Spring, and develops its flowers from June till frost. **Price, 15 cents each.**

New Ageratum Stella Gurney.

A short, compact grower, well branched, extremely free blooming, individual tufts are very large, dense; color, intense blue; most beautiful ever seen in Ageratums. Has a velvety texture quite unlike the cotton-like flowers of this class. By its neat, short, dense flowers of brilliant blue, furnishes a bedding plant without equal. Can be used as a border. **Price, 15 cents each; 2 for 25 cents.**

New Ageratum Princess Pauline.

Most distinct, novel variety of dwarf habit; its peculiarity being that both colors, light blue and white, are combined in same flower. **Price, 10 cents each; 3 for 25 cents.**

New Ageratum Louis Bonnet.

Of dwarf, compact growth, covered the entire Summer with pure white flowers. **Price, 10 cents each; 3 for 25 cents.**

New Giant Ageratum Le Giant.

Decided departure from the general run of Ageratums. This variety is tall enough to use as a center plant in vases or baskets. Extremely rapid growth, with every branch tipped with a cluster of bright blue flowers. **Price, 10 cents each; 3 for 25 cents.**

Ageratums—Blue and White for Bedding.

Useful class of bedding plants, remarkably free flowering; also make excellent pot plants for Winter blooming. **Price, 5 cents each; 6 for 25 cents.**

Ageratum,
Princess Pauline.

Dwarf Otaheite Orange.

DWARF OTAHEITE ORANGE.

This valuable and distinct variety is a dwarf, compact grower, with glossy, deep green foliage, producing a wonderful profusion of pale white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern orange groves. Fruits immediately after flowering, bearing fruit about one-half the size of an ordinary orange, retaining in a marked degree their sweetness. This unique orange cannot be equaled as a winter-blooming pot plant for house culture, and is of the easiest culture. Flowers and fruits when but twelve to fifteen inches high. As a pot plant this is one the most novel. **Price, 10 cents each; large, strong plants, 25 and 40 cents.**

Ponderosa—Wonderful New Lemon.

NEW DOUBLE FLOWERED BEGONIAS.

An entirely new departure in the Begonias of the semperflorens type. The plants are vigorous and compact in growth. Making fully as good bedding plants as Vernon or any other variety of this class. The flowers are miniature reproductions of the double tuberous rooted Begonias and are valuable additions to the Begonia family. **Price, 20 cents each, 3 for 50 cents.**

SPECIAL OFFER—The set of 6 New Double and Single Flowered Begonias for 75 cents net. No other premium allowed.

Boule de Neige—Strong habit, light green foliage; blooms large and full, pure white, occasionally lightly tinted with pink, light yellow stamens.

Glorie de Montet—Very free bloomer, perfectly double, bright carmine, changing to a clear pink at center of flower.

Triumph de Lorraine—A profuse bloomer, flower quite double, with nicely imbricated petals, color of buds and flowers when opening a bright scarlet, changing to cherry carmine when fully open, stamens bright yellow, contrasting nicely with the colors of the flowers.

Nancy—Deep green foliage, medium sized, very double blooms of a clear light pink, with yellow stamens.

NEW SINGLE FLOWERED BEGONIAS.

Luminaux—Perfect flowers, borne in great profusion. Color, bright purplish red; very striking.

Perle Rose—This is a fine bedding variety; compact habit; always covered with an abundance of rosy pink flowers.

TWO NEW FRENCH BEGONIAS.

Great additions to our Begonia list. The following two varieties are somewhat similar in habit of growth, being upright and very vigorous, seeming to grow and bloom under any and all conditions. Make beautiful specimen pot plants.

Profusion—Flowers bright pink, produced evenly all over the plant. One of the finest for house or summer bedding. **Price, 10 cents, 3 for 25 cents.**

Fournaise—Flowers produce in large drooping panicles, bright red, resembling those of old Begonia Fuchoides, but twice as large. **Price, 10 cents, 3 for 25 cents.**

New Begonia Incarnata Grandiflora—Distinctly a winter flowering variety. Strong, vigorous habit, blooming throughout the winter. Plant completely covered with immense pink flowers, forming a solid and exceedingly beautiful living bouquet. Very beautiful and useful. **Price, 15 cents, 2 for 25 cents.**

New Begonia Marjorie Daw—A strong healthy grower, of semi-climbing or trailing habit. Foliage deep glossy green. Flowers a beautiful shade of salmon pink produced in long drooping clusters. An excellent plant for vases or large baskets. **Price, 20 cents each, 3 for 50 cents.**

THE NEW KIN KAN—KUMQUAT OR CHRISTMAS ORANGE.

This is likely to create a greater sensation than the now well known Otaheite Orange. The plants imported from Japan several years ago have been much admired by connoisseurs. They are always eagerly snapped up at fancy prices when in fruit. What could be more fascinating than one of these little plants, a couple of feet high, decorated with fancy ribbons and covered with dainty little oranges as a center piece for a dinner table? And when it is known that the fruit is delicious to eat, one's delight is still greater. Easy to bloom, and fruit about the size of a large plum, rind sweet, juice acid and very refreshing; delicious preserves are made from the fruit. It is exceedingly productive. **Price, 50 cents and \$1.00 each.**

THE WONDERFUL NEW LEMON, PONDEROSA.

NOTHING that has ever been brought to our notice in the planting line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On a plant six feet high no less than eighty-nine of these ponderous Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. Added to its fruiting qualities, this **Wonderful New Lemon** makes a grand specimen plant for house culture and a prize winner at every fair and flower exhibition. The dark green foliage is very large, aromatic and handsome. The flowers are pure waxy white, with yellow stamens and pistils, nearly as large as a tuberose and as highly fragrant as orange blossoms. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. It is not uncommon to make twelve lemon pies from one lemon. We have the entire stock of this ponderous lemon, and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small and makes a lovely house plant. Everybody can grow their own lemons; it will fruit freely the second year.

Price, for good young plants, 15 cents each, 4 for 50 cents; large plants, to bloom and fruit at once, 50 cents each; extra large plants, by express only, \$1.00 each.

One of the most attractive and beautiful of decorative plants. Leaves are light green, beautifully marked with broad stripes of pure white, gracefully curved. **Price for strong young plants, \$1; larger plants, \$2.**

Pandanus Utilis, the Screw Pine. Vigorous constitution enables it to stand more neglect, without serious injury, than any other plant we know of. As an ornament for the window its glossy, dark green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it is unsurpassed. **Nice young plants, 25 cents each; extra large plants, \$1.**

PANDANUS UTILIS, OR SCREW PINE.

Araucaria Excelsa, Norfolk Island Pine.

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others have called it the "Star Palm." Deep green, feathery foliage, in whorls or tiers, rising one above the other at regular distances; symmetry of form, grace, beauty of foliage are unequalled. Easily grown in the house; highly ornamental. **Extra fine plants, \$1 and \$2, true stock.**

Cycas Revoluta, Sago Palm.

These are magnificent plants of noble, majestic habit and most impressive. They are probably the most valuable decorative plants grown, both for lawn and house decorations. Their heavy, glossy, deep green fronds resist alike the gas, dust, dry heat and cold to which decorative plants are frequently exposed. Our plants are an exceptionally fine lot of popular size for home decoration. **Price, for extra fine plants, \$1.50, \$2.50, \$3.50 and \$5.00.**

CYCAS REVOLUTA.

SWEET-SCENTED
MAYFLOWER
VERBENA

This is of the same trailing habit as the Arbutus or Mayflower, its branches creeping over the ground and hugging it closely. Its blossoms appear in clusters at the ends of the creeping vines, and are of the same shape and about the same size. The new Verbena Mayflower has all these characteristics, with the additional merit of possessing the same lovely and delicate pink and white coloring, making its flowers closely like the Arbutus; and, last, it has the same exquisite fragrance. This makes it one of the most fascinating flowers in cultivation, and a satisfactory substitute for the Trailing Arbutus. It was originated by that famous horticulturist, Luther Burbank, who pronounces it one of the greatest achievements. **Seed, 10 cents per packet. Plants, 10 cents, 3 for 25 cents.**

SPECIAL OFFER—15 fine plants for \$1.00, postpaid. No other discount.

Azalea Indica.

Giant White Moon Flower.

CAMELLIA JAPONICA.

The Camellia is considered the queen flower of the South. During the month of May immense trees can be seen in full bloom, making the most gorgeous sights to behold. Their dark, shiny leaves contrast beautifully with the waxy-like blooms, which come in white, pink, rose, carmine and variegated shades. No garden is without them, as they are also quite hardy in the Southern States and require no protection or care. They are called the Royal Family of greenhouse plants. Leaves glossy and flowers of the most exquisite beauty; most endless variations of colors. We offer splendid plants, bushy, well-grown specimens, all in splendid health. The varieties are the best extant, the pick of a Continental collection. **Fine large plants, 75 cents each; 2 for \$1.25, net.**

BOUGAINVILLEA SANDERIANA.

(Chinese Paper Plant.)

Elegant Specimen plant; can be trained in any desired shape.

This beautiful free flowering variety was introduced about three years ago and on account of its free blooming qualities has become very popular, especially as a plant for Easter decoration. It is of strong and rapid growth, the brilliant rosy crimson blossoms are produced from early in February until mid-summer; in fact, a plant will frequently flower the greater part of the year. It is a most desirable subject for the conservatory or window garden. **Price, 15 cents each; large size, 25 cents each.**

SANSEVERIA ZEALANICA.

Beautiful plant, especially adapted for decorating drawing rooms and halls; stands drouth and dust with impunity; leaves very beautifully striped crosswise; broad, white variegations on dark green ground. Camellia Japonica

Sanseveria Zealanica

Bougainvillea Sanderiana—Chinese Paper Plant.

Silver Striped Peperomia.

Purple Velvet Plant.

UMBRELLA PLANT

Swainsonia Alba.

Phrynium Variegatum—This is a very beautiful plant, highly valued for pot culture or for bedding out around Cannas or Geraniums. Succeeds well in all ordinary situations. An attractive ornamental plant, grows erect, resembling our Canna plants somewhat. A fine companion to Palms and Ferns. Leaves, bright pale green, beautifully variegated with white and gold, the variegations being extremely diversified. In some leaves the whole area is white, in others only half, in others again it is confined to the interspace between the ribs, while in others it is reduced to a few stripes. The markings are faithfully depicted in our illustration. **Price, 15 cents each; 2 for 25 cents.**

Silver Striped Peperomia—So thick and waxy-like are the leaves of this parlor gem that nearly everyone takes it to be an artificial plant. Leaves distinct, variegated white and green, and have the appearance of being powdered with frosted silver. **Price, 10 cents each; 3 for 25 cents.**

Purple Velvet Plant, Gynura Aurantiaca—A rare and beautiful plant. The leaves and stems are entirely covered with purple hairs, giving them the appearance of velvet. One would pronounce the plants artificial, so unlike nature they appear; flowers in brilliant orange clusters. Elegant for pot culture, vases or bedding out. **Price, 15 cents each; 2 for 25 cents.**

Clerodendron Balfouri—A rapid growing climber of great beauty; can be trained in bush form. Flowers, bright scarlet, encased by a bag-like calyx of pure white; trusses of panicles of flowers upwards of 6 inches in length; elegant for trellis work. **Price, 10 cents each.**

Cereus Grandiflora, Queen of Night Cactus—Imagine a dozen flowers unfolding with the setting sun their hundreds of wax-like petals, encircled by a wreath of gold, in continual motion, perfuming the surrounding air with the most delicious fragrance known. Does it not deserve its royal title? Grows and blooms with the greatest ease; requires absolutely no care, living for months without any water. **Price, 10 cents each.**

Epiphyllum, or Lobster Cactus—A wonderfully free bloomer, frequently blooming three or four times during the year. Of drooping, weeping habit. The flowers are a bright and beautiful pink color. **Price, 10 cents each.**

The Old-Time Favorite, Stephanotis Floribunda—Always Rare and Scarce. Rarest of all hard-wood vines. It makes a rapid growth, and bears large clusters of deliciously fragrant white flowers. Never offered at less than 75c or \$1.00. **Our Price, 20 cents; 3 for 50 cents.**

Cyperus, or Umbrella Plant—This plant grows finely in shallow water with rich soil or mud, soon throwing up long stalks, which are surmounted with narrow dark green leaves, arranged in such a manner as to suggest the name of Umbrella Plant. It will also flourish and make a fine clump in the garden. **Price, 10 cents.**

Cyperus Gracilis—A pretty new dwarf form, with very narrow, delicate foliage, entirely distinct. It makes a very desirable green for putting in bouquets. As handsome as a Fern. **Price, 10 cents.**

Swainsonia Alba—A most desirable everblooming plant, with pure white flowers, produced in sprays of from twelve to twenty flowers each, the individual blooms resembling a sweet pea. As a decorative plant for the window or conservatory we know of nothing that will give as much satisfaction. Easy of culture, growing in almost any light position. Its great freedom of bloom, grace and beauty will undoubtedly make this one of the most popular plants now in cultivation. **Price, 10 cents each.**

Swainsonia Rosea—A worthy companion for the above. The plant is an excellent grower and prolific bloomer; color, rich, rosy red. One of the best introductions of recent years. **Price, 15 cents each.**

SPECIAL OFFER—Any 6 varieties, priced at 5 cents, for 25 cents, net; or 25 plants for \$1.00, net

New Dwarf Salvia, Jean Ravenal—Early flowering; does not grow over 18 inches tall; blossoms as soon as well rooted; blooms from early Summer until late in the Fall. An entirely new variety, different from what we have heretofore offered as dwarf early flowering Salvia. Flowers "magnificent effulgent red," produced in grand spikes; **Price, 15 cents each; 2 for 25 cents.**

New Salvia, St. Louis—Great improvement over the old Salvia Splendens. Grows 2½ to 3 feet high; large, bushy plants, covered with immense flower spikes, 12 to 16 inches in diameter, of a vivid scarlet. Comes into flower early and continues until frost. **Price, 10 cents; 3 for 25 cents.**

New Salvia, "Bonfire"—Finest of all Scarlet Sages; about 2½ feet high and 2 feet through, producing brilliant spikes of flowers through the entire season, borne well above the foliage. **Price, 10 cents each; 3 for 25 cents; \$6.00 per 100, by express, net.**

Salvia Rosea—A Winter-flowering variety with rose-colored flowers, borne in spikes six inches in length.

Salvia Splendens—The standard sort for bedding; flower spikes of the most brilliant scarlet.

Salvia Splendens Alba—A white variety of Splendens. Identical in every respect except color, being pure white.

Salvia Splendens, Variegata—White and red flowers. Very evenly striped.

Salvia Vermont, or Yellow Bird—New and very dwarf plant of great beauty, with bright yellow foliage and scarlet crimson flowers. A magnificent plant for edging beds or for pot plants. **Price, 10 cents each; 3 for 25 cents.**

Beautiful Flowering Plumbagos.

Sanguinea—The Plumbagos are very desirable plants for bedding or house culture, and are admired by all for their elegant trusses of bloom and the delicate colors of their flowers. The light blue and deep blue and white varieties are well-known favorites, but with the new variety Sanguinea we have something that is entirely distinct. The trusses of bloom are larger than in the older varieties, often measuring ten inches in length, and of the loveliest bright pink or deep rose. **Price, 15 cents each.**

Capensis, Alba—This a splendid novelty. The exact counterpart of Plumbago Capensis, except in color, which in this beautiful novelty is a clear white. One of the most satisfactory bedding plants out. We recommend this highly. **Price, 10 cents each.**

Capensis, Blue—This produces large heads of light blue flowers. It has the most peculiar shade of blue of any flower in cultivation. Always in bloom and an elegant bedder. **Price, 15 cents each.**

Lady Larpent—This beautiful variety is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely, rich violet-blue colored flowers borne in close terminal heads. **Price, 10 cents each.**

VIOLET, LADY HUME CAMPBELL.

Sweet Scented Violets.

Price, 10 cents each, 3 for 25 cents, except where noted.

Farquhar—A beautiful new double Violet; strong and healthy grower; perfectly hardy and free flowering, producing in the greatest abundance lovely deep and double flowers of delicious fragrance, borne on long stems, the flowers of splendid size, nearly as large as California. **Price, 15 cents each; 2 for 25 cents.**

Lady Hume Campbell, the New Ever-Blooming Violet—This grand new Violet is a perpetual bloomer and enormously productive; the flowers are very large, often the size of a half dollar, perfectly double, like little Roses; very fragrant and of the most lovely azure blue color.

Luxonne—New, of the same size as the California, but appears nearly double in size, as the petals all open out flat; it appears like a big blue Pansy bloom, and has the advantage of flowering continuously from early in September until April. It is a beautiful, rich but soft violet; perfect color, with strong, stout stems, and very fragrant.

Marie Louise—To contrast with white, we offer this double, deep bluish purple, sweet scented variety, recently introduced. Desirable for pots or garden. Plants hardy and bloom freely.

Swanley White, or Queen of Fragrance—This beautiful new double White Violet is unquestionably the finest double Violet in existence, and is a decided acquisition to even the smallest collection of plants.

The California—Grand new variety. It is a sturdy grower with dense, heavy foliage, entirely free from disease. Flowers single, intensely fragrant. Color, a clear violet purple that does not fade. The flowers are as large as a silver dollar, and are borne on stems ten to twelve inches long.

Hardy Double English Violet—This Violet is entirely hardy, perfectly double, a deep violet purple color, deliciously fragrant. Surpasses the well-known Marie Louise in richness of color.

New French Violet, Princess of Wales—It is recommended by the producers as the best Violet in existence. It is of hardy, vigorous growth and wonderfully free blooming; stems ten to twelve inches long. Large, healthy and heavy foliage; grand single flowers; true blue color, symmetrical form, nearly as large as a Pansy blossom and delicately fragrant. **Price, 15 cents each, 2 for 25 cents.**

SPECIAL OFFER—For 75 cents we will send you the Set of 8 Fine Violets. This is a Big Bargain. No other discount allowed.

NEW DOUBLE-FRINCED PETUNIAS.

The double Petunia is one of the finest bedding plants for massing, mixed borders or for vases. They are of the easiest culture, growing in any soil that will maintain plant life, and blooming in wonderful profusion. The brilliancy and variety of its colors, combined with the duration of its blooming period, renders it invaluable for garden decoration. Our collection is unsurpassed for brilliancy of color and size of bloom. They include all the brightest shades of pink, purple, rose, white, etc. We have 12 of the best varieties. **Price, 10 cents each; 3 for 25 cents.**

VERBENA.—Mammoth Flowering.

NEW LARGE FLOWERING ASTERS

Price, per Packet, 5 Cents, except where noted.

Aster New Rose—Flowers large, double incurved, recurved like a rose. Mixed colors.

Comet—A handsome, new, very distinct Aster, resembling Japanese Chrysanthemum. Petals long, beautifully curved; a delicate pink, bordered white; bright pink, light blue borders; other mixed colors.

Dwarf White Queen—Grows only 10 to 12 inches high, with spotless white flowers. Fine for pot culture as well as bedding out.

New Giant Rose Aster, Ostrich Feather—Enormous flowers of a beautiful rich rose color, petals long, twisted and curled, forming a most attractive bloom. Free bloomer. **Pkt, 10 cts., 3 for 25 cts.**

Dwarf Bouquet—Only 6 to 8 inches high. Each plant is covered with handsome flowers and looks like a bouquet set in the ground. Mixed colors.

New Aster, Red Hussar—This is a new and brilliant glowing scarlet Aster, free from the magenta tinge, usual in red Asters; the flowers measure from 3 to 4 inches across, are of regular globular form, perfectly double to the center and borne freely on sturdy, candelabra branching plants about 15 inches high; an exceedingly effective bedder. **Price, per pkt., 10 cents; 3 for 25 cents.**

New White Branching Aster—A new variety of American origin. Of branching character; the magnificent, large, double white flowers, quite four inches in diameter, are borne upon long stems, making them excellent for cutting.

New Aster, Daybreak—A grand new variety of American origin. Of symmetrical growth and habit, it attains a height of 18 to 24 inches, and produces lavishly its perfect globe-shaped flowers of beautiful shell-pink color, similar to that of the Daybreak Carnation. A magnificent variety, either for bedding out or for cut flowers. **Per pkt, 10 cents; 3 for 25 cents.**

New Diamond Asters—Flowers from 2 to 2½ inches across, perfectly double, each petal distinctly incurved. Particularly valuable for bouquets; 18 to 20 inches in height; perfect mass of bloom; colors, rich, varied. **Pkt. 10 cents; 3 for 25 cents.**

New Jewel, or Ball—Novel and pretty; ball-like flowers. Color, mixed light rose, dark rose and white.

New Japanese, or Tassel Asters—The beautiful flowers form a striking contrast with those of any other variety. Immense size, 5 to 6 inches across; long curiously waved and curled petals; resembles the most disheveled Japanese Chrysanthemum. Vigorous growing, 14 to 15 inches high, producing a number of enormous flowers. Colors, beautifully rich and soft.

NEW OSTRICH FEATHER ASTER.

So Beautiful, so Varied in Colorings. Unsurpassed for Cutting During the Summer Months.

New Giant White Aster, Ostrich Feather—This magnificent new Aster bears some resemblance to the Giant White Comet. But its greatest merit is found in its flowers, which are of immense size, averaging 6 inches in diameter, of a beautiful snow white, made up of much longer, more closely formed petals, equalling the best Japanese Chrysanthemums. A gem among Asters. **Price, per pkt., 10 cents; 3 for 25 cents.**

New Yellow Aster—This new color is of the Quilled Type. Form of the double flower is a perfect ball; quills close together, brightest sulphur yellow, not a mere indication of the color, as in former productions. Border petals are broad and seem to enclose the flower like bouquet paper. Flowers borne on long, erect stems, excellent for cutting. **Pkt. 10 cts.**

New American Branching Aster, Semple's Late Flowering—This is an American novelty, unusual merit—sure to be popular, even in Germany. Flowers during August and September. Grows 2 feet high and each plant should be allowed sufficient space for its full development. Superb, large, double flowers in great profusion are borne on stems 12 inches long and are most desirable for cutting; beautiful soft shades and colors.

Prince of Wales—New, very fine. Plants about 15 inches in height, branching freely in all directions. Flowers are of a deep crimson red color and very large.

Pony-Flowered Perfection—Very double, large and beautiful flowers. Mixed colors.

Queen of the Market—The earliest blooming of all the Asters, fully two weeks earlier than any other sort. Large flowers, free blooming and graceful spreading habit. We have them in separate colors, **white, flesh, crimson, dark blue; also mixed.** **Pkt. each 5 cents.**

Victoria—Flowers large, quite double, beautifully reflexed and dwarf. Over twenty colors mixed.

Washington—Very fine, large flowers, frequently measuring 4 to 5 inches in diameter. Mixed.

Excelsior Mixture of Tall Asters—A mixture of all the most beautiful, striking and delicate colors of all tall-growing Asters, selected from the cream of the Truffaut, Victoria, Comet, Crown and other most desirable sorts. It has been especially prepared by us.

Excelsior Mixture of Dwarf Asters—Like above strain is a mixture of the finest varieties, but consists of dwarf and half-dwarf sorts in choicest colors specially adapted for edging, for ribbons and for potting. Mixed.

Superfine Mixture—Of all varieties. **1-2 oz. 50 cts.**

New Masterpiece

PANSY.

SWEET SCENTED PANSIES.

This lovely new class is the result of crossing the Pansy with the Sweet Violet, retaining the violet perfume, with Pansy blooms 2 inches in diameter. In many colors, including pure white, yellow, black, maroon, striped, blotched, etc. Mixed colors. **Packet, 10 cents; 3 for 25 cents.**

NEW TUFTED PANSIES.

The plants grow in dense, compact little bushes, which are completely covered with their bright flowers from early spring until late in the fall. The colors range in all shades of white, pink, blue, yellow, violet and purple, as self-colors or in combinations. It is a decorative plant of the highest order and we feel sure it will soon be as universally grown in this country as it has been for years in England. **Price, per packet, 10 cents; 3 for 25 cents.**

NEW GIANT EMPEROR PANSIES.

The Most Beautiful and Largest Ever Offered.

Cardinal Queen—The flowers are a brilliant brownish scarlet, the lower petals each being marked with a dark brown blotch. **Packet, 10 cents; 3 for 25 cents.**

Coquette de Poissy—Of a reddish lavender; three maroon blotches on lower petals; novel and distinctly beautiful. **Packet, 10 cents; 3 for 25 cents.**

Emperor Frederick—Velvety-brown, shaded into a narrow band of deep golden yellow, which borders each petal. **Packet, 10 cents; 3 for 25 cents.**

Emperor William—Beautiful, deep blue, with a very dark blotch on each of the five petals; grand and imposing. **Packet, 10 cents; 3 for 25 cents.**

Meteor—Color, bright canary yellow; the three lower petals are spotted with mahogany-brown, while the two upper petals vary from reddish brown to dark purple, margined with gold or silver. **Packet, 10 cents; 3 for 25 cents.**

Pigeon Blood—Rich, velvety, blood red; decidedly superior to all other so-called reds. **Packet, 15 cents.**

Pres. Carnot—Has large violet blue blotch surrounded by a sharply defined silvery white margin on each of the five petals. **Packet, 15 cents; 3 for 25 cents.**

Giant Freya, European Novelty—Flowers large; deep velvety-purple, shaded blue and scarlet with beautiful white rim. A characteristic is that the back is like the front. A beauty. **Packet, 15 cents; 2 for 25 cents.**

Giant Beaconsfield—A great favorite on account of its extra large flowers and rich combination of deep violet, which shades off to a pale lavender towards the top. **Packet, 10 cents; 3 for 25 cents.**

Giant Golden Yellow 5-Spot—Grand and magnificent; each has a dark blotch on each petal, with rigid stalks of great substance. **Packet, 10 cents; 3 for 25 cents.**

Giant Emperor Pansy Mixture—This includes all the above new sorts of the Emperor Strain, and is, without doubt, the finest mixture in the world. Contains all the newest shades, the richest colors that can be found, and unsurpassed by any other firm. **Packet, 15 cents; 2 for 25 cents; 5 for 50 cents.**

NEW MASTERPIECE, OR**“Ruffled Giant” Pansies.**

A remarkable strain that comes nearer to Double Pansies than anything ever introduced; the flowers of which are so large and full that the broad petals seem to be “gathered” to the stem, causing them to be undulated and fluted from center to circumference, not unlike “frilled” velvet. The unusual substance of the flowers, aided by these corrugations, thus enables them to present bold, open and handsome faces, even during windy or dry summer weather, when other extra large Pansy flowers drop or wilt. The flowers are extraordinarily large and are borne on strong stems well above the foliage, they are nearly all five blotched on the “Odier” pattern, and contain some rich combinations of coloring, including some new tints and blendings not met with in other Pansies. The plants are vigorous, sturdy and bushy; foliage unusually large and healthy; they root deeply, thrive under extremes of temperature, flower continuously and abundantly and will give our customers great satisfaction. **Price, per packet, 20 cents; 3 for 50 cents.**

THE INNISFALLEN NEW SUPERB PRIZE PANSIES.

Mixture of the finest French and German Prize Exhibition Varieties. The labor of many years of careful cultivation and constant selection has resulted in an almost endless variety of constant shades of color and extra large sized flowers. Embrace all solid and self-colors, delicately shaded; five-spotted on backgrounds of every color; large spotted; edged or bordered, flowers of various colors, each with distinct rim of white, yellow or blue; dark and light marbled varieties; striped flowers of striking beauty, blotched, veined, mottled and margined in combinations that would be thought impossible. **Price, per packet, 10 cents; 3 for 25 cents.**

STANDARD PANSIES.

All of the following at 3 cents per packet.

Azure Blue—Very fine, beautiful shade. **Bronze**—New and striking color. **Dark Purple**—Rich dark purple. **Dark Blue**—Very rich, lasting. **King of Blacks**—Almost a coal black. **Light Blue**—Very rich, lasting. **Mahogany**—Beautiful. **Yellow**—True to color. **Red**—Bright coppery colors, red shades. **Striped and Mottled**—Fine. **Violet**—With white border. **White**—Sometimes marked purple. **Yellow Margined**—Beautiful.

Phlox Drummondii, Grandiflora—(Fordhook Strain.) This strain of mixed large flowering Phlox is most remarkable in variety and brilliancy of colors. Not only is our strain notable for the perfection and size of the flowers—many of the single flowers are so large they will nearly cover a fifty-cent piece. Pkt. 5 cts.

New Large Yellow Phlox—Rich straw-yellow, of warm and glowing tone, when flowers are of extra large size and fine form. Pkt. 5 cts.

Phlox Starred and Fringed—Nothing in the Phlox line created such a sensation as the Fimbriata, Cuspidata and Star of Quedlinburg. Three large size and curiously fringed and toothed blooms took the floral world by storm. We offer the improved Hybridized strain of wondrous beauty. Pkt. 5 cts.

Giant Browwallia—Plants only a foot high, covered with an abundance of large sky-blue flowers. For beds, borders or pots there is hardly another plant with blue flowers that compares with it. Pkt. 10 cts., 3 pkts. for 25 cts.

BURPEE'S BUSH SWEET PEAS.

This is a new race of entirely distinct growth and proven entirely satisfactory in every way. The plants are erect, 15 to 18 inches high and frequently same in diameter. The stout stalks and interlacing tendrils keep them erect. Prolific bloomers and flowers of as fine form and coloring as the tall varieties.

Finest Varieties Mixed, pkt. 5 cts., oz. 15 cts., 1-4 lb. 40 cts.

CUPID SWEET PEAS.

Packet, 5 cts., oz. 15 cts., 1-4 lb. 40 cts.

Pink Cupid—In habit and manner of growth it is strictly a Cupid, spreading from the root from a foot to eighteen inches around, growing from six to eight inches high and shooting up stems about six inches long, which bear in full bloom at once from three to four hundred large flowers and all borne close to the end of the stem.

White Cupid, New—Dwarf; does not grow over six ins. high. Flowers pure waxy white and borne three on a stem; wonderfully free blooming. The finest plant for bedding and planting in the borders. Bloom until frost.

Cupid, Mixed Varieties—This mixture contains seed in suitable proportions of all the various Cupid varieties, eight in number, which are becoming so popular for beds, borders and pot plants.

NEW DOUBLE SWEET PEAS.

From most carefully selected stock seed, saved only from plants bearing the best double flowers and including the finest varieties offered. Pkt. 5 cts., oz. 10 cts., quarter pound 30 cents.

Begonia Vernon Plants grow rapidly and thrive amazingly under our hot Summer sun. The flowers are borne in constant profusion from early Summer until late Autumn. The color is deep red, magnificently set off by the abundant and vigorous foliage, which is waxy and glossy, stained, spotted and margined bronze purple. Few other flowering plants as rich and handsome can be so easily raised from seed and come to full perfection in so short a time. Per pkt. 10 cts., 3 pkts. for 25 cts.

Begonia, Single Tuberous-Rooted Hybrids—These charming and showy Begonias, with their orchid-like flowers and rich tropical foliage, can be raised from seed planted in light, moderately rich soil, with a liberal mixture of sand. Seedlings raised from sowings made early in the year will bloom freely in the course of the Summer. Fine mixed, Pkt. 15 cts.

New Giant Imperial Japanese Ipomeas, or Morning Glories—We introduced these grand climbers, and they have proved a revelation to many. The robust vines attain a height of from thirty to fifty feet. The foliage is luxuriant, distinct and varied—green, silvery and yellow leaves; many are mottled light and dark green, white and light gray. But the surpassing charm of these

"Imperial Japanese Morning Glories" lies in the entrancing beauty and gigantic size of the flower. They measure from four to five inches across. The colors of the flowers, shadings and margins are limitless. Some flowers are deep, rich velvety colors, others daintily tinted and shaded. There are reds from soft rose to crimson and garnet; daintiest blue to purple; snow-white to silvery-gray. Some are striped, blotched and spotted; others have magnificent edges and throats. (See cut.) **Mixed Colors**, per packet, 5 cts.

Their flowers are produced in greatest profusion, and of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled and blended. Under the commonest culture they bloom continuously for months. Pkt. 10 cts.

Hyacinthus Candicans—Giant Summer-Flowering Hyacinth, of robust growth, producing spikes three feet long, of white, bell-shaped flowers, five feet, bulbs keeping dry over Winter like a Gladiolus. Pkt. 5 cts.

Linaria Cymbalaria—(Kenilworth Ivy.) A hardy and perennial trailing variety, suitable for baskets, vases, pots and rockwork. Pkt. 5 cts.

Lantana, Finest Mixed—Well-known shrubby plants, with clusters of Verbena-like flowers, making a grand display the first season. Pkt. 5 cts.

Musa Ensette—(The Abyssinian Banana Tree.) Strikingly effective as single specimens upon the lawn, as well as in clumps or masses. The rapidity of its growth is astonishing. If the seed is sown early in hot beds, and repotted several times the plants will attain the height of eight feet the first Summer. The leaves are magnificently long, broad and massive, of a beautiful bright green. Pkt. of three seeds 10 cts.

Passiflora, Passion Flower—Handsome, rapid-growing perennial climber, for greenhouse decoration or sunny positions in the open ground in Summer. Several sorts mixed. Pkt. 10 cts.

Primula Alba Magnifica—Flowers borne in large trusses well above the foliage; are pure white, with large bright yellow eyes. Pkt. 10 cts.

Primula Coccinea—Brilliant bright red. Pkt. 10 cts.

Primula, Finest Fringed—Large flowering. A grand mixture, embracing the finest fringed, large-flowering varieties. Pkt. 10 cts.

Primula Obconica—A lovely and ever-blooming Primrose, bearing beautiful single flowers—white, shaded with a slight tinge of lilac. Pkt. 10 cts.

Primula Forbesi—(Baby Primrose) This is the freest-flowering Primula we know of. The seed comes up very readily, and the little plants throw up tiny flower stalks when only a few weeks old. These, however, should be pinched off, and the plants kept growing until October, when the flowers may be allowed to develop, and from then on until late in Spring they produce their sprays of beautiful rosy lilac flowers in seemingly never-ending profusion. Pkt. 15 cts.

Swainsonia Alba—Very popular plant for house culture or open grounds during the Summer. Beautiful and graceful foliage. Flowers pure white, produced in sprays of 10 to 20 flowers each. Resembling Sweet Peas. Of easy culture and ever-blooming. Pkt. 10 cts.

Torenia, Fournierii—Lovely velvety-blue flowers, with three large spots of the darkest blue and a bright yellow throat; covered with bloom until frost. Pkt. 5 cts.

Torenia, White Wings—Dainty and distinct flowers, ivory white, delicately tinted rose at throat. Pkt. 5 cts.

EVERLASTINGS:

Mixed Everlastings—A single packet will give in abundance a great variety of the most attractive Everlasting Flowers. Pkt. 5 cts.

ORNAMENTAL GRASSES—3 cts. per pkt.

Gynarium Argentium—Pampas Grass. Flowers the second season; requires protection.

Mixed Annual Varieties, Ornamental Grasses—All should have at least a pack of this mixture. It contains seeds of all the annual varieties in fine mixture.

WILD-FLOWER GARDEN SEEDS.

Wild-Flower Garden Mixture—These mixed flower seeds embrace more than a hundred varieties of such easy growing and pretty flowers as are suitable for forming a wild-flower garden. They are very useful for woodland walks, roadsides, railroad embankments, and for sowing along sides of fences and on any other untidy bare spots of ground which are so frequently unsightly and which, if properly cared for and kept free from weeds, can be made to produce a continual display of bloom during the entire Summer. Large size packet, 10 cts.

New Introductions in Vegetables of Tested Merit.

OUR WARRANTY—That our seeds are the best in the market and we stand ready to replace any seeds that do not prove satisfactory, through defect in the seed or in quality or purity. However, we do not warrant the crop. Nor can we be held responsible for natural causes, such as frost, drouth, heavy rains, insect depredations or accidents.

IMPORTANT NOTICE—Seeds in bulk, ozs., pds., pts. or qts. are always net and not subject to any discount; if ordered by express at purchaser's expense, deduct at the rate of 8 cents per pound and 8 cents per quart. The prices quoted on **peck, half-bushel or bushel** are always at the purchaser's expense.

POSTAGE PAID BY US—Please bear in mind that our prices include prepayment of postage on all Packages, Ounces, Fractional Pounds or Pounds, Pints or Quarts. Thus you only have to send us the catalogue price and we guarantee safe arrival of Seeds.

OUR LIBERAL DISCOUNT—On all orders for Seeds in **Packets Only**, either Vegetable or Flower, the purchaser may select **50 cents** worth on every dollar sent us. Thus anyone sending us **\$1.00** may select seeds in **packets only** to the value of **\$1.50**. For **\$2.00** you may select **\$3.00** worth and upwards. This offer, together with our already low-priced packages of Seeds, is the biggest reduction ever offered to seed buyers, and in these times everybody should have a garden spot of their own, be it large or small. Home grown vegetables are always the better tasted and more wholesome. In addition to the above premiums we endeavor to add to all orders some "extra" of our own selection—often of rare, new varieties. Nothing for which money is expended makes so large a return as Seeds, if they be good. Nothing causes greater vexation than worthless seeds.

FRESH STOCK—If you wish to avoid disappointment, do not rely on seeds peddled over the country and sold on commission—the chances are against their vegetating. The thoughtful cultivator will provide himself with a surplus quantity of the seed she designs to plant, to hold a reserve for replanting, as dry weather, beating rains and insect depredation often destroy the first sowings.

BURPEE'S STRINGLESS GREEN POD BEAN

Is most happily named, as it is quite unique—the **only stringless green pod** Bush Bean in cultivation. Consequently it surpasses all others in crisp, tender flavor. Beautiful, straight, green pods; all are absolutely stringless and of beautiful fleshy appearance. The pods are ready to market **two weeks earlier than Early Red Valentine**. Per pkt. **10 cts.**, 3 pkts. for **25 cts.**, per pt. **25 cts.**, per qt. **40 cts.**, by mail, postpaid.

NEW BEET, ELECTRIC.

More good qualities than ever before combined in one Beet. It is almost round, leaves small and compact and set very close to the center; tap-root small, starting from the bulb without taper; indeed it contains the maximum of edible bulb with the minimum of root and foliage. The color is very dark crimson, changing alternately into rings of a lighter hue. The constancy of color largely enhances its value. It is extremely early. The flesh is of delicate texture, rich and sugary. Price per pkt. **10 cts.**, oz. **15 cts.**, pd. **75 cts.**

"EARLY SPRING" FLAT HEAD CABBAGE.

As early as the Wakefield and one-third more productive. Has been grown by a number of the progressive gardeners around Chicago, and it has given entire satisfaction. It is of the type of the Early "Allhead," resembling it in habit of growth, and nearly as early as the Wakefield. The heads have few outside leaves and these are small and grow so close to the heads that they can be planted very close together. It is round in shape, slightly flattened, very solid, even before the Cabbages attain their mature size. On account of its shape, productiveness and solidity, and following the Wakefield so closely, it becomes one of the most profitable early sorts. Market Gardeners cannot afford to be without this, as it is a good "seller," round Cabbages receiving always the preference if offered in competition with pointed heads. Pkt. **10 cts.**, oz. **30 cts.**, ¼ pd. **85 cts.**, pd. **\$3.00**

NEW LETTUCE, "WONDERFUL."

The **Largest Heading Lettuce** we have ever seen, having been grown to six pounds in weight; the average size, however, with ordinary culture is from two to three pounds. The heart is very solid, of pale green color, very tender, very crisp, without the slightest trace of the bitterness found in the majority of lettuces. For exhibition purposes and for outdoor growth for marketing this variety stands unrivaled. Price, pkt. **10 cts.**, oz. **25 cts.**, ¼ pd. **75 cts.**, pd. **\$1.50**.

NEW MUSKMELON, TIP TOP.

It is a yellow-fleshed melon of the very best quality; every melon produced, big or little, early or late in the season, is a good one. They are sweet, juicy, of finest flavor, eatable to the very rind. It is a strong grower and a heavy yielder and of handsome appearance. Price per pkt. **5 cts.**, oz. **10 cts.**, ¼ pd. **20 cts.**, pd. **60 cts.**

NEW SWEET CORN, "EARLIEST OF ALL."

This corn is ready for the table three days to a week earlier than the Cory, making it very desirable not only for family gardens, but for market, where the earliest corn brings the highest prices. The ears are medium size, well filled to the tip with large grains. Superior in quality, tender and sweet. Pkt. **10 cts.**, pt. **25 cts.**, qt. **40 cts.**, postpaid; pk. **\$1.50**.

NEW WATER MELON, SWEETHEART.

The fruit is slightly oval in shape. The outer color is very bright, beautifully mottled green. The rind is thin and tough and stands shipping well; is an **excellent keeper and improves in quality after ripening**. The flesh is a light vivid red in color, very solid, crisp and thoroughly melting, possessing the sweetness and luscious flavor found only in the best sorts. Pkt. **5 cts.**, oz. **10 cts.**, ¼ pd. **20 cts.**, pd. **60 cts.**

EARLIEST LARGE SWEET CORN, EARLY CHAMPION.

Produces ears 12 inches long in 60 days from planting and is, without question, the earliest large Sweet Corn yet introduced, being only a few days later than the earliest small sorts. Ears nearly as large as Mammoth Twelve rowed, medium size, white cob, very sweet, tender and full of milk; yielding two and three ears to the stalk. Pkt. **10 cts.**, 3 for **25 cts.**, pt. **25 cts.**, qt. **40 cts.**

THE GRADUS OR PROSPERITY PEA.

An extra early wrinkled Pea, bearing immense pods, dwarf growing and is a great advancement. It combines the finest quality with extreme earliness and is also very productive, therefore fills the want and is the first extra early wrinkled pea. It is very hardy and can be planted fully as early as the smooth peas, grows vigorous and healthy, vines 2½ feet in height and is very prolific, bearing pods fully as large as Telephone, usually containing from 8 to 10 large peas. The quality and flavor is delicious and the peas remain tender and sweet for a long time. Price per pkt. **10 cts.**, pt. **25 cts.**, qt. **40 cts.**, pk. **\$3.00**.

NEW SQUASH, GOLDEN HUBBARD.

This is a well established improvement on the old Hubbard, which it resembles very closely in shape and size. It is much more attractive, however, in appearance, on account of the color, which is a deep orange. The flesh is golden yellow, fine grained, and of excellent flavor and cooks dry. An excellent keeper. Pkt. **5 cts.**, oz. **15 cts.**, ¼ pd. **35 cts.**, pd. **\$1.00**.

NEW RADISH, ICICLE.

Grows to a length of about 4 inches, slightly stump-rooted. Flesh finely flavored and of a transparent whiteness, from which characteristic its name is derived. It is a very desirable variety for the home garden, and market gardeners will find it a money maker, as it is **ready for use within twenty-two days from time of sowing**. Pkt. **5 cts.**, oz. **15 cts.**

NEW TOMATO, "BURPEE'S NOBLE."

The fruit is of uniformly large size, three to four inches in diameter, and borne profusely in clusters of three to five. The smooth skin is brightest scarlet while the thick, solid flesh is particularly sweet. Pkt. **10 cts.**, oz. **35 cts.**

NEW TOMATO, FORDHOOK FIRST.

Fordhook First is a perfectly smooth, solid Tomato, of first-class appearance; also **extremely early**—ready to market nearly as soon as the rough, unshapely fruits of poor quality we have never offered, as we consider their quality and form too poor for either market or home use. Per pkt. **5 cts.**, ¼ oz. **25 cts.**, oz. **40 cts.**

NEW TOMATO, HONOR BRIGHT.

A peculiar bright red variety. Chief points, solidity, change of color it undergoes during development, its long keeping quality and greenish yellow foliage. Fruit borne in clusters of from three to five; flesh, when fully ripe, rich bright red, tender and melting; does not crack; very handsome and strong. Pkt. **5 cts.**, oz. **25 cts.**, ¼ pd. **75 cts.**

NEW CUCUMBER, FORDHOOK PICKLING.

This is the best and most prolific variety of Cucumbers for producing pickles of about 8 inches in length for home use, market or pickling factories. The vines are strong and vigorous growers, yielding large numbers of fruits if they are kept gathered at the proper stage, and remaining in a fresh, healthy growing state longer than any of the small early types. The skin is very thin and tender, being quite free from any toughness when pickled; excellent also for table use. Pkt. **5 cts.**, oz. **10 cts.**, ¼ pd. **30 cts.**, pd. **\$1.00**, postpaid.

Pkt. 3 cts.

A bed of these is always useful in the kitchen garden—**Anise, Balm, Basil, Sweet, Borage, Caraway, Coriander, Fennel, Sweet, Horehound, Lavender, Marjoram, Sweet, Pennyroyal, Rosemary, Rue, Saffron, Sage, Summer Savory, Thyme, Tarragon, Tansy, Wormwood.**

LAWN GRASS SEED—Evergreen Velvet.

As a guide for the proper quantity to order, we may state that one quart of Lawn Grass is sufficient to thoroughly sow an area twenty by fifteen feet—three hundred square feet; three to five bushels will be required for one acre. It should be borne in mind that in order to produce the best results, grass seed for lawns should be sown twice as thickly as if sown for hay—one quart of seed to about one and one-half square rods. At the price per bushel and per peck we deliver to Express Company here, or on board of cars. No charge for bags or packing. **By the quart we prepay Postage.**

Velvet Lawn Mixture—It is a compound of Grasses that ripen successively, thereby always presenting a cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun and remain in that condition until the cool months of autumn revive them. The mixture that we offer is one of the best on the market, and can be relied upon to produce the very best results. Sow four bushels to the acre. Weight, per bushel, fourteen pounds. **Price, per quart, 25 cts., postpaid; peck, \$1.00; bushel, \$3.00, net. No discount allowed.**

CRIMSON CLOVER.

Grows at all times except when the ground is frozen, and may be planted in Spring, Summer and Autumn. The best crop for green manuring. It is especially valuable for planting in orchards and berry patches, for sowing among cabbage, corn, tomatoes, tobacco, potatoes, etc., or in the open ground. When in full bloom is a gorgeous and magnificent sight; resembles a sea of scarlet flame. **Price, per pound, 25 cts.; 3 pounds for 60 cts., Postpaid.** Special prices on large quantities.

MUSHROOMS.

The comparative ease with which a crop of Mushrooms can be grown in an ordinary house cellar, wood-shed or barn, and the astonishing success of so many who have taken up this new industry, both for profit and their own use, gives them well-deserved popularity.

English Mushroom Spawn—It comes in bricks, of about one and a quarter pounds each. These, before planting, are usually divided into a dozen parts and the pieces inserted in the bed, eight to ten inches apart each way.

Prices on Spawn are net and not subject to discount. **Per single brick, 25 cts., postpaid. By express or freight 10s lb., \$1.50; 25 lbs., \$3.50; 50 lbs., \$5.00. net. No discount.**

Fern Ball ! Growing.

"MIKADO" FERN BALL.

The wonderful Japanese Fern Ball, *Davallia Bullata Nagaha* — This Novelty imported from Japan, we take great pleasure in introducing as one of the best and most satisfactory house Ferns ever offered.

This ball consists of Fern Roots about the size of a pencil, woven outside and around a ball of moss. These roots produce beautiful sprays of Ferns from eyes or buds at nearly every inch of their length. Thus the whole surface of the ball soon becomes covered with Fern sprays. They may be suspended in any part of the room or grown on a stand or table.

Directions for starting. — Place ball in water for 15 minutes and then suspend in any desired position; repeat every two days until growth is started, after which sprinkle occasionally as required. To use in fern dish; cut ball in halves, placing flat side down, thus getting two dishes of beautiful ferns. The Fern ball may be allowed to dry up at any time and set away, and started again by watering as before.

Price for dormant large size, \$1.00 each, postpaid, or 75 cents by express. Small size, 50 cents each, postpaid.

3 OF THE GRANDEST GERANIUM NOVELTIES EVER OFFERED.

FOR BEDDING OR POT PLANTS THEY CAN NOT BE EXCELLED.

New Double Pink Bruant Geranium, Jean Viald, or Pink Beaute Poitevine.

This magnificent new Geranium, from the establishment of that world renowned hybridizer and specialist, **M. Bruant**, belongs to the class that is distinguished from the ordinary Geraniums by their extra large flowers and long, stiff stems, the thick, heavy foliage and the robust constitution of the plant. They grow and bloom continually, even in the hottest and driest weather. **Jean Viald** is the finest Geranium for blooming we have ever grown. The flowers are semi-double; color is a bright rose pink, something entirely new in this class of Geraniums, with two white blotches on upper petals, which add greatly to the freshness and beauty of the coloring. A dwarf stocky grower, with long rigid stems, unusually large trusses, with perfect florets. A continuous and persistent bloomer, the plant being covered with flowers throughout the entire season. It has an iron constitution and withstands the sun and rain better than any other known Geranium. As a pot plant we are certain it will equal any other variety and will rank high with the best bedding Geraniums of any color, if it does not prove to be the leader of them all, when its exceptionally fine qualities become known. **M. Bruant**, the originator, says it is the counterpart of **Beaute Poitevine** in all except color, but really thinks it is much better. Every one who knows **Beaute Poitevine** will understand what the opinion means to a **Bruant Geranium**.

Price, 15 cts.; 2 for 25 cts.

New Bruant Geranium, "Pink Beaute Poitevine."

New Pink Bruant Geranium, "Jean Viald"

New Cherry Red Geranium, Marquis de Castelaïne.

A giant among Geraniums. Produces a wealth of bloom the whole season. Flowers 2 inches and over in diameter. Trusses of bloom 5 to 7 inches across. Petals broad, arranged to form a round flower of perfect shape. Color, deep rosy scarlet, shading into pure scarlet at the edge of upper petals. We consider it one of the best red Geraniums ever introduced.

Price, 15 cts.; 2 for 25 cts.

New Salmon Geranium, Mme. Landry.

One of the choicest yet added to the list of Bruants. Free and constant in bloom throughout the season. The trusses are large, florets large and circular in form; color, clear apricot salmon, shading to copper toward the center, with a white eye. This is a very distinct variety and an improvement, in habit and freedom of bloom, upon **Beaute Poitevine**. During the past summer, which was very hard on geraniums on account of extreme heat, this variety held its foliage perfectly and produced double the number of blooms that were produced by **Beaute Poitevine**. One of the very best bedding Geraniums ever introduced.

Price, 15 cts.; 2 for 25 cts.

NEW CHERRY RED GERANIUM, MARQUIS DE CASTELAÏNE.
